Is there an ordinance prohibiting people from leaving their teams unhitched upon the streets? If there is, it should be enforced. Last night as we were going home a team left standing on Sixth street came very near getting away. A runaway not only injures the team but it is also liable to run over and kill some child upon the street or injure some man or woman.

Under the new state law it costs the tax payers of the county twenty-five cents each time a child is born and the same price when any one dies, within the confines of the county. This is the amount paid to those who are empowered to report the same. A few more laws and it will cost the tax payers twenty-five cents a report of other things which happen. This law simply created a few more offices and will be the means of distributing a little more public pay.
