

## The County Exchanges

Items of General Interest Selected from the Columns of Contemporaries

### Nehawka

From the Register.  
Born, Sunday, April 22, 1906, to Mr. and Mrs. Kline, a son.

Mrs. Wallace arrived from Lincoln Thursday morning for a visit with her parents, Mr. and Mrs. Isaac Pollard.

Will Ketch has purchased William Falkenthal's house and other improvements and will remove them to his farm south of town.

Miss Stella Banning has secured a driving horse of her own, and now, as soon as she gets the buggy and harness she can do her own "buggy riding."

Wm. Falkenthal and Mr. Tangwall will leave with their families in a day or two for Wisconsin where they purchased land three years ago. They have lived in Nehawka for about sixteen years, and we are sorry to see them go, for they have been good citizens.

Miss Murdock and Miss Moon went to Plattsmouth Saturday to take their second examination for certificates. These examinations have been getting very much harder the past two years, and that without raising the grades of county schools. The state superintendent seems to be trying to create an aristocracy among teachers; in fact trying to crowd out all who have not graduated at some university. The idea apparently, being that if the examinations are made difficult for all but college graduates, they, the college graduates may compel a raise of 30 to 50 per cent by all school boards; this on the surface seems to be the superintendent's idea. He ought to know that our best educators in Nebraska never graduated at any college. He is certainly working an injustice to our common school teachers.

### Louisville

From the Courier.  
Born, to Mr. and Mrs. August Joachim, April 25, a girl.

Mrs. Jno. Ferguson, who has been sick the past week, is reported better.

Ed McMullen received word from his brother Fess, who recently went to San Francisco, that he arrived in that city just before the earthquake, but was uninjured.

Mrs. B. W. Teodarski moved to Omaha last week, where she expects to remain during the summer months, her son having secured employment there at the carpenter trade.

E. Palmer received a letter from his son, Arthur, who is stationed opposite San Francisco on a United States training ship. Arthur was uninjured in the recent earthquake, but says the scene was beyond description.

T. E. Parmele is negotiating with the Missouri Pacific to have a side track run to the Hoover stone quarry, south of town. Mr. Parmele will erect a large stone residence in Plattsmouth and has contracted for 200 perch of stone from this quarry.

T. E. Parmele and wife of Plattsmouth were Louisville visitors last Friday. Mr. Parmele will remain here this week and look after the interests of the Bank of Commerce in the absence of Cashier Wood, who is taking a lay off and visiting in Illinois.

### Elmwood

From the Leader-Echo.  
W. A. Rhoden, jr., is suffering from an attack of malaria.

Joe Mullin and Floyd Woolcott expect to leave next Tuesday for California.

E. H. Stapely had the misfortune to lose a valuable mare Wednesday night.

A windquake struck the smoke stack at the mill Sunday night, blowing it down.

Mat Williams is very tenderly nursing one of his feet, that a horse had stepped on and nearly crushed on day last week.

Rube and Charley Irons dug out a den of wolves last week on the Bailey place, a mile south of town, capturing eight "kittens." Ed Roseno also dug out a nest of five on the Buell eighty, north of Elmwood, last week. The old ones were not captured.

On last Thursday evening at six o'clock, at the handsome residence of Mr. and Mrs. C. D. Kunz in this city; occurred the marriage of their daughter, Miss Rose H. Kunz, to Reinhardt L. Panska, son of Mr. August Panska, of near Louisville, Rev. A. Wiehmann, pastor of the bride, officiating.

A letter received Sunday from Dudley Leavitt, who is working in a photograph studio at Los Angeles, states that all the Elmwood boys at Los Angeles are getting along nicely. Bert Buster has developed into a full fledged street car conductor, Joe Nichols has a good job with an employment agency

and Charlie Ferguson is talking of starting a poultry ranch near Los Angeles.

### Havelock.

(Times.)  
R. C. Albertson and John Kubicka, who have been employed to the supply department of the Burlington, have resigned.

John Boetel, who resigned at the shops last week, has accepted a place with a bridge gang and went to work Wednesday.

C. T. Cahill, who has been stationary engineer at the shops for some years, has resigned and leaves for the west soon. He expects to locate at Seattle, Wash.

W. H. Elliot had the misfortune to get some small particles of steel in his right eye this week. It has proven very painful and compelled him to lose a few days work.

W. F. Ackerman, superintendent of the Havelock shops returned last Friday from Omaha, where he attended the annual convention of the operating officers of the Burlington system.

F. G. Everett, who lives in the northwest part of town, had the misfortune to lose a valuable horse this week, as the result of a wire cut. He was offered \$150 for the horse a short time since.

Miss Mary E. Curtiss of Union, Neb., one of the out-of-town candidates in the Times-Stateman contest, has come to spend the summer with her sister, Mrs. Elmer Garrison, who has been ill for several months.

Seldom, if ever, in the history of the shop has it been so crowded with work as now, and they were compelled to work the entire force 12 hours per day for some time past. They hope to catch up this week and get back to the regular eight hour time.

### DANGER IN DELAY

Kidney Diseases Are too Dazzling for Plattsmouth People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills, which has cured people right here in Plattsmouth.

John H. Becker, a retired farmer, living seven miles northwest of Plattsmouth, says: "Some twelve years ago I noticed a dull aching in the small of my back. Thinking it would leave just as mysteriously as it came I let it run on until it grew very severe and I looked about for some means to check it. In this way in my search I happened to read some statement about Doan's Kidney Pills which induced me to go to Gering & Co's drug store for a box. The treatment stopped the trouble, since then on noticing symptoms of a return I have appealed to Doan's Kidney Pills and I have yet to appeal to them in vain."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

### Farmers Complain.

Several farmers were in the city yesterday from different sections of the county, and two of them called at this office. After transacting their business, their whole conversation drifted on the subject of bridges. One of the party lives in the neighborhood of Manley, and stated that one of the principal bridges in that vicinity was completely wrecked, and had been impassable for over two months, and farmers were compelled to go two miles out of their way in consequence. The other farmer resided near Cedar Creek and said the same condition existed in his neighborhood. Why these bridges have not been looked after by the commissioners we are unable to tell. Such negligence on the part of the guardians of Cass county is unprecedented. The farmers pay their taxes promptly and should have some attention paid to their demands the same as other people. That these bridges should have been repaired weeks ago the commissioners themselves won't have the audacity even to deny, and why should they tarry in doing their duty?

### Sore Nipples.

A cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the child to nurse. Many trained nurses use this salve with the best results. Price 25 cents per box. Sold by F. F. Fricke & Co., and A. T. Fried.

### IMPROVEMENTS THIS SPRING

Many Cass County Farmers Are Preparing to Erect Beautiful New Homes.

### ALSO MANY IMPROVEMENTS IN THE CITY

Several New Residences Going Up and Many Blocks of Concrete Walk Laid.

From present indications there will be more general improvements made in Plattsmouth and in the county at large than has been accomplished in several years. Here in the city the contractors have work enough already before them to keep them busy during the entire summer.

Here in the city excavations are already being made for Rae Patterson's new residence on north Sixth street, 32 by 34, two stories and will be one of the most modern homes in the city, and while not large it will cost in the neighborhood of \$1,000 or \$5,000. While T. E. Parmele is preparing to erect a new home in the Fitzgerald forty, south of E. A. Holyoke's residence, on the beautiful knoll, just the sort of a location for a beautiful home. The walls will be built of rock in the rough, just as it is taken from the quarry, and will present the appearance more of a castle. It will contain about ten rooms with all modern improvements and right up-to-date in all conveniences. The cost will be between \$8,000 and \$10,000. The excavations are now being made.

Emil Walters has just received the contract for the laying of 4,000 feet of concrete walk in front of the following residences on Fifth and Sixth streets: H. R. Gering, V. V. Leonard, Mrs. McVickers, Henry Maury, Frank Schlater, Rae Patterson and Mrs. Ptak; and also one for J. M. Leyda. This work, Mr. Walters says, will be commenced this week. This looks like business on the walk question, and will perhaps terminate in many other such improvements during the season.

John P. Tretsch will erect a frame residence on his farm, two miles west of Plattsmouth, for the building of which foundation Mr. Walters has the contract. It is to be two stories, 32 by 34, and as planned, will be one of the best and most comfortable farm residences in the county. Mr. Walters also has the contract for laying the foundation for a new residence on the old Gorder farm, west of town, which is to be two stories and 28 by 30. This residence is intended for John Gorder, who is now occupying the old homestead.

A. A. Wetenkamp, west of Mynard, is erecting a new house. The main building will be 32 by 34, two stories, with an additional kitchen 12 by 14. The entire building will be completed in short order, and when finished will be a cozy home for the Wetenkamp family.

John Kaffenberger, one of our prosperous German farmers, is building a neat six room addition to his home on Four Mile Creek, and when finished his home will be large and comfortable.

These are but a few of the new improvements that are being made among the thrifty farmers of Cass county. There are many others, but the names have slipped our memory. The Journal would like to give a complete list of the improvements going on in the various sections of the county, and will do so if we can be furnished with the kind of buildings, whether residences or barns, size, etc. So if you are putting up a new residence or barn, or contemplating the erection of either, let us know all the particulars and a notice of the same will find a place in the Journal's columns.

## TIRED ALL DAY, EVERY DAY.

Thousands of Women Write Dr. Hartman to Complain That They Never Feel Wholly Rested, That They Are Always Tired.

MRS. T. TREVER, 121 Alton Place, North Road, Paterson, N. J., writes:  
"I suffered five years with my spine and pains in my back."  
"I consulted you, fortunately, and in fourteen weeks was cured by the use of Peruna and following your advice."  
"I can now do my own work. I cannot thank you enough. I cannot tell you how happy I am. No family should be without Peruna."

Suffered Years With Pain.  
Mrs. Ida Germain, 531 Manhattan Ave., New York City, writes:  
"For many years I suffered with pains in the pelvic organs. I was unable to find relief, as no doctor could help me."  
"I read of your wonderful Peruna and decided to give it a trial. I took it for some time and obtained much relief."  
"Now I am strong again and have a good appetite. Peruna has relieved me of a chronic ailment, and I therefore recommend it to all women."

Always Tired and Weak.  
Mrs. E. A. Connolly, 827 Garner St., Kansas City, Mo., writes:  
"I have suffered for years with stomach trouble, so that I could eat hardly anything. I was tired and weak all the time."

### PELVIC CATARRH CAUSES MANY AILMENTS.

There are so many women who are tired all the time. They get up in the morning tired and drag themselves around wearily all day. They have pain in the back and dragging sensations which seem to weigh them down as though carrying a burden. Many women are undoubtedly suffering with systemic catarrh. The proper remedy for them to take is Peruna. The catarrh has invaded the whole abdominal and pelvic organs. Through mucous discharges they are losing vitality every moment. The food they eat and the sleep they get is hardly sufficient to keep up with the incessant drain on their vitality. The only hope for betterment in their cases is the complete removal of the catarrh. For this Peruna is recommended by Dr. Hartman. It relieves catarrh wherever located in the human body—in the thorax, abdomen or pelvis.

"This was caused by indigestion and female trouble. I suffered agonies and was afraid to be left alone. Completely Exhausted."  
"At times I was afraid to stand on my feet and to attempt to do any household work was out of the question."  
"One day I read an advertisement of Peruna and its wonderful cures and I decided to try it."  
"My husband brought home one bottle and before that bottle was half gone I felt new life and new vigor."  
"That tired, hopeless feeling left me. I began to eat and my food nourished me. I could walk and do my work without fainting."  
"Peruna's Wonderful Work."  
"I took several bottles during the summer and fall and cannot praise it enough for the wonderful work it did for me."  
"When I felt tired or nervous from any cause, a few doses of Peruna cure me."

"I had been doctoring for a year before I tried your Peruna. I suffered the most with pain in my head."  
"A Friend Advised Peruna."  
"One day a friend of mine told me of your Peruna, so I got a bottle. After a week's use of it I began to feel better."  
"At first I could not eat, sleep or work, but I have at last found that the medicine that would cure me was your Peruna."  
"A New Woman."  
"My face has a good color now. I am a new woman. I thank you very much."  
"Followed Dr. Hartman's Advice."  
"Mrs. Viola Marshall, 429 West Mason street, Springfield, Ill., writes:  
"Two months ago when I sought your advice, I had gotten so weak that I had to lie down most of the time."  
"Praising Peruna."  
"I began taking your Peruna and now I feel like a new woman."  
"I shall never cease praising Peruna, nor thanking Dr. Hartman for his kind advice."

### Union

From the Leader.

Prof. C. H. Taylor, principal of schools at Springfield, came last Friday evening to visit over Sunday with his mother and other relatives and friends in this vicinity.

Mrs. Lenora Harris returned on Tuesday from Atlantic, Ia., where she was visiting relatives and looking after the sale of some property she owned at that place.

Mrs. W. P. Keyser of Fremont county, Iowa, came over last Sunday for a short visit with some of her friends in this village, and she received a cordial greeting from all whom she was able to meet.

Rev. George Surface and family have moved from near Thurman, Iowa, and now reside on the Ervin place northeast of here. He will have regular appointments at the Otterbein church and perhaps at some other points.

Elmer Baker of Lincoln took a few days off from his work as street car conductor and came Monday to make a visit with his relatives, the Baker and Mark families, near this village. He also made many new acquaintances in town, all of whom would be glad to meet him again.

F. M. Baker of Oak, Neb., came in Monday for a few days visit with his brother, Thomas Baker, and a number of other relatives in this vicinity. This is the first time the

### Let Us Don Our Hustling Clothes.

We note in several of our exchanges that several large manufacturing firms in the large cities have representatives visiting different sections of the west looking out locations with a view of establishing branch factories. Among the number is a large shoe factory which desires to establish a branch house in some western town, which will give employment to twelve hundred people. It is altogether probable that some people in this city would make sport of the attempt to get such an establishment here in Plattsmouth, but there is nothing like trying. We don't know what we can accomplish until we make the proper effort. The people of this city could afford to give half they are worth to get such a prize as a shoe manufacturing establishment that would give employment to twelve hundred people. Why not don our hustling clothes, get together and send one, two or three representative business men direct to headquarters and see what the shoe company demands for a location, and if the amount is within reason, try our level best to raise the amount. Twelve hundred additional people in Plattsmouth would be just the turning point in a great boom for the old town.

### Fortunate Missourians.

"When I was a druggist, at Livonia, Mo.," writes T. J. Dwyer, now of Graysville, Mo., "three of my customers were permanently cured of consumption by Dr. King's New Discovery, and are well and strong today. One was trying to sell his property and move to Arizona, but after using New Discovery a short time he found it unnecessary to do so. I regard Dr. King's New Discovery as the most wonderful medicine in existence." Surest cough and cold cure and throat and lung healer. Guaranteed by F. G. Fricke & Co., druggists. 50c and \$1. Trial bottle free.
