CAUGHT BY THE GRIP-- RELEASED BY PE-RU-NA.

"The World of Medicine Recognizes Grip as Epidemic Catarrh."

La Grippe is Epidemic Catarrh.

It spares no class or nationality. The cultured and the ignorant, the aristocrat and the pauper, the masses and the classes are alike subject to la grippe. None are exempt—all are liable.

Grip is well named. The original French term, la grippe, has been shortened by the busy American to read "grip."

Without intending to do so, a new word has been coined that exactly describes the case. As if some hideous giant with awful grip had clutched us in its fatal clasp.

Men, women, children, whole towns and cities are caught in the baneful grip of a terrible monster.

Have you the grip? Or, rather, has the grip got you? If so, read the following letters.

These testimonials speak for themselves as to the efficacy of Peruna in cases of la grippe or its after-effects:

A Preventive For Colds and La Grippe.
Mrs. M. Woodruff, 2106 Central Ave., Minneapolis, Minn., writes:

"I cannot praise your remedy too highly. I first tried it after having la grippe and for the last two years I have used it as a preventive for cold and la grippe.

"As a tonic I also believe it to be excellent. I never fail to recommend Peruna to my friends, all of whom have used it with beneficial results."

A Relative of Abraham Lincoln.

Mr. Silas S. Lincoln, who resides at 913 I street, N. W., Washington, D. C., has the honor of being third cousin to Abraham Lincoln. He writes:

"I had la grippe five times before using your medicine. Four years ago I began the use of Peruna, since which time I have not been troubled with that disease.

"I can now do as much work at my desk as I ever could in my life. I have gained more than ten pounds in weight."

Entirely Relieved by Peruna.

Mrs. Jane Gift, Hebbardsville, Ohio, writes:

"I think I would have been dead long ago if it had not been for Peruna. Six years ago I had la grippe very bad. The doctor came to see me every day, but I gradually grew worse. I told my husband I wanted to try Peruna. He went directly to the drug store and got a bottle of it.

"I could see improvement in a very short time and was soon able to do my own work. I continued using it until I was entirely cured."

Address Dr. S. B. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

A Southern Judge Benefited.

Judge Horatio J. Goss, Hartwell, Ga., writes:

"Some five or six years ago I had a very severe spell of grip which left me with systemic catarrh.

"A friend advised me to try your Peruna, which I did, and was immediately benefited. The third bottle completed the cure."

For Catarrh and La Grippe.

Mr. Edgar L. Benn, San Antonio, Tex., member of the Crescent Comedy Co., writes:

"I take pleasure in recommending Peruna for catarrh and the la grippe. Three bottles have fixed me up until I feel like a new man.

"In fact, it has become the standing remedy of our company, which has been bothered with sickness most all winter, until we got hold of your valuable remedy.

"You can always find a bottle in one of the members' rooms. We cheerfully recommend it to the public."

Grip Resulted in Catarrh.

Miss Alice Bielke, Treasurer Young Women's Society of the Lutheran Church, Menasha, Wis., writes:

"I gratefully acknowledge the good that Peruna did me after I had been sick with la grippe which left me in a very weak and emaciated condition, with catarrhal trouble of the head and ears.

"My mother suggested that I take it to build up my strength and rid myself of the troublesome catarrh, and it acted with wonderful speed.

"I was able to resume my work inside of two months and I am in splendid health now."

One reason why Peruna has found permanent use in so many homes is that it contains no narcotics of any kind. Peruna is perfectly harmless. It can be used any length of time without acquiring a drug habit. Peruna does not produce temporary results,—it relieves permanently.

Eagle

From the Beacon.
A girl baby was born to Mr. and Mrs. J. G. Schiff on Thursday, Feb. 22.

J. C. Brown was taken with a pain in his left limb Tuesday and had to go home for repairs and a short rest. He is improving slowly and expects to be on duty again in a few days.

"Grandma" Winklepeck who lives with her son Adam, south of town, had the misfortune to fall Tuesday and break one of her limbs near the hip. A trained nurse came down from Lincoln Wednesday to take care of her.

Wednesday evening Mr. Jas. A. Tindall, of Milford, and Miss Nellie Lambert were married at the home of the bride. The bride is a daughter of Mr. and Mrs. Frank Lambert and is a very popular young lady. They will make their home near Milford.

It is true that Eagle has one mild case of smallpox, but there is no need for alarm as every precaution is being taken to prevent the further spread of the disease. On Thursday of last week Dr. Dibel called Dr. Jester in consultation in the case of Nick Peterson who had what was at first thought to be chickenpox.

Mothers everywhere praise One Minute Cough Cure for the sufferings it has relieved and the lives of their little ones it has saved. A certain cure for coughs, croup and whooping cough. Look Out for Them.

Nursery agents are working the farmers in some sections of this county by selling them at exorbitant prices apple trees said to be grafted instead of budded, as most nursery stock is. The agents tell them that the trees were grafted on stock from French crabapple seed, for which they had to pay \$25 a bushel. As a matter of fact, all nursery apple trees are grafted; and French crabapple seeds costs only a trifle more than ordinary apple seed to be bought at cider mills. Buy only of those whom you know are responsible. Strangers in many instances are simply doing the "grafting" themselves.

Very Commendable.

The following taken from the Papillion Times, is applicable to many county commissioners in Nebraska and we recommend the same to the board in Cass county:

"The Times wishes to commend the stand taken by Commissioners Bianchi and Nielson in the bridge contract matter. There is no plausible reason for the careless construction of some of the new bridges by the contractors and they should be made to make good every defect before the structures are accepted. Care and vigilance upon the part of the county commissioners will do much to break up the attempt to pawn off shoddy work. The simple fact that the contractors offered to throw off as high as \$150 on one of the bridges because of shoddy work is a confession on the part of the builder that the work was not well done. As soon as it is learned that nothing short of a compliance with the plans and specifications will be accepted, just so soon will Sary county have bridges worth the money spent for them. Again we say to the commissioners, stand up for your rights in the matter. Use your back bone and sand to the

best advantage and give the people a business administration. You may lose the friendship of some mighty fine fellows, but you will gain the friendship of the people who elevated you to your present positions and who confided the care of the business of Sary county to your hands.

The best safeguard against headache, constipation and liver troubles is DeWitt's Little Early Risers. Keep a vial of these famous little pills in the house and take a dose at bed time when you feel that the stomach and bowels need cleansing. They do not gripe. Sold by F. G. Fricke & Co., and Gering & Co.

Alum baking powders are unhealthful. Do not use them for raising food under any circumstances. So detrimental are alum baking powders considered, that in most foreign countries their sale is prohibited. In many States in this country the law compels alum powders to be branded to show that they contain this dangerous acid, while in the District of Columbia, Congress has prohibited the sale of all food that contains alum.

Alum baking powders are sold to consumers at from 10 cents a pound to 25 ounces for 25 cents, or 25 cents a pound, and when not branded may generally be distinguished by their price.
