Items of General Interest Selected from the Columns of Contemporaries

Nehawka

(From the Register.)

Bob Willis threshed his winter wheat Wednesday and it yielded 31 bushels per acre and tested 61 pounds. Grandma Sheldon's many friends will be glad to hear that she arrived in New England safely, having stood the trip nicely.

G. F. Young threshed his wheat this week and from a twenty acre field he threshed out 615 bushels or almost 31 bushels per acre.

Miss Leona Pollard, Miss Ruth Murdoch and Miss Hall left Thursday for the mountains of Colorado. They will be joined at Lincoln by Miss Minerva Tool.

Paul Kirkpatrick, wife and babe left the first of the week for their home in Denison, Texas. They went by the way of Colorado, where they will enjoy the mountain air and scenery a few days before returning home.

The soliciting committee for the Nehawka fair has been doing some work the past week and have nearly \$300 raised. With the concessions this will make a neat sum for prizes and other necessary expenses. The fair this year is bound to be a hummer.

Paul Kirkpatrick, wife and little daughter came home for the Fourth. They were joined there by a number of relatives, and the day was spent in a family reunion. Those present were Guy Kirkpatrick from St. Joe, Mo., W. B. Reed, wife and daughters, from Council Bluffs, Ia., Mrs. Ruffner and sons from Plattsmouth and Dr. Dodge and wife from Omaha. In the evening Mrs. Palmer and Miss Stella Banning called and a pleasant time was enjoyed.

A Tragio Finish.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth McIver, of Vanceboro, Me., permitted a little cold to go unnoticed until a tragio finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by a neglected cold; but Dr. King's New Discovery saved my life." Guaranteed best cough and cold cure, at F. G. Fricke & Co.'s drug store. 50c and \$1.00 Trial bottle free.

Eagle

(From the Beacon.)

We are informed that Mr. A. C. Adams has purchased a fine new electric automobile.

Wheat threshing commenced this week. Both the quality and quantity are far better than was expected a few weeks ago.

With a feton on one of his fingers and a large boil on the back of his neck, little Warren Trumble thinks he is having more than his share of trouble.

Ed Betts has loaded and shipped five cars of new wheat this week. The wheat has all been of excellent quality and brought 63 cents per bushel.

Last Tuesday Nels Japperson left for Denmark for a visit with his aged mother and other relatives. He expects to be gone about three months.

Allen Crabtree has just finished threshing his 70 acre field of wheat which was marketed here at 63 cents per bushel. The yield was 37 1/2 bushels to the acre and tested 63 pounds. The threshers said it was the finest piece of wheat they ever saw. Stand up for Nebraska.

"Be Ye Temperate in All Things."

Why is it that when people talk about intemperance they always apply it to the drink habit? Why don't they occasionally take a shy at intemperance in eating? Intemperance in talking? Intemperance in lying? Intemperance in abuse of those that are not liked? Intemperance in gossiping? Intemperance in going about casting reflections on neighbors? There are many kinds of intemperance that need attention that are never mentioned. Be ye temperate in all things.

Havelock.

(Messenger.)

Raymond Hinkle had his foot pretty badly crushed last Wednesday evening. He was running the elevator at the shops and by some mistake got his foot caught.

The boiler-makers are planning for a big picnic one week from tomorrow. The five day order will fit in with their plans very nicely and open the way for a general good time.

J. H. Ellis, the B. & M. storekeeper, went to Alliance yesterday to pack his goods for shipping and move his family to Havelock. He expects to return Monday. The Sumpter house, for

which he has been waiting, was vacated this week.

Mr. and Mrs. C. W. Green and daughter have gone to their homestead in the northwest part of the state, about 30 miles from Alliance, where they will remain a few weeks. On their return they will visit in Sterling and Denver.

Mrs. W. L. Cooper and two sons arrived in our city Wednesday morning. Mr. Cooper, who is the new chief clerk in the supply department, has been in the city two or three weeks and is proving quite popular. They will live in the Lobdell property. We extend a hearty welcome.

Vice President Willard of the B. & M. issued an order which went into effect yesterday at the various shops of Nebraska, reducing the time to 40 hours per week. They will work five days of eight hours each. The shop being closed on Saturday, is causing considerable disappointment among the men, especially in view of the fact that the Havelock shop was crowded with work, leaving no visible reason for the order. Under the circumstances it will not be likely to last long.

Old Chronic Sores.

As a dressing for old chronic sores there is nothing so good as Chamberlain's Salve. While it is not advisable to heal old sores entirely, they should be kept in a good condition, for which this salve is especially valuable. For sore nipples Chamberlain's Salve has no superior. For sale by F. G. Fricke & Co. and A. T. Fried, druggists.

Elmwood

(From the Leader-Echo.)

A twelve pound boy was born to Mr. and Mrs. A. M. Newlin Wednesday.

An eight pound boy was born to Mr. and Mrs. Harry Kruger, Thursday, July 12.

A daughter was born to Mr. and Mrs. F. G. Richardson, of Fremont, Wednesday, July 11th.

Jake Fleishman is the first of our farmers to thresh fall wheat. We did not learn how many acres he had, but it yielded a little over thirty bushels per acre and tested 62 1/2 pounds.

J. B. Elliott had his left hand terribly mangled in the cylinder of a threshing machine yesterday. Dr. Munger, who was called to dress the wounds, is in hopes of saving the hand.

L. A. Tyson has purchased the W. N. Minford house, and Dick McNurlin is moving it onto the two lots adjoining Cyrus Alton's property on the east. Lou will repair and remodel the building and make it his home.

Wm. Kunz severely mashed the second finger of his right hand, Tuesday, catching it between a plow beam and wagon wheel while loading the plow. Billy lost the end of this finger two years ago in a corn sheller, and begins to think he might as well have it amputated so as to keep from losing a piece of it every year or so.

Dr. Munger called Dr. Allison, of Omaha, and Dr. Hall, of Plattsmouth, in consultation Saturday evening over the case of James Hall, and it was decided to operate for the removal of the prostate gland. Later in the evening the operation was performed. Mr. Hall rallied from the shock nicely, and is now doing even better than was anticipated.

"IN A BAD WAY."

Many a Plattsmouth Reader Will Feel Grateful for This Information.

When your back gives out; Becomes lame, weak or aching; Your kidneys are "in a bad way." Doan's Kidney Pills will cure you.

Here is local evidence to prove it: Mrs. L. A. Newcomer, of 699 Gold street, Plattsmouth, Neb., says "As soon as I would lie down my back would commence to ache and I could hardly lie still. I would try one position then another and another and was all the time changing to find some way in which I could lie and find relief. This was my condition every now and then for three years or longer. During the day or when on my feet the trouble was not noticeable. The trouble would come when I was trying to get some rest. Friends told me that my kidneys were undoubtedly affected which was the cause of my suffering. Seeing Doan's Kidney Pills so highly recommended, I got a box at Gering & Co.'s drug store. I used about one-half of them and my back ceased to ache and I have not been bothered scarcely at all since. My experience with Doan's Kidney Pills warrants me in saying they are true to their representations.

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Louisville

(From the Courier.)

Born, to Mr. and Mrs. Hagan, July 11th, a boy.

Born, to Mr. and Mrs. Elmer Ball, July the 11th, a girl.

Lightning struck and killed one of Emery Steele's cows during the storm Thursday afternoon.

The chapel car, which has been stationed here for a number of weeks, left for Wabash last Saturday.

Last week a typographical error caused the Courier to state that C. E. Mockenhaupt had celebrated his fifty-ninth birthday on July 4th. Chris. says the family records show him to be but fifty and that he doesn't feel a day older. Here's hoping that he may live another fifty.

Arthur Palmer, the Louisville sailor boy, who was expected home on a furlough this week, did not come because of a favorable change in his rating, which admitted him to the naval school of yeomanry. Arthur writes that he is enjoying splendid health and since being made a member the Yeuta Buena Vaudeville company thinks he is going to "like the place." Arthur's stunt in vaudeville is elocution.

Modest Claims Often Carry the Most Conviction

When Maxim, the famous gun inventor placed his gun before a committee of judges, he stated its carrying power much below what he thought sure the gun would accomplish. The result of the trial was therefore a great surprise instead of disappointment. It is the same with the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea remedy. They do not publicly boast of all this great remedy will accomplish, but prefer to let the users make the statements. What they do claim, is that it will positively cure diarrhoea, dysentery, pains in the stomach and bowels and has never been known to fail. For sale by F. G. Fricke & Co. and A. T. Fried.

Union

(From the Ledger.)

Mrs. Eva Keene, of Red River, New Mexico, spent several days visiting her sister, Mrs. Nelson Applegate, and other relatives, departing for home Wednesday.

Jesse Pell's little daughter, aged two years, suffered a severe attack of cholera infantum last Sunday, and although she was dangerously ill she is now recovering nicely.

George Graves, who has been playing with the Topeka Western Association ball team, came home last Friday to spend several days recovering from an injured ankle which he received in making a slide to a base.

W. B. Hargus was taken very sick last Sunday, apparently with an attack resulting from kidney trouble, and for a few days his condition was so serious as to cause alarm, but he is now improving and it is thought he will recover his old-time vigor in a short time.

J. W. Pittman suffered some painful injuries last Friday, the result of his team becoming frightened and running away, throwing him out over the front of the wagon. Soon as possible after the accident a physician was called and an examination showed that Mr. Pittman had suffered a broken rib and a good general shaking up from which he will not soon fully recover, but is now able to be out.

Simon Gruber's little daughter, Charlotte, suffered a painful wound Wednesday afternoon while playing with some other children near home. They were wading in the pond and the little girl stepped upon a large spike driven through a board that was imbedded in the mud, the rusty spike running entirely through the middle of the foot. It made an ugly wound, but unless blood poison follows there is no fear of serious results.

A little love, a little wealth, A little home for you and me; It's all I ask except good health, Which comes with Rocky Mountain Tea. Gering & Co., druggists.

"Kit Carson" Friday Night.

Reed's Kit Carson Tent Show will exhibit on the high school grounds Friday night. This is a clean, first-class organization, carrying a fine band and orchestra, thirty people, traveling in two special cars. The show is equal to the very best opera house attractions. Band concert at noon and 7:30, free exhibition by Marcello, the human frog, in front of the tent in the evening. "Kit Carson" is a beautiful western melodrama in four acts. Late up-to-date specialties between every act. Remember the date and place.

Try a little KODOL FOR DYSPEPSIA after your meals. See the effect it will produce on your general feeling by digesting your food and helping your stomach to get itself into shape. Many stomachs are overworked to the point where they refuse to go farther. Kodol digests your food and gives your stomach the rest it needs, while its reconstructing properties get the stomach back to working order. Kodol relieves flatulence, sour stomach, palpitation of the heart, belching, etc. Sold by F. G. Fricke & Co. and Gering & Co.

FUTURE OF PLATTSMOUTH

Facts and Figures Would Indicate a Steady Increase in the Population.

NOT A DESIRABLE RESIDENCE FOR RENT

While One Year Ago Dozens of Them Could Be Had at a Very Low Price.

Never since the year that a portion of the Burlington shops were removed from this city to Havelock, has Plattsmouth boasted of the number of inhabitants that we can boast of at the present time. Take for an illustration, the increase in the number of children between the ages of 5 and 21 years, and it shows a total of 1,823. This is accounted for by the many families that have moved here from other states, and have found steady employment in the shops or in other vocations. We must all acknowledge that there has been a steady growth and improvement in Plattsmouth in the past two years. The Journal is no enthusiast, but for the benefit of the city we all must toot our own horns when it becomes necessary. Other towns do it, and so must we.

The citizens are becoming more interested in the welfare of the city and many good words may be heard on every hand, for its future welfare. It is apparent, also, that there is a steady growth in the population of Plattsmouth. A walk over the city will disclose the fact, that there are but very few, if indeed any, desirable residences now vacant, and, figuring our population upon the same basis used by Omaha and Lincoln and other cities of our state, in arriving at and announcing their population, viz: figuring from the number of children of school age in the city, and it will give us a population of nearly, if not quite, 8,000. The future of Plattsmouth is by no means waning, but has the appearance to a casual observer of having a very bright future, and is bound to receive her share of the emigration from the east to the west.

The Journal is no optimist, or anything of that kind, but from the day we entered the city to make it our abiding place, over four years ago, we have had faith in the future of Plattsmouth. All towns and cities have their reverses. Plattsmouth has had hers, and from now, on, with "a long pull and pull altogether," we will inside of the next five years boast of a population of not less than 10,000, based on the average increase in the past two years.

Men's Furnishings

The negligee man enjoys life in the hottest kind of weather, because he is dressed for comfort. We show you the most beautiful and exclusive patterns in men's fine quality negligee shirts all colors, including new effects in white. Strawhats, the kind that bespeak you at a glance to be a good dresser. Everything in midsummer wear that is found in the most fashionable haberdashery of the larger cities, but at prices much below those usually charged for the same goods.

Department Store

M. FANGER, Prop.

Machine oil at Asemussen & Louck's. We will give you bargains on American Fence. Asemussen & Louck.

A Hard Lot of trouble to contend with spring from a torpid liver, and blockaded bowels unless you awaken them to their proper action with Dr. King's New Life Pills, the pleasantest and most effective cure for constipation. They prevent appendicitis and tone up the system. 25c at F. G. Fricke & Co.'s drug store.

Nothing Sure.

Cass county will have the largest delegation, except Lancaster, in the republican congressional convention, which meets in Auburn, Thursday, August 9. Cass has 26; Richardson comes next with 25, and Otoe has 20. It will be seen that the successful nominee will have to have Lancaster, Cass and one other county, even if it be that of Johnson, which has the smallest number of delegates—14. There will be lively times in Auburn about the 9th, and without a pledge from Lancaster, we can't see where Mr. Pollard has any sure thing.

Kennedy's Lavative Honey and Tar is the original laxative cough syrup and combines the qualities necessary to relieve the cough and purge the system of cold. Contains no opiates. Sold by F. G. Fricke & Co. and Gering & Co.

HOW TO AVOID SMASHUPS

An Automoblist Submits a Few Good Rules For Machine Drivers.

An automobile owner sends in the following rules worthy of consideration by drivers who have trouble with their horses on the appearance of autos. Chaffeurs are just as anxious to avoid accidents as horse owners, and a little caution and observance of the rules will materially lessen the chances for trouble. Here is what he writes:

"Never try to pass a car on a side hill. Stop your team either at the top or bottom of a hill until the car passes. It is very difficult to stop a car going down hill, particularly on a side hill. If you are on the road, and a car approaches from the rear, and you cannot trust your team to turn out, drive straight ahead to the first cross road, where you can turn out and let the car go by. Then come back into the road behind the car. Do not try to be smart and drive ahead just to annoy the car, for the man is liable to lose patience or take it for granted that your team is not afraid of the auto and rush past you at the first opportunity. If you are meeting a car and have a bad horse, signal the car by a wave of the hand, and the man will assist you to get by. Do not attempt to drive ahead and pass a car unless you are not afraid. If team is troublesome, just stop and signal, and the car man will do his part to help avoiding trouble. Don't hesitate to signal. Any chaffeur will understand it. Always keep cool and do not get excited. Often the driver gets more excited than his team."

It has caused more laughs and dried more tears, wiped away diseases and driven away more fears than any other medicine in the world. Hollister's Rocky Mountain Tea. 35 cents, Tea or Tablets. Gering & Co., druggists.
