### The Breath of Life.

It's a significant fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chief study. Like thousands of others, Mrs. Ora A. Stephens, of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. Oh, it's grand for throat or lung troubles." Guaranteed by F. G. Fricke & Co., druggists. Price 50c and \$1. Trial bottle free.

A bath cleanses the skin and rids the pores of refuse. A bath makes for better fellowship and citizenship. During the electric storm Tuesday a number of people were "struck." The quarries had closed down on account of the rain and not being able to pound rock the quarry men kept their hand in by pounding each other. The police judge should have had a better harvest, but it seems that he got very little out of the day's doings.

The laxative effect of Chamberlain's Stomach and Liver Tablets is so agreeable and so natural you can hardly realize that it is produced by a medicine. These tablets also cure indigestion and biliousness. Price 25 cents. Samples free at F. G. Fricke & Co. and A. T. Fricke's drug store.

### Look Out for Him.

A man representing himself as a traveling salesman for a wholesale house is reported to be victimizing livymen in some of the small towns in this section of Nebraska and southwest Iowa. He hires a livery rig and tenders payment a check larger than the bill, and by the time the swindle is discovered he has left the country. It will be just as well for livymen in some of the larger towns to be on the lookout for this swindler. Don't take any checks unless you know the party presenting same. That is the safest plan for doing business.

### Must Pay Occupation Tax.

For the past few months Plattsmouth has been overrun with outsiders coming in and taking orders for various houses in other cities, and for many kinds of goods and wares. The mayor has given the chief of police instructions to force the payment of an occupation tax from all such parties in the future. Here is where the trouble may come, some of them positively refuse to pay and with instructions to make arrests when such refusal is made may make some trouble for the "Cheap John" houses that supply the people with so much of these inferior goods. It is strictly proper that they should pay or get out.

## A MEASURE OF MERIT

### Plattsmouth Citizens Should Weigh Well This Evidence.

Proof of merit lies in the evidence. Convincing evidence in Plattsmouth, is not the testimony of strangers, but the endorsement of Plattsmouth people. That's the kind of proof given here—the statement of a Plattsmouth citizen.

M. W. Thomas, painter and paper hanger, living on Chicago ave., Plattsmouth, Neb., says: "For a long time I have been subject to attacks of kidney and bladder trouble. Twenty years ago I had an attack of measles which settled in the bladder. This brought on retention of the kidney secretions and for a long period I was obliged to use a catheter. After I had discarded the use of this, retention at times existed and by spells I had sharp pains shooting from each groin to the bladder. In due course of time my back commenced to trouble me. One day four years ago while leaving for work, a sharp twinge caught me in the loins and threw me to the ground. If a knife had been plunged into me the pain could not have been more intense. I laid helpless for sometime and when I did get back, it was by taking hold of something for a support and almost crawling. For a month later I was not able to do a stroke of work and I continued to have more or less trouble from pain in my back. It was difficult for me to even rise from a chair. I tried no end of remedies and was treated by physicians but received no permanent benefit. Finally I learned of Doan's Kidney Pills and they were recommended to me so strongly I was induced to go to Gering & Co.'s drug store and get a box. They did wonders for me. I have had but one severe attack of backache since which was some years after taking the remedy. The attack I mention quickly disappeared. Doan's Kidney Pills banished all pain, relieved the bladder difficulty and improved my condition every way."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

### A Chip off the Old Block.

Fred S. Will, son of A. S. Will of Myrard, living near Nelson, Neb., has disposed of his farm of 160 acres out there. It cost him \$5,000, and besides getting a fine crop of the same, he sold it a few days since for the neat sum of \$8,000. Fred thinks Nuckolls county is good enough for him, so he has purchased two more farms, one of which consists of 260 acres, four miles north of Nelson, and the other contains 160 acres three and one-half miles northwest of Nelson. Fred is a "chip off the old block," and don't let any grass grow under his feet when it comes to business.

There are a few young ladies in this town that want to get married so bad they are continually on the "gad." They are the last girls that a young man who is looking for a wife. The future wives are not made up of girls who think home has no attractions for them.

### Rake the Fires for the Corporations.

We see by dispatches from Washington that the republican national committee will supply many eminent speakers to tell the people of this state how to vote in the coming election. Why should this be necessary? The election this year is purely a local affair. While it is true that there are congressmen to elect, and that the legislature will elect a senator, it is not true that the voters of Nebraska are so dumb as to need men of national reputation—especially when that reputation is a little off color—to come here and conduct a campaign of education. Nebraska is a republican state by a great majority. The question in this state is a fight between the people and the railroads. The railroads have placed at the head of their ticket Norris Brown, and ask that the people vote for machine-made legislators in order that the plans may be carried out, and that a senator may be elected who will be in line with the administration. This is rot. The same gag was used two years ago to promote the rottenest deal that was ever sprung on our people. There is not a candidate for the legislature in this state today who should claim the votes of the people upon any such grounds. If the individual is unworthy, bury him under an avalanche of votes. The people of Nebraska are able to manage their own affairs without outside interference, and the administration will gain nothing by sending speakers here to rake the fires for the corporations.—Beatrice Sun (Ind.)

### Well Worth Trying.

W. H. Brown, the popular pension attorney, of Pittsfield, Vt., says: "Next to a pension, the best thing to get is Dr. King's New Life Pills." He writes: "they keep my family in splendid health." Quick cure for Headache, Constipation, and Biliousness. 25c. Guaranteed at F. G. Fricke & Co.'s drug store.

### Burlington Relief Department.

Discussing the report that the Burlington relief department is going out of business, the Beatrice Express says: "The generally accepted notion is that this relief department has been forced upon the employees, and that those who refused to enter it were dropped from the pay roll. The system in effect provided that the employees should insure themselves, pay all the expenses and release the company from liability in case of accidental injury or death.

"The employees could in certain cases choose whether they would accept the relief money or call on the company for damages but this led to other complications. For instance, a year or so ago a young man from Gage county was killed by the train on which he was working. His father was one of the oldest employes of the company. Because he declined to accept the relief money and called upon the company for damages, he was promptly discharged from the service. "In recent years nearly every state legislature has attempted to pass a law abolishing the relief department, but the hold of the lobbyists has been too secure and the law never has gone through. In the committee investigations no employe of the company has ever dared to come forward and complain of the system."

Good for the cough, removes the cold, the cause of the cough. That's the work of Kenney's Laxative Honey and Tar—the original laxative cough syrup. Contains no opiates. Sold by Fricke & Co. and Gering & Co.

## THINK OF IT!

This Pretty Matron Had Headache and Backache—Her Condition Was Serious.

## RELIEF IN PE-RU-NA.

MRS. M. BRICKNER.

99 Eleventh street, Milwaukee, Wis.

Peruna Drug Mfg. Co., Dear Sirs—A short time ago I found my condition very serious. I had headache, pains in the back, and frequent dizzy spells which grew worse every month. I tried two remedies before Peruna, and was discouraged when I took the first dose, but my courage soon returned. In less than two months my health was restored.

—Mrs. M. Brickner.

The reason for so many failures to cure cases similar to the above is the fact that disease peculiar to the pelvic organs are not commonly recognized as being caused by catarrh.

Catarrh of one organ is exactly the same as catarrh of any other organ. What will relieve catarrh of the head will also relieve catarrh of the pelvic organs. Peruna relieves these cases simply because it relieves catarrh.
