There is nothing so pleasant that night, cheerful, at peace with oneself, good feeling when you sit down to your breakfast. There is nothing so conducive to good work and good results. The healthy man with a healthy mind and body is a better fellow, a better workman, a better citizen, than the man or woman who is handicapped by some disability, however slight. A slight disorder of the stomach will debase your body, your thoughts and your disposition. Get away from the morbidness and the blues. Keep your stomach in tune and both your mind and body will respond. Little indiscretions of overeating can be easily corrected and you will be surprised to see how much better man you are. Try a little Kodol For Dyspepsia after your meals. Sold by F. G. Fricke & Co. and Gering & Co.
