

Buy Hair at Auction?

At any rate, you seem to be getting rid of it on auction-sale principles: "going, going, g-o-n-e!" Stop the auction with Ayer's Hair Vigor. It certainly checks falling hair; no mistake about this. It acts as a regular medicine; makes the scalp healthy. Then you must have healthy hair, for it's nature's way.

GLAD HANDS TO NEBRASKANS

Bryan's Home Folks Given a Cordial Reception in New York.

CERTAINLY ARE THE LIONS OF THE DAY

What Col. Bills Has to Say About Nebraska's Favorite Son.

A special from New York, under date of August 27, says: "New York's reception to Nebraska's 'Bryan home folks' has been cordial. Seats, which are in great demand, have been assured the entire party, and the rooms of Mayors Brown Brown and Dahلمان have been crowded with visiting democrats and Nebraskans resident in New York. The presence of the delegations has started a movement among Nebraskans here for the organization of a Nebraska club. Trouble is being experienced in securing permission to go down the bay, except as a party and meet the Princess Irene, and Mayor Dahلمان wired President Roosevelt at Oyster Bay for permission, which can be granted in emergency. It was reported today that Mr. Bryan has been delayed at some island en route, but no confirmation of the rumor could be secured. Tomorrow night the Nebraska bunch goes to Luna park to visit Skip Dundy and the next evening to see Ruth Bryan's play."

Our Mayor in the Swim.
A special from New York says: "Norman E. Mack, democratic state committeeman, gave an informal luncheon this afternoon at the Hoffman House to the western visiting mayors here to attend the W. J. Bryan reception and to several other state committeemen."

"Those who were Mr. Mack's guests were Mayors F. W. Brown of Lincoln, J. C. Dahلمان of Omaha, W. F. Green of Nebraska City, Henry Gering of Plattsmouth, F. W. Hunker of West Point, R. E. Walzke of Humboldt, M. M. Ulze of Holdrege and William Burke of Friend. The national committeemen present were: J. C. Dahلمان of Nebraska, D. J. Campau of Michigan, T. E. Ryan of Wisconsin, R. M. Johnson of Texas, Joseph Daniels of North Carolina, John E. Osborne of Wyoming, L. V. Baughman of Maryland, John T. McGraw of West Virginia and Chairman Taggart of Indiana. Tonight the western mayors took a trip to Coney Island."

From the above and other reports from New York, the indications are that Mayor Gering is "right in the swim" and is enjoying himself hugely.

Team Starts for Home.

The team of W. D. Warner, of Pacific Junction, broke the monotony Tuesday by taking a lively spin down Main street without a driver. Mr. Warner had brought over a load of potatoes and just got the last "spud" unloaded at Dove's store when the boys took it into their heads to hit the high places for the ferry. Accordingly they started without warning on the keen jump for the river road, dashing across the Burlington tracks and down the steep and twisted trail to the bottom road, miraculously making the steep turn without tipping over the wagon, and were stopped, well on their way to the bridge, by Fred Black. Neither horses, harness nor wagon were injured in the least.

C. J. Gaebel's Annual Sale.

C. J. Gaebel informs the Journal that his annual pig sale will occur on Tuesday, October 2, 1906, and that the stock he will offer for sale is in the very best condition. Mr. Gaebel is known far and near by all fine stock breeders, and these sales are generally very largely attended. Charley is one of the best fellows in the world and his hospitality on these occasions is well known. The sales are very popular from the fact that people know that nothing is offered for sale but first-class, high-grade hogs. It will be well for those who are thinking of embarking in the breeding of high-grade pigs to get ready to attend Mr. Gaebel's sale October 2, four miles south of Louisville.

W. J. BRYAN'S HOME-COMING

The Program Complete—Seven Bands Secured for the Great Event.

A special from Lincoln says the program for the Bryan reception at the state capital is all complete. The program will begin at the capital grounds at 7 o'clock. Mayor Brown and Governor Mickey will deliver addresses and Mr. Bryan will respond. A mounted escort of 200 men will meet Mr. Bryan at the depot. They will accompany him to the capital grounds.

The executive committee met at the Commercial club rooms this afternoon and provided for the final plans regarding the reception. Chairman Armstrong of the music committee was authorized to secure seven bands for the occasion. Chairman Sawyer of the finance committee announced that the official badges were shipped yesterday and he asked all the members of the various committees to assist in the sale of them. These badges are of handsome design. Part are of bronze and part are of silver. The face of Mr. Bryan adorns one side of the medallion while a picture of the Bryan

WILLIAM J. BRYAN.

home is displayed on the other. The badges will be sold at \$1 each, no more and no less. They are limited to quantity and the committee anticipate ready sale. The expenses of the occasion will be met with the money derived from a sale of the badges.

Chairman J. E. Miller of the decoration committee announced arrangements have been made to spend more than \$2,000 in decorations. Thirty-two blocks have raised the funds necessary to brilliantly light the streets. Thousands of yards of bunting and a myriad of flags will wave in honor of the wanderer as he rides up the streets of his home city.

Mr. Bryan will ride in the front carriage with Governor Mickey, Mayor Brown and President Miller of the Commercial club.

Insanity Case at Elmwood.

The insanity board, comprised of County Attorney Rawls, Dr. E. W. Cook and District Clerk Robertson, left this afternoon for Elmwood to investigate the mental condition of Mrs. Sid West, who is thought to be insane. Her physical condition is such as to make her removal to Plattsmouth inadvisable and if she is pronounced insane Sheriff Quinton, who will meet the board at Weeping Water, will take her at once to the Lincoln asylum.

A Very Sore Hand.

Dr. A. P. Barnes, while out at Charley Countryman's, four miles west of Murray, Tuesday, met with a very serious accident. While saving his vehicle from going over an embankment, he stepped on a round stone, slipped and fell. He struck the ground on his left hand in such a manner as to bend several of the fingers backward, lacerating the inside of that member and spraining several fingers. The doctor suffers considerable pain in consequence.

Dr. Chapman Dies.

Dr. E. J. Chapman died at his home in Missouri Valley, Ia., Monday evening of locomotor ataxia. Dr. Chapman has visited in Plattsmouth upon several occasions and was a brother of C. D. Chapman, who lived in this city years ago.

Carpenters Wanted.

For Hershey to Northport Line, Western Nebraska. Wages, \$2.25 to \$2.85 per day of ten hours. Board \$4 per week. Transportation furnished from Omaha. For further particulars address S. E. RUSSELL, General Foreman, Sutherland, Neb.

Stomach Troubles and Constipation.

No one can reasonably hope for good digestion when the bowels are constipated. Mr. Chas. Baldwin, of Edwardsville, Ill., says: "I suffered from chronic constipation and stomach troubles for several years, but, thanks to Chamberlain's Stomach and Liver Tablets, am almost cured." Why not get a package of the tablets and get well and stay well? Price 25c. Sample free. For sale by F. G. Fricke & Co. and A. T. Fried.

LOOKING BACKWARD TWENTY-SIX YEARS

The Plattsmouth Courant, Wentworth & Crites, Editors and Publishers.

NEBRASKA DEMOCRATIC PLATFORM 1880

[From Judge Ramsey's Historic "Scrap Book."]

It is not now generally known, but some twenty-six years ago, a democratic newspaper was published in Plattsmouth called the "Plattsmouth Courant," then owned and published by Wentworth & Crites. The senior member of this firm, a number of years ago, passed the boundary of life, but his partner, Judge Albert W. Crites, now of Chadron, Dawes county, Neb., still lives and is one of the ablest and most prominent attorneys of the state.

In the issue of June 11, 1880, we find the following resolutions, adopted by the Nebraska Democracy:

"RESOLVED, That the democratic party of Nebraska pledges itself to ceaseless exertion, pursuit and punishment of all authors, aiders, abettors, allies and beneficiaries of that fraud, and promises to use its strength to the vindication of that majority rule, which alone can perpetuate our democratic form of government."

"RESOLVED, That recognizing all democratic leaders as pledged to right the wrong done in the theft of the presidency, we pledge to our standard-bearers our united support in such measures as may again put in issue the great questions of 1876, and as may provide for their most certain vindication against the crimes, which in 1876 and 1877, struck down our elected president, despoiled him of his great office and deprived the republic of the beneficent results of democratic government and majority rule during the current presidency."

From the same issue of this paper, the following appears:

"The Plattsmouth Courant," published by Wentworth & Crites, is one of the very best papers in the State, and sound on the political question.—Beatrice Democrat."

"John Fitzgerald has taken a contract to construct one hundred and seventy-five miles of railroad in the mountains of Colorado."

TEACHERS IN GREAT DEMAND

State Superintendent McBrien Has Applications for Hundreds of Them.

Six principals for graded schools and about 300 teachers for miscellaneous positions in Nebraska are needed by State Superintendent McBrien's office to supply calls that he has received from various places, says the Lincoln News. The state superintendent's office is a sort of clearing house where school boards and teachers are brought together. It finds employment for a large number of teachers every year, and the prospects are that it will be able to place more of them in good paying situations this autumn than ever before.

At Nelson, Nuckolls county, a principal is wanted, and the board of education informs Superintendent McBrien that it will pay \$100 for the right man. Hyannis is after a principal and offers \$80 as the inducement to come there. At Mitchell, \$75 is the wage limit, while Firth and Holmesville are looking for heads of their schools to serve at a \$60 stipend. York has applied to the state superintendent for a male science and German instructor, who will be paid as much as the board feels his services are worth.

From \$40 to \$55 per month, according to experience and general qualifications, is the scale of remuneration offered in localities where teachers are scarce. Among the counties that report a shortage are Gage, Saline, Thayer, Nuckolls, Webster, Franklin, Kimball, Hall and Hitchcock. On the other hand, Madison, York, Nemaha, Cass and Wayne have a surplus of teachers.

"We always have a strong demand for teachers at this time of year," said Mr. McBrien. "I think there is a sufficient number in the state to fill all the available positions. The only problem is to bring them into touch with the boards of education in counties where they are needed."

Colorado Exhibit at State Fair.

Hon. S. L. Thomas came in last evening from his ranch in Washington county, Colo., and will remain until Friday. After which he will go to the state fair at Lincoln as a representative of the small grain producers of that county, of which Akron is the county seat. Senator Thomas was chosen to attend the fair and exhibit samples of wheat, oats, barley and other small grains, grown on the natural soil of Washington county, without irrigation. His selection is quite an honor to one of Cass county's former citizens, and Senator Thomas desires all his Cass county friends to call and see him while attending the fair next week. Owing to the crowded condition of Agricultural hall, Senator Thomas will be located in a tent at the north end of the building.

THE METHODIST S. S. PICNIC

One of the Most Delightful Occasions of the Summer—Held in Mapes' Grove.

Tuesday was a gala day for the youngsters—and the "oldsters" as well—of the Methodist Sunday school, the occasion being their annual picnic.

At an early hour those in charge of affairs went out to the grounds in South Park, known as Mapes' pasture, which is said to be an ideal picnic spot, and put up swings, benches, etc., and while yet the day was young the merry-makers began to assemble, and the collection of lunch baskets and lemonade buckets grew apace, and before long one of the jolliest of times was in full swing.

The program committee was both able and energetic and all kinds of races and contests were successfully pulled off and prizes awarded to various winners. There were tug-of-war, potato races, human wheelbarrow races, nail-driving contests, and a dozen other games of skill, with plenty of contestants to make all interesting.

But the game in which perhaps most enthusiasm was shown occurred soon after the ladies opened the capacious baskets and spread the bounteous feast upon table cloths laid upon the grass. It was then that both young and old "feiled" and demonstrated their health and happiness in doing justice to the wealth of a Methodist mothers' picnic dinner.

All day the jollification lasted, and at 5 o'clock those interested in baseball repaired to the Chicago avenue grounds and witnessed an interesting game between nines "chosen up" from among the seniors. Five innings were played and a score of 4 to 7 was the result. The names of the players are not given because they don't care to be pestered with offers to sign with the league teams.

One of the largest crowds ever attending a Sunday school picnic was out yesterday and it was pronounced by all as the "best ever."

The Last Help.

We wish to submit to our readers a letter showing how easily people could get cured by selecting the proper remedy. Mr. Ant. Skala, 517 11th Ave., So. Lorain, O., says: "I am very much obliged to you for the last help which saved my life. I was very sick and at last bought Triner's American Elixir of Bitter Wine, which Mr. Virant recommended to me, and am enjoying perfect health now. When all medicines will disappoint you, use that Elixir and it will surely cure you. I wish to recommend it to all sufferers." In diseases of the stomach and of the intestines it always helps; the whole digestive system will be strengthened and will work regularly. New blood will be formed and the whole body will become strong and healthy. You can give it to all members of the family; it is perfectly pure. At drug stores. Jos. Triner, 799 So. Ashland Ave., Chicago, Ill.

Two Games Dated.

The Townsend Gun company ball team of Omaha will be here Saturday afternoon to give the Red Sox a tussle to see which are the swiftest ball players. This team is said to be one of the best amateur teams in the metropolis, and a fine game may be expected.

Next Monday (Labor Day) the fast Storz team will cross bats with the Red Sox. This team is put in the field by the Storz Brewing company of Omaha and seldom meets defeat. They have a great reputation and are always in the game from the start. Everybody who desires to see a good swift game should be here on Labor Day, as this will be one of the hottest games of the season.

The Glenwood Tribune speaking of the ball game between the Haskell Indians and the local teams, says: "The Haskell Indian ball nine played in Glenwood last Saturday, but it turned out that the pale faces came out of the carnage with the most scalps—the Glenwood Grays defeating them 6 to 5 with a portion of an inning to spare. It was the biggest crowd of the season. The net receipts were \$147.40, some 538 tickets being sold. Quite a number, of course, came in free. The Indians were given 75 per cent of the gross receipts, making their share \$103.25. The Indians shut out Plattsmouth the day before 11 to 0. They remained in Glenwood till Monday when they went to Stanton on No. 4. They were defeated by Stanton 9 to 1."

Troubles of Our Own.

Not infrequently do we receive suggestions from friends who have edged tools they wish sharpened, and who give it as their opinion that certain persons or existing institutions in this town should be roundly roasted. When these friends are asked to put their ideas upon paper and sign their names, they are wont to demur, and request that their names be not mentioned in connection with the affair. Some people seem to think that the editor is a fighting machine and delights to expose and throw the harpoon into the unworthy. But we have troubles of our own and do not care to mix ours with those who should be able to fight their own battles.

Syracuse 9, Avoca 8.

Carl Graves, Billie Fitzgerald, Chas. Wilkins and Ralph White, the three former are members of the Plattsmouth Red Sox team, went down to Avoca yesterday to assist the team of that place play ball with the crack Syracuse twirlers, and after the smoke of battle had cleared away the Avoca boys found themselves defeated by a score of 9 to 8. The home boys claim that they were unable to defeat the umpire, his "club" was too strong.

There is nothing so pleasant as that bright, cheerful, at peace world feeling when you sit down to your breakfast. There is nothing so conducive to good work and good suits. The healthy man with a hearty mind and body is a better fellow, a better workman, a better citizen than the man or woman who is handicapped by some disability, however slight. A slight disorder of the stomach will derange your body, your thoughts and your disposition. Get away from the morbidity and the blues. Keep your stomach in tune and both your mind and body will respond. Little indiscretions of overeating can be easily corrected and you will be surprised to see how much better man you are. Try a little Kodol For Dyspepsia after your meals. Sold by F. G. Fricke & Co. and Gering & Co.

Live Up to Your Agreement.

Last evening we noticed that several business houses were not quite as prompt as they should have been in closing their doors at 7:30 according to agreement. It is said that one groceryman has a habit of extinguishing the lights in the front part of the establishment and keeping a dim light in the rear in order to wait on those who come in after closing hours. This is not right. If parties don't desire to live up to their agreement they should not sign such papers. Others are likely to follow suit.
