Wesley Walker returned home from California on last Friday. He came back sooner than he expected on account of the climate not agreeing with him, and was advised by a doctor that Nebraska air would be more beneficial than balmy California. He liked the looks of the country, and enjoyed the trip very much.

Postmaster Hay received word last Thursday to make preparations to move the postoffice into the Webster building. The change will take place about January 1st, as the present quarters are rented until that date.

## For Thin Babies

Fat is of great account to a baby; that is why babies are fat. If your baby is scrawny, Scott's Emulsion is what he wants. The healthy baby stores as fat what it does not need immediately for bone and muscle. Fat babies are happy; they do not cry; they are rich; their fat is laid up for time of need. They are happy because they are comfortable. The fat surrounds their little nerves and cushions them. When they are scrawny those nerves are hurt at every ungentle touch. They delight in Scott's Emulsion. It is as sweet as wholesome to them.

Harry Hubbard was building a bridge near his home over the Weeping Water last Friday, when one of the horses fell off the bank, pulling the other one on top of him. They got so tangled up that the under one was drowned, and Harry only saved the other one by holding its head above water and calling for assistance. It was, of course, the best horse he had.

### Don't Be At All Backward.

If you know of any news tell us about it and we will tell the people. We would be glad if when your friends or relatives come to visit, you would call us up and tell us about it. It takes lots of work to get out a good, newsy paper, and every little bit helps us a great deal. We are sure we will be thankful for any item of news handed us or told us by telephone. We have both phones.

## Nehawka

From the Register.

Corn husking is about over in this part of the county.

Earl McGowan, who went to South Dakota last spring, returned home Wednesday.

Loe Brissey of Plattsmouth is now installed at the telephone exchange as an operator.

Every elevator in town has been run to its capacity for the past two weeks taking care of the farmer's corn crop, and yet the half has not been handled.

Miss Dunlavey of Bloomington, Illinois, but at present attending school at University Place, came down and spent a couple of days with her friend, Ruth Murdock, returning to her school on the early Monday morning's train.

Mrs. Cora Gruber, wife of Henry Gruber, died Wednesday afternoon at about 4 o'clock. She has been in feeble health for some time, but her demise was unexpected so soon. The funeral was held this afternoon at 2 o'clock. An extended notice will be given next week.

Rev. Keiser will not take a banter. Tuesday a farmer told him if he would go out to his place and shuck corn he could have what he gathered. The reverend gentleman left his sermon on the book case and dressed himself up with a husking peg, and sallied out. He's ahead of the farmer about 35 bushels of corn. That is the kind of preachers we have in Nehawka.

A gang of men, under Foreman Tom Crozier of Weeping Water, have been here this week putting in a new side-track to the mill. The track has been graded since early last summer, but the railroad company has not furnished the rails and ties until a few days ago. The work was finished yesterday, and now the Milling Company will be able to have cars switched up to the mill doors where they can be loaded and unloaded with very little work. The next improvement will be the building of a large storage warehouse along the new track opposite the mill which will be used for storing flour and grain. And so Nehawka grows.

Robert Shrader was in from the farm Tuesday, making all kinds of excuses for the corn he has yet in the field—says an ice-pick would be required in getting some of it.

W. R. Dodson arrived Wednesday evening from Magnet, Neb., for a visit with his Union relatives and friends. He is looking as well and jolly as ever, and says the people in his neighborhood are all happy and prosperous.

Henry M. Pollard of Nehawka passed this way Tuesday, returning from a two months' visit at his old home in Vermont. He said the weather there was similar to what we had here—too cool for a plunge in "the old swimmin' hole."

John Bauer of Plattsmouth came down Wednesday to "doctor" the lighting apparatus in the store of R. H. Frans & Co. The lighting plant "slipped a trolley" some way Tuesday night and it required the ingenuity of an expert to discover and remedy the difficulty.

Max Schafer arrived here Tuesday morning from Crossett, Ark., where he has been located for some time, and will spend the balance of the winter here. He made his home here several years, and finds many good friends who are pleased to welcome him back again.

Matt's boyhood days were spent in this county, and he has numerous friends here who are pleased to see him become a permanent citizen.

### The First Requisite of Beauty.

The first requisite of beauty is a clear complexion. Orino Laxative Fruit Syrup clears a sallow blotched complexion as it stimulates the liver and bowels, and the eyes become bright and clear. You owe it to your friends to take it if your complexion is bad. Orino Laxative Fruit Syrup does not nauseate or gripe and is very pleasant to take. Refuse substitutes. F. G. Fricke & Co.

## Eagle

From the Beacon.

Born, on Saturday, December 2, to Mr. and Mrs. Chas. Trumble, a son.

A few days ago Russ Mick and Jake Reitter borrowed a gun of Tom Carnes and promised to divide the game with him for the use of it. But after tramping for miles through timber

and fields they only succeeded in bagging one little hood owl which they brought in, and with an apple, a sweet potato and an onion, put into a sack and gave it to our worthy landlord, telling him it was a bunch of quail. He thanked them very kindly, ordered his good wife to prepare the quail for his supper, and treated the hunters to a good brand of cigars. They made their exit before Tom got a peep into the sack, and when he discovered the joke he swore that when they borrow his gun again, they won't.

It is reported that Wm. Bahr's hired man saw a genuine wildcat in the corn field while husking one day last week.

Bert Hudson is enlarging his pool room by building a 12 foot addition on the rear. He has also bought three new pool tables to take the place of the two old ones.

A gang of about 30 Greeks are stationed here working on the M. P. track. Wm. Kent is trying to learn their language, but so far has only learned a few of their cuss words.

### Failed.

All efforts have failed to find a better remedy for coughs, colds and lung troubles than Foley's Honey and Tar. It stops the cough, heals the lungs and prevents serious results from a cold. J. N. Patterson, Nashua, Iowa, writes: "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world. F. G. Fricke & Co.

## HER PHYSICIANS DESPAIRED. ADVISED CHANGE OF CLIMATE.

Pe-ru-na, Used as a Last Resort, Cured Her of a Severe Attack of Catarrh of the Lungs.

MRS. IDA CALDWELL.

The Sensational Cure of Mrs. Caldwell is the Talk of Her Acquaintances.

Mrs. Ida Caldwell, 506 Pearl street, Sioux City, Ia., Vice-President Order of Washington, writes:

"I suffered with catarrh of the respiratory organs off and on for the last three years until I thought it was chronic. My chest and lungs were irritated and I had to use the greatest care not to expose myself to chilly air or dampness as it increased my troubles.

"My physician advised me to try a change of climate, but I was unable to leave my family. Reading of the wonderful cures performed by Peruna, I bought a bottle.

"It was with the greatest satisfaction that I found it the one medicine among them all which cured me. I was relieved within three days and after two months and a half the irritation was gone, my lungs perfectly healed and my health restored."—Ida Caldwell.

The little son born to Mr. and Mrs. W. A. Cook, on November 27th, died Wednesday, after a brief illness. Funeral services were held from the home, three miles northwest of Elmwood, yesterday afternoon at 2 o'clock, Rev. J. G. Standard, officiating. The sympathy of the community is extended to Mr. and Mrs. Cook in their bereavement.

A genuine hen party in which the women "wore the pants" was held at the handsome home of Mr. and Mrs. Chas. D. Clapp, Monday evening. It was in the nature of a house warming and a large number of ladies were present. Music and games of different kinds were indulged in, and a fine luncheon partaken of. It is said this is the first time C. D. was ever henpecked and locked in the kitchen. Of course it would be giving away a great secret to tell of the terrible catastrophe that happened to one lady's wearing apparel, but really, the pants were too tight.
