

# WOMEN SUFFER NEEDLESS MISERY.

There are hundreds of thousands of women in America suffering from Female Diseases, endangering their lives by doing nothing. If they write to me I will give them the benefit of my extensive experience.—S. B. Hartman, M. D.

IN view of the great multitude of women suffering from some form of female disease and yet unable to find any cure, Dr. Hartman, the renowned gynecologist, has announced his willingness to direct the treatment of as many cases as make application to him during the summer months without charge.

The treatment will be conducted by correspondence.

The medicines prescribed can be obtained at all drug stores.

The doctor will prescribe all medicines, applications, hygienic and dietary regulations necessary to complete a cure. Furthermore, all correspondence will be held strictly confidential.

This offer will hold good only during the summer months. Any woman can become a regular patient by sending a written statement of her age, condition of life, history and symptoms of her derangements, and previous treatment.

**Pe-ru-na Brought Health and Happiness.**

Miss Nellie South, late of Manchester, Ene., writes from 86 Prince Arthur St., Montreal, Can., as follows:

"Pe-ru-na has made a wonderful change in my life. It has brought me health and happiness."

"Since my seventeenth year I have had female complaint and irregularities. My general health suffered, I had pains in my back and lower limbs, my eyes were dim, and I became morose and unreasonable."

"Mother sought the advice of our family physician, who prescribed for me, but I grew no better."

"I then read of Pe-ru-na and procured a bottle. That one bottle was worth more than all the doctor's medicine I had taken previously."

"I cannot express my gratitude. Pe-ru-na has been a great blessing to me."

Miss Edna Moore, 46 Elm street, Buffalo, N. Y., Secretary East End Literary Association, writes:

"I was a great sufferer from systemic catarrh, was extremely nervous, could not sleep, fainted easily, was very irritable, had a confusion of the senses, and got up in the morning feeling more tired than when I went to bed."

"I was very wretched, but upon taking Pe-ru-na I began to improve, and after using the medicine four months, I felt like a new woman and was completely cured."

The principal remedy which Dr. Hartman relies upon in curing catarrhal diseases of women is Pe-ru-na. Hundreds of women sufferers find Pe-ru-na a household necessity.

MISS Angelina Grotten, 305 St. Urbain street, Montreal, Can., writes:

"Having heard Pe-ru-na praised so highly induced me to try it for my cold, and pains in the groins with which I had been suffering for months. It took nearly three bottles to cure me, but I consider that was but a short time, as I have often taken doctors' prescriptions for months before I got relief."

As is well known, Dr. Hartman is the President of the Hartman Sanitarium, an institution which has a department devoted to the treatment of female diseases.

He is thus brought to see thousands of such cases every year, the most of whom return to their homes to be treated by correspondence.

Half of Woman's Ills are Catarrh and for Catarrh Pe-ru-na is Unrivalled.

We have on file thousands of testimonials like the ones given here. We can give our readers only a slight glimpse of the vast array of unolicited endorsements we are constantly receiving. No other physician in the world has received such a volume of enthusiastic letters of thanks as Dr. Hartman for Pe-ru-na.
