WHAT THE KIDNEYS DO

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when un-healthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms pain in the back, gout, headache, nervousness, hot, dry skin, rheumatism, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, droopiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

W. R. Taylor, of 1513 Webster street Omaha, Neb., employed at the Omaha Hardware Lumber Co., says: "My kidneys troubled me for a couple of years, my back ached, the kidney secretions became highly colored and sharp twinges caught me in the kidneys when stooping. Procuring Doan's Kidney Pills I took them and they cured me. I do not hesitate in saying that Doan's Kidney Pills are a reliable kidney remedy and I have spoken to several of my friends about them.

TWO BEAUTIFUL WOMEN WHO ESCAPED SPRING CATARRH BY TAKING PE-RU-NA

Spring Fever Is Spring Catarrh—Nothing Robs One of Strength Like Spring Catarrh.

Miss Nellie Condon.

Gained Eighteen Pounds.

Mrs. Hattie Hamilton, R. F. D. 2, Sparta, Ky., writes: "I have taken two bottles of Peruna and commenced on the third.

"I did not really need the third one, but thought it best to take another bottle.

"I have always weighed 102 pounds, but since I began taking Peruna I weigh 120 pounds for the first time in all my life, and I am now 33 years old.

"Your medicine has surely done me a great deal of good and I have recommended it to several others who have begun taking it.

"My mother, who is 70 years old, had grown so weak she could scarcely walk.

"She took two bottles of Peruna and is fleshier and is looking well."

A Spring Tonic.

ALMOST everybody needs a tonic in the spring. Something to brace the nerves, invigorate the brain, and cleanse the blood. That Peruna possesses such qualities is beyond all question.

We have on file thousands of letters which testify to the curative value of Peruna in cases of nervous depression and run down conditions of the system.

A Typical Letter.

Mrs. Rhoda Stufflebeam, Bunch, Iowa, writes:

"For years I suffered with catarrh of the throat and bronchial tubes.

"I doctored with different physicians, but kept getting worse all the time.

"This spring I took a cold which settled on my lungs. I had such a cough I could not rest at night. My friends, and I myself thought I had consumption.

"A friend advised me to try Peruna. I bought a bottle and wrote to you for advice. Before I had taken one bottle, my cough was better so I concluded to give it further trial.

"I followed your directions as closely as possible, and thanks to you and Peruna, I am a well woman to-day."

Peruna never fails to prevent spring catarrh or nervous prostration, if taken in time.

What Plattsmouth Should Do.

Nebraska City seems to be getting all the good things this season, while Plattsmouth gets left on everything. One thing that helps out our sister city is the fact that they possess a live Commercial club which banishes all kickers on business propositions, and when any legitimate enterprise desires to visit the city for two or three days or a week, they go to work with a vim and make the necessary arrangements. That old bug used to harbor knockers, but they got tired of them, shut down on their clamoring, and now everything is running as smoothly as they could possibly desire. This is what the Plattsmouth Commercial club should have done long since. A successful knocker can do more harm to a town than all the Commercial clubs in the land if not set down upon pretty hard. Let's adopt the Nebraska City plan, and knock out the knockers at every turn.

How to Break Up a Cold.

It may be a surprise to many to learn that a severe cold can be completely broken up in one or two days' time. The first symptoms of a cold are a dry, loud cough, a profuse watery discharge from the nose, and a thin, white coating on the tongue. When Chamberlain's cough remedy is taken every hour on the first appearance of these symptoms, it counteracts the effect of the cold and restores the system to a healthy condition within a day or two. For sale by F. G. Fricke & Co. and A. T. Fried.

Peru Normal Crowded.

A special from Lincoln says: "Chairman Ludden of the State Normal board returned to Lincoln today after a visit to the State Normal school at Peru. He reported the greatest interest being taken in the summer school there. Over 700 students are enrolled now and over 300 have been turned away because of a lack of accommodation. The citizens of the town have turned their homes over to the pupils and many are sleeping on cots, wherever they can find room for their cots."

—Thousands annually bear witness to the efficiency of Early Risers. These pleasant, reliable little pills have long borne a reputation second to none as a laxative and cathartic. Pe-ru-na Is a Fine Tonic For a Weary Woman.

A Letter of Praise.

Miss Nellie Condon, 450 7th Avenue, Brooklyn, N. Y., writes:

"I consider Peruna the ideal spring tonic. For the past five years I have taken it at this time of the year and find that it enables me to endure the variable weather of the spring and the trying heat of the summer."

Peruna affords the most prompt and permanent relief in all cases of nervous prostration, caused by systemic catarrh, as verified by many cures on our records.

Mrs. Hattie Hamilton.

Pe-ru-na Contains No Narcotics.

One reason why Peruna has found permanent use in so many homes is that it contains no narcotics of any kind.

Peruna is perfectly harmless, if taken according to the directions on each bottle. So used, it can be taken any length of time without acquiring a drug habit.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh.

There are a multitude of homes where Peruna has been used off and on for twenty years.

Such a thing could not be possible if Peruna contained any drugs of a harmful nature.

Postmaster Robbed.

G. W. Eonts, postmaster at River-ton, Ia., nearly lost his life and was robbed of all comfort, according to his letter, which says: "For 20 years I had chronic liver complaint, which led to such a severe case of jaundice that even my finger nails turned yellow; when my doctor prescribed Electric Bitters; which cured me and have kept me well for eleven years." Sure cure for biliousness, neuralgia, weakness and all stomach, liver, kidney and bladder derangements. A wonderful tonic. At F. G. Fricke & Co.'s drug store. 50 cents.

Mistake Causes Explosion.

While washing yesterday morning Mrs. Gallagher of Lincoln, who is visiting with her son, Verne, and wife, met with a serious accident. She was pouring what she supposed to be kerosene, into the boiler of hot water, when it suddenly exploded, burning her face and hands quite severely. It was afterwards discovered that she had picked up the wrong vessel, which contained gasoline, instead of coal oil.

No Operation

Mrs. Malinda Akers, of Basham, Va., writes: "I had what doctors call 'prolapse,' and couldn't stand straight. I had pain in my back and shoulders, and was very irregular and profuse. Doctors said an operation was needed, but I couldn't bear the thought of the knife. After taking three bottles of Wine of Cardui, I could walk around. Can now do my housework and am in splendid health."
