For Thin Babies

Fat is of great account to a baby; that is why babies are fat. If your baby is scrawny, Scott's Emulsion is what he wants. The healthy baby stores as fat what it does not need immediately for bone and muscle. Fat babies are happy; they do not cry; they are rich; their fat is laid up for time of need. They are happy because they are comfortable. The fat surrounds their little nerves and cushions them. When they are scrawny those nerves are hurt at every ungentle touch. They delight in Scott's Emulsion. It is as sweet as wholesome to them.

Send for free sample.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

John McCarroll and Reuben Foster, jr., are the owners of two fine Red Poll bulls which they received Tuesday from the Chambers stock from near Bartlett, Iowa. They are excellent stock, but John says he'll "be condemned" if he does a bit of hay chewing like Dick Conrad did for his heifer.

T. G. Barnum went to Lincoln last Saturday evening, having received word that his daughter, Miss Vernie Barnum, who is attending the State University, was injured while exercising in the gymnasium department. It was found that her injuries were not of a serious nature, but she came home Tuesday to remain until she fully recovers.

Rough Hands Made Smooth.

A man who once had rough horny hands made them soft and smooth with Witch Hazel Salve, but he used the genuine—that bearing the name "E. C. DeWitt & Co., Chicago." For sores, boils, cuts, burns, bruises, etc., it has no equal, and affords almost immediate relief from blind, bleeding, itching and protruding piles. Sold by F. G. Fricke & Co., Gering & Co.

Horned Rabbits.

As there has been quite a number of "horned" rabbits killed in this county this winter, and people think them quite a curiosity, the following from Prof. Lawrence Bruner of the state university will give them some insight as to the cause of these "horns": "These horn-like growths about the head and front legs of rabbits are certainly interesting. They are caused by a small mite or spider-like creature working beneath the skin in a similar manner to the mange or itch mites which attack different animals and birds. The continued irritation by these little creatures produces an unnatural thickening of the cuticle as well as a deposition of horn-like material, which eventually assumes the form." It would be just as well for those who kill rabbits in the future to let them remain where they are killed, and not dress and eat them, and then be sure that they have not masticated a diseased one, which is liable to bring the disease into the family circles.

Never Gripes or Sicken.

They never gripes or sicken, but cleanse and strengthen the stomach, liver and bowels. This is the universal verdict of the many thousands who use DeWitt's Little Early Risers. These famous little pills relieve headache, constipation, biliousness, jaundice, torpid liver, sallow complexion, etc. Try Little Early Risers. Sold by F. G. Fricke & Co., Gering & Co.

MALE TEACHERS SCARCE

Nebraska Men Tire of School Teaching on Account of Low Wages.

Deputy State Superintendent Bishop in reply to questions in regard to the reasons for the remarkable decrease in the number of male school teachers in Nebraska, says: "Low wages is the only cause of the decrease of male teachers. The school teacher is very poorly paid, and clerks and men in other lines of employment receive wages far in excess of what the teacher works for. Teaching is a profession requiring years of preparation and a considerable outlay of money in the preparation. The men who would devote their lives to education if living wages were paid cannot be expected to continue the work when other lines offer so much more inducement. "In 1871 men composed 52 per cent of the teaching force in Nebraska, according to statistics compiled by the state department of public instruction. In 1904 the male teaching force was only 16.5 per cent, and the indications are that the percentage of men teachers will be still smaller for the last two years."

Not Much.

A supplement to the Weeping Water Republican, containing a page of Weeping Water advertisements and a half page of Omaha ads, issued in the interest of "home patronage" was received this week. In glaring headlines it says: "Protect and build up your home town!" Good logic indeed, but are these merchants building up home institutions when they patronize a sheet like the one before us, printed in Omaha, paying Omaha printers to set the type and an Omaha institution for the space occupied by their ads and then have the home printer circulate the sheet as a supplement to his paper in order to get the force before the public? Some people have queer ideas of standing up for home.—Louisville Courier.

Kodol Digests What You Eat.

Just a little Kodol after meals will relieve that fullness, belching, gas on stomach, and all other symptoms of indigestion. Those Crooks.

Those suspicious looking strangers who landed in Plattsmouth Saturday night and who were shadowed by the officers until they left town about midnight, have been seen at Auburn, Neb. Their entrance and exit at Auburn was very similar to their actions here. They are evidently crooks and it has since been ascertained that parties of their description are wanted at Omaha for street car robbery.

Let Others Talk.

Mr. Jos. Strba, 709 Huber St., Johnstown, Pa., wants to say the following: "My best thanks to Triner's American Elixir of Bitter Wine. I had a grave stomach trouble for many months and no doctor could cure me, although I consulted one after the other. I then tried Triner's American Elixir of Bitter Wine and confess with pleasure that it cured me perfectly. It should be used by all sufferers from disorders of the stomach." We gladly let others talk about our preparation, to show to our people that our advertisements are based on facts and not on words. We assert firmly that there is no better remedy in the world for the stomach, no other remedy which would benefit everybody and never do harm, that it is an excellent blood purifier and general tonic, that it is a perfect reviver of the nervous system and that it is a reliable shield against epidemic diseases. Testimonials, never solicited by us, sustain these statements. At drug stores. Jos. Triner, 799 So. Ashland Ave., Chicago, Ill.

Dies in Nevada.

A telegram was received this morning by F. N. Rauen stating that his brother-in-law, Joseph Doyle, had died at his home in Gold Field, Nevada. Mr. Doyle lived in Plattsmouth about twenty years ago, where at that time he was well and favorably known. He has of late years been located in the gold fields of Nevada, and it is reported that he has several very promising gold claims in that section. Mr. Rauen received no word as to his funeral, so it is supposed that he was laid to rest in that locality.

Frank Rauen departed for Omaha today to see about bringing the remains of his brother-in-law Joseph Doyle, here for interment here.

The Omaha Bee says: "The Burlington has filed its appeal bond in the tax injunction matter for \$250,000 with the Chicago, Burlington & Quincy railroad, Henry W. Yates and G. W. Holdrege as sureties. Appeal is taken against Judge Munger's decision to the supreme court of the United States."

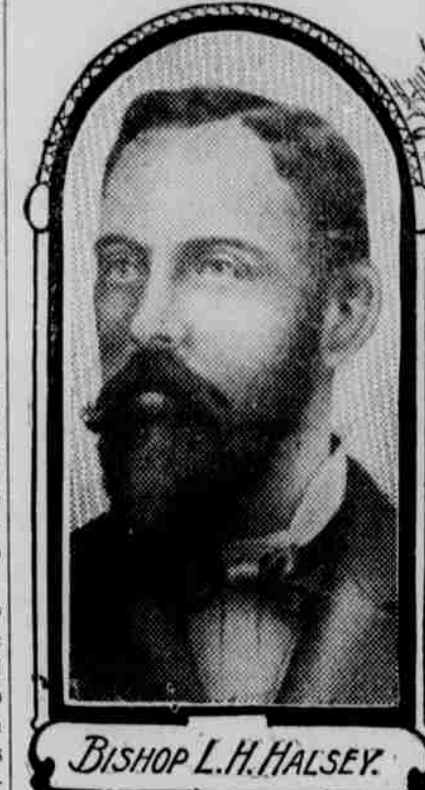

BISHOP OWES HEALTH AND LIFE TO PE-RU-NA.

Ministers of All Denominations Join in Recommending Pe-ru-na to the People.

Public speaking especially exposes the throat and bronchial tubes to catarrhal affections.

Breathing the air of crowded assemblies, and the necessary exposure to night air which many preachers must face, makes catarrh especially prevalent among their class.

Peruna has become justly popular among them.

The Friends of Pe-ru-na.

Despite the prejudices of the medical profession against proprietary medicines, many clergymen have always maintained a strong confidence and friendship for Peruna. They have discovered by personal experience that Peruna does all that is claimed for it.

The Bishop's Strong Tribute to Pe-ru-na.

L. H. Halsey, Bishop C. M. E. Church, Atlanta, Ga., writes: "I have found Peruna to be a great remedy for catarrh. I have suffered with this terrible disease for more than twenty years, until since I have been using Peruna, which has relieved me of the trouble. "I have tried many remedies and spent a great deal of hard-earned money for them, but I found nothing so effectual in the cure of catarrh as the great medicine, Peruna. "I feel sure that Peruna is not only a triumph of medical science, but it is also a blessing to suffering humanity. "Every individual who suffers with respiratory diseases will find Peruna a magnificent and sovereign remedy."—L. H. Halsey, Bp. C. M. E. Church.

Many a preacher has been able to meet his engagements only on account of the timely use of Peruna.

We can give our readers only a slight glimpse of the vast number of testimonials Dr. Hartman is constantly receiving for Peruna.

Basket Ball.

There will be a basket ball game at the Turner Hall, on Friday evening, February 2, Nebraska City vs. the Plattsmouth Turners. This will be a very exciting game, and you should not fail to attend. The price of admission will be 25c for adults and 15c for children.

Our Solution.

A gentleman of much prominence calls upon the Journal to demand a public discussion and solution of the problem confronting the old maids that are rapidly accumulating in Plattsmouth. We know we have our full share of old maids but there is not one of them but what could get married if they wanted to. They believe in enjoying themselves a few years before joining the fortunes or rather the misfortunes of some trifling whelp for whom nine times out of ten, she will have to support the balance of her days or suffer the disgrace of a divorce suit. The old girls are all right, and they simply show better judgment than the sixteen-year-old kidlet who struts the streets because of being man-struck. This is the Journal's solution of the old maid question.

Lee Kirkpatrick, of Nehawka, gave the Journal a pleasant call last evening. He came down from South Omaha on business, returning this morning to attend a big stock sale today. While here Mr. Kirkpatrick renewed his faith in the Old Reliable, and said he would not undertake to keep house without. He is a good friend of the Journal and we are always happy to meet him.
