GOOD NEWS FOR MOTHERS AND DAUGHTERS.

How often do we see a naturally beautiful face marred by wrinkles, blackheads, blotches and pimples, caused in the majority of cases by inactivity of the pores of the skin? These minute openings fail or are unable to perform their natural functions, hence the skin is disfigured.

We are pleased to say that the new remedy Paracamp makes the skin soft, smooth and healthy, by creating a natural activity in the pores.

When applied, Paracamp opens the pores, stimulates circulation, removes congestion and any inflammation by inducing perspiration. It draws out the impurities and removes Blackheads, Pimples, Blotches, etc., in a perfectly safe and sure manner.

If applied freely to the face twice a day, morning and night, and rubbed in well, then covered with a hot towel for two or three minutes, it will not only cool and soothe but remove the troubles and impart a healthy peach-bloom glow to the skin that will please even the most particular woman.

Paracamp positively does not contain anything that will injure even the most delicate skin. It is a clean, safe, cooling, soothing, application that every mother and daughter can use every day in the year with pleasing and satisfactory results. A trial will convince you. So get a bottle of Paracamp to-day from your druggist, if it fails to do what we claim, go back to your druggist, the man you know, and get your money. We guarantee every bottle to give satisfaction. Sold only in 25c, 50c and \$1.00 bottles. —The Paracamp Company, Louisville, Ky., U. S. A.

Mayor Gorder Gets Settlement.

Last Saturday, in response to a letter from C. B. Dempster, of the Dempster Manufacturing Co., of Beatrice, Mayor F. H. Gorder went over to Beatrice to try and effect a settlement of the differences which have existed between the Dempster people and the city over the purchase of the water works engine and pump last fall. After going over the details of the deal and talking it over, the Dempster people refunded the mayor the sum of \$192.50, which he accepted in full settlement. This makes quite a material reduction in the cost of the water plant and is a fair price for the equipment bought. Mayor Gorder is entitled to the hearty thanks of the people of this community for the interest he has taken in this affair, as it was almost by his unaided efforts that a settlement was effected and the refund made. As to whether or not any outside parties had a share in the take-off, it is impossible to say, but it is enough to know that the deal has been fixed up and that everything is now satisfactory.—Weeping Water Republican.

THE RICH AND THE POOR NEED PE-RU-NA.

Mr. Geo. A. Hughes.

"Pe-ru-na is the Medicine for the Poor Man."—Geo. A. Hughes.

CATARRH assumes different phases in different seasons of the year. In the early summer systemic catarrh is most prevalent. That tired, worn-out feeling in nine cases out of ten is due to a catarrhal condition of the mucous membranes.

Mr. Geo. A. Hughes, 808 Mass. Ave., Indianapolis, Ind., writes:

"Pe-ru-na has done me more good than anything I have ever taken. I am forty-five years old now, and feel as good as I did at twenty. I was very thin and run down, but Pe-ru-na acted just right in my case. I am a carpenter and sometimes need a tonic. Pe-ru-na is the medicine for a poor man."—Geo. A. Hughes.

A Congressman Uses Pe-ru-na in His Family.

Hon. Thos. J. Henderson, Member of Congress from Illinois, and Lieutenant in the Union Army for eight years, writes from the Lemon building, Washington, D. C., as follows:

"Pe-ru-na has been used in my family with the very best results and I take pleasure in recommending your valuable remedy to my friends as a tonic and an effective cure for catarrh."—Thos. J. Henderson.

Pe-ru-na cleanses the mucous membranes and cures the catarrh wherever located.

Many Suffer With Catarrh and Don't Know It.

The Phase of Catarrh Most Prevalent in Summer is a Run Down, Worn Out Condition Known as Systemic Catarrh.

There are no remedies for catarrh just as good as Pe-ru-na. Accept no substitutes.
