AN ORGANIZATION EFFECTED

cessful Meeting Monday Evening.

Minimum Membership Fee Fixed at Twentyfive Cents - Officers Elected From Feminine Members.

In response to the call of the tempo-

rary chairman, the council chamber was filled Monday with a large and enthusiastic assembly of citizens, who desire to promote and beautify our city. A prominent feature of the meeting was the large attendance on the part of the gentlemen, who outnumbered the ladies present. The purpose of the meeting was to pass upon the constitution and by-laws that had been prepared by a committee appointed by Chairman Windham at the meeting held at the Parmele as few days ago. The constitution and by-laws were submitted and amended as desired by the members present. The time designated for the annual meeting and election of officers was unanimously decided should be the first Monday in February. The membership fees and annual dues were each fixed at twenty-five cents, so that everyone would be able to become a member. The object of the organization as agreed upon in the constitution is to promote and beautify the city nated, a complete transformation, as will be greatly missed in South Bend and cemetery by assisting the city officials in enforcing the ordinances relating to public Improvements, and benefits, and by destroying the weedssome dark-blue silk tuxedos faced with bury, which is not so far as to make and removing nuisances from their orange, knee-breeches and stockings to frequent visits to the old home imjoining streets and alleys. Mayor Gering made several practical suggestions that would enable the organization to procure the desired results. After the constitution and by-laws were accepted as a whole, the society proceeded to the election of officers,
