THE CITY'S PUBLIC LIBRARY

Under Able Management and is in a most Flourishing Condition.

A representative of the Journal called this afternoon at our public library. Miss Jones, the librarian, was very busy attending to the many duties required of her. The rapidity with which the patronage of the library has increased within the last few years, is not generally known and was really a surprise to the writer. There are now twelve hundred or more cards issued to actual readers after eliminating all those who at one time had cards, but have since moved away or ceased taking books.

Within the past few years many new books by donation and purchase have been procured and the library is now in a fair working condition even with its present large number of readers. What such a library used generally and continuously is doing for the people of our city, is hard to estimate. However it is safe to say that many a young boy and girl are there laying the foundation for life work. Appetite for knowledge is being cultivated and developed which will in many cases direct the future of many of the younger readers from the common walks of life to higher aims and noble ambitions and no doubt many of the poorer boys and girls who are seen today pouring over the books, magazines and papers of our public library will some day be the prominent, leading and brainy men and women of the state.

La Grippe and Pneumonia. Pneumonia often follows in grippe but never follows the use of Foley's Honey and Tar. It cures it grippe coughs and prevents pneumonia and consumption. Ask for Foley's Honey and Tar and refuse any substitute offered. Mr. G. Vacher, of 157 Osgrud St., Chicago, writes: "My wife had a severe case of la grippe three years ago, and it left her with a terrible cough. She tried a bottle of Foley's Honey and Tar and it gave immediate relief. A 50 cent bottle cured her cough entirely." Refuse substitutes. F. G. Fricke & Co.

Doctors Could Not Help Her. "I had kidney trouble for years," writes Mrs. Raymond Conner of Shelton, Wash. "and the doctors could not help me. I tried Foley's Kidney Cure, and the very first dose gave me relief and I am now cured. I cannot say too much for Foley's Kidney Cure." It makes the diseased kidneys sound so they will eliminate the poisons from the blood. Unless they do this, good health is impossible. F. G. Fricke & Co.

A Fair Proposition. A few weeks since the Journal made the suggestion that the city place an electric light on the cupulo of the court house, but it seems no attention was paid to our proposition. In an interview with Earl Wescott this morning he makes the proposition that he will put up a 2000 candle power light free of cost to the city if the council will agree to keep it in order after it is put up. This seems to us a very fair proposition, and ought to receive some attention from the city dads. It would undoubtedly be a wise investment, and we know that it would please the people of the city at large.

BURLINGTON PROMOTIONS

Burlington Mechanical Authorities In General Movement Up Ladder of Success.

The Lincoln News remarks that C. S. Bricker, who has been general piece work inspector of the Burlington west of the Missouri river for three years, has been promoted to be master mechanic of the Sheridan machine shops.

Mr. Bricker is a young man, but has seen a number of years service with the system, having been employed in an important capacity on the C. B. & Q. before he was assigned to work here. He succeeded Superintendent W. F. Ackerman of the Havelock shops when the latter was promoted to his present position. F. J. Creamer, who steps out of the Sheridan job, has been assigned to other duties.

December 1 the position of assistant superintendent of motive power was abolished. E. W. Fitt of this city held the place. Mr. Fitt has been named as master mechanic of the Alliance and Sterling divisions. E. W. Fitt was formerly chief draftsman in the office of the motive power department and when it was removed from Plattsmouth to Lincoln he became a resident of this city.

Thanksgiving Offering. The annual Thanksgiving offering by the public schools for the city library amounted to \$15.41. The librarian reports that many cards have been taken out even this soon after the reminding that this offering brings to the children. Recently the teachers and superintendent sent in a contribution of \$12.50 for the furnace fund. Surely nothing creates more friendly feeling between these two educational institutions. The library board here expresses appreciation of this generous contribution and invites all the children to call at the library, and especially ask all who are old enough to get certificates and cards.

An Old Resident. D. E. Seiver, of Marquette, Neb., came in yesterday evening and visited over night with his daughter, Mrs. Thompson, returning home this morning. Mr. Seiver is an old resident of Cass county, at one time owning a fine farm near Cedar Creek, but left here some twelve or thirteen years ago. He is a big cattle feeder in his present home, and on this trip he brought a lot of fine cattle to Omaha. Mr. Seiver has many friends in this locality who would have been glad to see him, but his interests demanded his attention at home.

Old Soldiers' Day. Today was monthly examination for the pension board, and some six or eight of the old boys in blue were here to see the board in regard to an increase in back pay. A Youthful Couple Who Want to Get Married, "Get up and Dust."

KANSAS CITY PRESUMED TO BE DESTINATION

Parents of Both Parties are Well Known People in Cass County.

A report reached this city this morning from Weeping Water to the effect that O. O. Ogden and Miss Myrtle Timblin had eloped from that city with matrimonial intentions. It is further reported that the father of the young lady has telephoned to the various county seat towns of eastern Nebraska to stop the issuing of marriage licenses.

It is also reported that one reason the parents of both parties have for stopping the marriage is that the young couple are first cousins. This is why it is presumed the parties have gone out of the state to commit the matrimonial act.

THE IOWA BAND CONCERT

A Fair Attendance and the Program Successfully Rendered in Every Particular.

A very good sized house enjoyed the concert given by the Iowa State Band last evening. The program was an excellent one from start to finish and the band is to be highly praised on its almost perfect playing.

The duet by Messrs. C. L. Winn and C. M. VanZandt was heartily applauded and called forth an encore. The cornet solo "Rosary" by Mr. A. E. Stevenson, was artistically rendered, and although he tried to beg off with a gracious bow was obliged to play his piece the second time. Mr. E. H. Schulhof, whom we all know so well, is to be congratulated upon his splendid directing and the band is to be envied for having such a fine young man for their leader.

Miss Edna Marshall sang in her full sweet voice "Good-bye," which was loudly applauded and as an encore sang "Because." Mrs. Lillian Caldwell played in her own charming way which always delights her audiences, and was called upon for an encore. Miss Marshall and Mrs. Caldwell were accompanied by Miss Kittle Cummins, who never fails to please her audiences with her artistic playing. There is no flaw whatever to be found in the concert and St. John's Catholic church is to be congratulated upon their success in getting such an organization to play for their benefit.

A Fact. If a newspaper man, who attends strictly to his own business, were to stop to notice the snarls and insinuations of envious people or cranks, he would be kept so busy that he would not have time to attend to anything else.
