## American Grumblers.

Nowhere in the world will you find more dissatisfied and morose people than here in the spring-time. You see them everywhere, quarreling, "kicking," making things very unpleasant for the surrounding. What is the cause of it? Our mode of life and our climate. The change from winter to spring finds many people unprepared. They failed to give proper attention to the condition of their blood, which becomes thick with impurities, causing indigestion, constipation, irritability, skin eruptions and a general decline of the vital power. Triner's American Elixir of Bitter Wine is the only remedy which will act promptly, if used in time. Start right now! It will incite all organs to a healthy activity, will expel all impurities from the blood and fill the veins with fresh and rich blood derived from properly digested food. It is the only blood purifier acting in the natural way, through the digestive system. At drug stores. Jos. Triner, 790 So. Ashland Ave., Chicago, Ill.
