Mrs. W. S. Smith was an Omaha visitor yesterday.

Ora Davis and wife were county seat visitors Monday.

W. H. McDaniel and wife were Plattsmouth visitors Tuesday evening.

L. B. Underwood and Ern Carroll were Omaha visitors Wednesday afternoon.

Chas. Stone and Miss Carrie Allison attended the play at Plattsmouth Friday evening.

Miss Gertrude Long and her cousin Miss Helen Wilcox were Omaha visitors yesterday.

Mrs. J. A. Walker and Mrs. L. B. Underwood were Plattsmouth visitors Saturday of last week.

Mrs. J. C. Peterson, of Plattsmouth, was visiting friends in and near Murray a few days this week.

Miss Helen Wilcox, of Shenandoah, Iowa, is visiting at the home of her cousin Miss Gertrude Long.

Miss Gertrude Long and Miss Helen Wilcox attended the ball in Plattsmouth last Saturday evening.

Robt. Alfort, from near Nehawka, passed through Murray yesterday afternoon enroute to Plattsmouth.

B. A. Root and wife and W. H. McDaniel and wife attended the play at Plattsmouth last Friday evening.

Mrs. Ruffner, of Plattsmouth, and Mrs. Tutt are visiting friends in and near Murray a few days this week.

Remember the mask ball at the Manners & Loughridge hall. Thanksgiving eve. A good time is assured.

Dr. G. H. Gilmore departed Monday morning for Ewing, Neb., near which point he expects to purchase a farm.

Mrs. Florence White made her regular weekly visit to Murray Tuesday to give instructions to her vocal class.

Grandma Graves and Mrs. Joseph Shera, of near Rock Bluffs, were visiting friends and relatives in Murray Tuesday.

Jeff Brendel, Miss Frances Vallery and Miss Mattie Brendel attended the dance at Plattsmouth last Saturday evening.

Mrs. James Holmes and son, Ralph, departed last Friday evening for a few weeks visit with "Pa" and "Ma" Holmes in Wakarusa, Kansas.

Henry Long and Fate Davis were Omaha visitors last Saturday. Henry went up to see about purchasing some cattle for his winter feeding.

Mrs. B. F. Brendel and Miss Mattie went down to Avoca Monday, and Miss Mattie remained for a few days visit with her cousin, Dr. Brendel.

Mrs. J. S. Andrews, daughter of J. S. Lindsay, who has been visiting in Murray for the past few days, departed yesterday for her home in Denver.

W. H. McDaniel returned from his Missouri trip last Friday. His farm located near Sedalia, and he reports everything in that locality as being O. K.

In conversation with L. B. Underwood in regard to his cooking exhibition held some time ago, he tells us that the "Stay Satisfactory" ranges sold are all giving the very best of satisfaction, and every purchaser is well pleased with them.

Harry Todd has purchased one of those new two-horse power International gasoline engines of L. B. Underwood to be used in forcing water into the high pressure tanks for his residence water works plant. This completes the finishing touches to Mr. Todd's very modern farm residence.

Word from the bedside of Mrs. A. M. Holmes is to the effect that she is some better than a few days ago. Her daughter, Mrs. Churchill, who has been with her for some time has departed for her home in Burwell. Mr. Holmes is still suffering a great deal with his injured foot, but is reported some better.

Robt. Petty, one of the workmen on the new Jenkins building experienced a very painful accident Tuesday. He was working with his hatchet and struck the fore finger of his left hand with the sharp edge of the tool inflicting a very ugly wound, but he has been able to remain at work.

It is rumored in and around Murray that our good friend D. L. Amick is about to enter a new field of labor. Many of our people have wondered just what Dave's future steps would terminate in, but we understand that he has fully made up his mind to cultivate his voice and "jin out" with a comic opera company. We could hardly believe this to be true but some of Dave's most intimate friends will vouch for the truthfulness of this rumor.

Our excellent friend Alex Graves reports his summer's work almost finished, and that he is about to enter upon his winter's vacation. He tells us that he has worked pretty steady this

summer, and really does not believe that he has been upon the streets of Murray over six hours since he came to town. Now "what do you think of this?" we were of the opinion that Alex and Fate Davis were endeavoring to organize a "Son's of Rest" lodge in Murray. Alex is now branded as a deserter and the charter will never be issued.

A Pleasant Evening.

Saturday evening the home of Mr. and Mrs. Will Oliver was the scene of a joyful affair—the event being in honor of the birthday anniversary of their daughter, Miss Elizabeth.

The evening was pleasantly spent in various social amusements. Delicious refreshments were served during the evening. The guests departed at a late hour wishing Elizabeth many more such happy birthdays. The guests present were Misses Gertrude and Lora Pitman, of Nehawka, Maude McCullough, May, Louise and Hazel Kline; Messrs. Warren Wiley, Ed McCullough, Lloyd and Ed Lewis, Paul and Herman Richter, Joe Dull, Will Oliver and Mr. and Mrs. Alfa Nickels.

Among the Sick

Jesse Rennard, who was so seriously injured some few days ago by falling through the floor of his hay mow, is improving. Jess Hendricks is on the road to mend, and T. J. Rhoden, who has been suffering with sciatic rheumatism, is improving, although he has suffered a great deal the last week. Roy Shrader, who has been confined to his home with remittent fever is getting along nicely. Mrs. Thomas Lindsay has been suffering with a severe attack of neuralgia of the stomach, and Uncle Jimmy Root has been quite sick for the past few days.

Some Fine Pigs

Our good friend L. H. Oldham claims to be the champion hog raiser of this section. While in Murray yesterday we went over to his place to see some of his spring pigs. He has about fifty head that were farrowed in April and will now average nearly 200 pounds. He expects to market them some time the fore part of next month. Lee says there is no secret to the successful end of his hog feeding. He simply milks a number of cows, separates the milk from the cream, and feeding the former to the pigs. If you do not believe this is a successful proposition call and see the product of Mr. Oldham's experience.

Dinner With the Bachelors

While in Murray yesterday we were invited to join two (for the present) members of "our" bachelor club in the persons of our valued friends Messrs. Holmes & Smith, in partaking of the noonday meal. Mrs. Holmes being way down in Kansas and Mrs. Smith spending the day in Omaha, Jim filled the position of "chief cook and pan washer" to a King's choice, and when dinner was prepared we were thoroughly convinced that he will have plenty of good things to fill the inner man during Mrs. Holmes' absence.

State Treasurer Believes That Publicity as to Depositories Ought to be General.

State Treasurer Mortensen believes that the publicity as to the depositories of public funds ought not to be confined to his office, but that it ought to be extended to the county treasurers and all other custodians of public funds. Mortensen, says the Lincoln News, regards it as a safeguard for himself and believes that the statement which he makes at the end of each month provides the taxpayer public with information which it might legitimately demand. He has pursued the policy ever since he was elected to the office of treasurer and with unflinching regularity issues the statements at the close of each month, giving the names of the depositories and the balance in each.

In very few instances, it is stated, do county treasurers show where they keep the public funds, although in some of the counties considerable sums accumulate. A recent legislature enacted a new depository law, which aims at the prevention of partiality, since it requires that the money be prorated as nearly as possible between all of the banks which qualify properly to serve as depositories. Notwithstanding that fact it is urged that it would be helpful to the public to have this information at the end of each month, in order that the taxpayers may know what banks are using their money.

The statutes do not require the state treasurer to make monthly statements as to the whereabouts of the funds, although the depository law requires the banks to sign bonds pledging themselves to the payment of interest and to make reports monthly. The action of Mortensen in giving the matter publicity is voluntary.

Returns Home.

It will be remembered by many readers of the Journal that last December while out hunting rabbits with his brother, Frank, the gun in the hands of the latter accidentally went off and the entire load took effect in the left knee of Charley Bestor. Every attention possible has been given the wounded member, but he still remains a cripple and is compelled to use crutches. Six weeks ago he entered Immanuel hospital at Omaha, for treatment, and remained until Tuesday when he returned home. It is hard to discern any improvement yet, but when allowed to remove the casting it is hoped there will be Charley's general health is in excellent condition, and this to some extent is in his favor, and may finally result in the general use of the limb. At least the Journal hopes so.

Man's Unreasonableness.

is often as great as woman's. But T. S. Anstie, mgr. of the Republican of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick, she could hardly leave her bed, and five physicians had failed to relieve her. After taking Electric Bitters, she was perfectly cured, and can now perform all her household duties." Guaranteed by F. G. Fricke & Co., druggists, price 50 cents.

A Second Operation.

The many old Plattsmouth friends of Mrs. David Miller may be surprised to learn that that lady has been compelled to undergo a second surgical operation at the Lincoln hospital, the first one having been performed scarcely two months ago. Mrs. Miller was convalescing nicely from the shock of the first when it was decided that she must be operated upon for appendicitis which was done last Saturday, very successfully.

DIRT CHEAP LAND

Southwestern Nebraska land is the best for the money ANYWHERE. Here is what is being raised: Goro, 40 to 60 bu., wheat, 20 to 40 bu., oats, 30 to 60 bu., alfalfa, 5 tons per season. Anything grows. We have in immediate vicinity of McCook, a town of 4,000, in Red Willow Co., 50 choice farms, 75 to 125 acres cultivated on each quarter, lying level, some with good and others with fair improvements, at \$12.50 to \$25 per acre. Every one a big bargain. Prettiest country in Nebraska. Soil all clay. Many valley farms that are actually worth \$50 per acre, can be bought for \$25. Every farm raises alfalfa.

200 QUARTER SECTIONS

In Dundy and Chase counties, unimproved, at \$500 to \$1,000 per quar. All level, good clear soil, close to railroad. Double to six months. Half cash payments. Excursion rates every day. Get in on the ground floor, and buy now.

COL. VAN HORN

Past commander Fort Russell—1868. Among the accessories for equipment used by the Wyoming company which plays at the opera house tonight, is an old army Diligence that was used at Ft. Russell, Wyoming, in 1868. This coach has had good deal to do toward making the history of that section of the union, as it made regular trips through an indian infested country from Fort Larimer to Fort Russell, and has carried such notables as General Custer, of the Custer massacre, Wm. F. Cody, (Buffalo Bill) and a number of men whose names grace the pages of history. Although nearly forty years old is in good condition. Although considered a valuable relic it is practical to use and comfortable to ride in, which is evident from the ease the members of the company seem to take in riding in it, which they do every day in each city they visit; and is another evidence that the manufacturer of that day and time made what they did make for service, and not for appearance.
