Never lose faith in Plattsmouth. This is a good place to be—right here in this old town. Lots of nice folks here, but the trouble is with many of us that we get a notion that we are the only good people here. But we are not. When we get to thinking that way, it is a sure sign that we need to take a trip out into the world and see what is going on elsewhere, and learn that there are just as good people as we are in almost every other town.

At no time can matured ears of corn be selected for seed to any better advantage than in the fall when they are hanging on the stalk. One can see the condition of stalk, note advantages, see how the ear grew and by a wise selection can in a very few years heap unto himself a breed of corn that will be hard to improve on for that particular individual. In the selection of seed we need to use more common sense and good judgment than is now apparent.

## THE INDEPENDENT TELEPHONE COMPANY

Why Will Citizens of Nebraska Oppose Extending Its System.

BUILT AND OWNED BY HOME PEOPLE

It Should Be Encouraged By Every Farmer and Business Man in the State of Nebraska.

"If at first you don't succeed, try, try again." That, evidently, seems to be the motto of the Independent Telephone people. They were downed at a recent meeting of the city council of Omaha, when that august body refused point blank to grant them admittance to the metropolis of Nebraska. But, like Banquo's ghost, they won't down. The men at the head of the Independent are made of that kind of mettle that won't "break" as easily as some people imagine. In their younger days they were fed upon perseverance and sweet oil, and they have learned its medicinal effects. They know that right should prevail, and that is just what they are after, and propose to keep up the bombardment on the entrenched city council until they do gain recognition.

Why all this opposition to the entrance of the Independent line into Omaha? Is not this the rural system, which spreads out over a vast territory adjacent to Omaha? Does the Bell company reach one-fourth the people the Independent does in this territory? Is there one Bell phone where there are ten or twenty Independents? Is not the entrance of the latter into the city of Omaha of vast interest to the jobbers and wholesale people of that city, and even to many other business men of Omaha? Certainly the business men should have some say in regard to matters of this kind, especially when their own interests are at stake.

The wholesale dealers and jobbers of Omaha are the people who should take this matter in hand, and endeavor to get this proposition before the voters of that city, and show to the "city dads" they are not doing the fair thing by the Independent people, nor the people at large in Omaha. The entrance of the Independent company into Omaha means cheaper phones, less toll rate and a great accommodation to thousands of people who buy goods in that city. The city council should be compelled to submit this matter to a vote of the common people of Omaha, and when this is done "the right will prevail," and not a moment sooner. The Independent company should have admission to Omaha, and for the benefit of the country merchants and the Omaha wholesalers, the sooner this is accomplished the better it will be for all concerned.

## \$350 Piano Absolutely Free.

For the purpose of encouraging and stimulating a greater interest in music, with all the refining home influences, we have determined upon an offer which will not only accomplish the object desired, but will also bring to us the gratitude of all who take part in this contest. We want the two words "HOSPE PIANOS" to become forever impressed upon the minds of all who read this announcement, hence we make the following **Remarkable Offer:** See how many words you can make out of the eleven letters in the two words "Hospe Pianos." The person making the greatest number of words will receive a \$350 new "Hospe" Grand Upright Piano absolutely free. This will be the first prize.

The fifteen next highest answers will entitle each one to a credit certificate of \$50 on another piano just like the one offered as first prize. The fifty next highest answers will entitle the successful contestants each to a credit certificate of \$20 on any new piano in our warehouses. In the event of a tie happening between the successful contestants, prizes identical in character and value will be given to each. **Easy Terms:** will be given open to all except our employees and their families. Those already having instruments may arrange to transfer their credit certificate to some one else upon application to the manager of our store. All answers must be in our office not later than November 27, 1905. The beautiful "Hospe" piano offered as first prize in this contest is now on exhibition in our warehouses.

Even since our business was established thirty-one years ago, it has been our policy to handle only the most reliable and artistic pianos made, and to sell them at prices so low, and terms so reasonable as to make the purchase of an instrument from us a safe, sure, and a great volume enables us to understand all our competitors who have to offer to customers the most liberal terms of payment. And it is because we sell our pianos at prices absolutely the lowest for which they can be purchased anywhere in the United States that the credit certificate which you may earn, be it \$100, \$50 or \$25, will represent that much value in cash on any one of the superb instruments which you may select. Furthermore, being manufacturers we are able to save to the customer the difference which the ordinary dealer is forced to add to the cost of his goods.

**REMEMBER THESE INSTRUCTIONS.**

See how many words you can make out of the eleven letters in "HOSPE PIANOS." H-O-S-P-E-P-I-A-N-O-S more than once in any one word, though the letters O-S-P may be used either once or twice in any one word.

A word cannot be used more than once even though it has different meanings.

Any word now in use in the English language (Webster is our authority) will be counted, but not plurals or names of persons and places.

State if you now have a piano or organ, and maker's name. Add your list when completed and state number of words. Sign your full name and give postoffice address.
