## MANY PEOPLE HAVE CATARRH OF KIDNEYS AND DON'T KNOW IT.

Backache, a Warning Symptom of Kidney Trouble.

Pe-ru-na Is Invaluable in Such Cases.

Prominent Persons Who Have Been Cured.

Mr. J. Blyler, 1305 Ohio street, Des Moines, Ia., writes: "I wish to state my appreciation of your excellent remedy. I have always enjoyed excellent health, except frequent and painful attacks of bladder trouble, which doctors failed to relieve or cure. Upon recommendation I used Peruna to my utter satisfaction, not having had an attack now for four or five years."—J. Blyler.

MR. J. BLYLER  
Catarrh of Kidneys Caused Much Suffering.

Mr. Leopold Brandl, 246 Bleecker street, Brooklyn, N. Y., writes: "I was sick three months with catarrh of the kidneys and lungs. I was treated by my home physician and relieved to some extent, but after I had worked again for two weeks, my old suffering—backache and pains in the right lung—returned. The dreadful cough which bothered me day and night lasted six months and no one could help me. I tried three different patent medicines, without avail. I could scarcely eat anything and slept only a few hours each night. A friend told me to take Peruna. I did so and the second day my appetite had improved. I took a teaspoonful of Peruna every hour, day and night, for three weeks. Now I have taken five bottles. I can eat enough for two people and am able to sleep well. Whenever I meet a sick person, I advise him to take Peruna. I thank you a thousand times for your medicine, as it was the only remedy that saved me. We continue to keep it in our family."—Leopold Brandl.

MR. L. BRANDL  
Dangerous Kidney Diseases Cured.

WHEN the kidneys become affected by catarrh, either from colds, overwork, or an extension of catarrh from some other organ, they fail to perform their normal functions.

It is the work of the kidneys to excrete from the blood many of the poisons which accumulate in the body.

If the kidneys fail in their work, the poisons accumulate to such an extent as to cause convulsions, which often prove fatal.

Peruna, by relieving the kidneys of their congested and catarrhal conditions, leaves them free to act in a normal manner.

It also strengthens the action of the heart, equalizing the circulation of the blood in all parts of the system.

A remedy that relieves catarrhal derangements of the kidneys should certainly be considered a household remedy. Peruna is such a remedy.

High Commendation For Pe-ru-na. Mr. C. B. Fizer, Mt. Sterling, Ky., writes: "I have suffered with kidney and bladder trouble for ten years past. Last March I commenced using your Peruna and continued for three months. I have not used it since, nor have I felt a pain."

"I believe that I am well and I therefore give my highest commendation to the curative qualities of Peruna."

Neglected catarrh of the kidneys is apt to develop into Bright's Disease or diabetes, when a cure is almost an impossibility.

We have on file many testimonials like the ones given here. We can give our readers only a slight glimpse of the vast array of unsolicited endorsements we are receiving every month.

No other physician in the world has received such a volume of enthusiastic letters of thanks as Dr. Hartman for Peruna.

Address Dr. S. B. Hartman, President of the Hartman Sanitarium, Columbus, Ohio, for free medical advice.

#### Negroes Escape Jail.

The police officers of this city were notified yesterday of the escape of two negroes from the Nebraska City jail Sunday night. These negroes were charged with burglarizing Sam Goldberg's store several weeks ago, and were captured a few days after the occurrence at Pacific Junction with the goods stolen in their possession. In reference to the escape the Nebraska City News of Monday says:

"Deputy Sheriff Donovan was sleeping in the sheriff's office and last night at 11 o'clock he heard the negroes talking, but paid no attention to them, and a little later all was still. This morning when he went to call on them he found that his birds had flown."

"That they received aid from the outside can be easily proven. The saw was passed to Fleming from the outside, and it is not known where the small piece of iron came from."

"Sheriff Donovan offers a reward of \$50.00 for their capture. A description of the men is as follows: Robert Fleming, height 5 feet and 10 inches, weight 145 pounds, aged 20 years; wore blue overalls, blue jacket, white or black soft hat; is a very dark negro; bow-legged and slightly stooped shouldered, and talks freely. George Crockett, 5 feet, 6 inches tall, weight 150 pounds, dressed in blue overalls and blue jacket, white or black soft hat; yellow complexioned; has a scar over right forehead nearly up to the hair; said scar has three marks across it."

The fugitives were captured last night by the deputy sheriff of Nemaha county, at the Fred Oelke farm, one mile and a half northeast of Paul.

"You cannot induce a lower animal to eat heartily when not feeling well. A sick dog starves himself, and gets well. The stomach, once over-worked, must have rest the same as your feet or eyes. You don't have to starve to rest your stomach. KODOL FOR DYSPEPSIA takes up the work for your stomach, digests what you eat and gives it a rest. Puts it back in condition again. You can't feel good with a disordered stomach. Try Kodol. Sold by Fricke & Co. and Gering & Co.

## Female Weakness

"Last Fall," writes Mrs. S. G. Bailey, of Tun-nelton, W. Va., "I was going down by inches, from female disease, with great pain. After taking Cardui, Oh! My! How I was benefited! I am not well yet, but am so much better that I will keep on taking Wine of Cardui till I am perfectly cured."

Despite the envious attacks of jealous enemies and rivals, Cardui still holds supreme position today [as in the past 70 years] for the relief and cure of female diseases. It stops pain, tones up the organs, regulates the functions, and aids in the replacement of a misplaced organ.
