You Can't Eat Your Cake and Have It, Too

Neither can you spend your hundred cents and have a dollar, too. It isn't sensible to let every dollar get away from you. If you spend every dollar of your income some one else puts the money in the bank. It is far better to do your own banking. You can't get rich by spending money, but you can have a growing bank account by depositing regularly, each week or month, as the case may be, some part of your income in

New House Completed.

Joe Montgomery, Albert and Alfred Logan (the latter two being twin brothers) builders and contractors from Skidmore, Mo., have just completed the new dwelling house for Geo. Ray, residing four and one-half miles southeast of Murray. The boys laid the foundation, erected the building, including all flues and lathing, and were just three weeks completing the structure after the foundation was laid, and is now placed in the hands of the plasterer. The new building is 28x32, including porches, and is one of the most convenient and up-to-date farm houses, excepting furnace heat, in that part of the country. The boys all departed Saturday from Plattsmouth to their home in Skidmore, Geo. Ray says, to attend the annual pumpkin show at their home town. They were accompanied by Ham Chalfant, who will visit a couple of weeks in Nodaway county.

Luther Sigman, residing seven miles southeast of Murray has been laid up for the past few days on account of an injury received while working in the hay field Monday morning. He was working on the stack, and desiring to get to the ground he slide down the side and struck his knee on a pitch fork, two of the tongs, entering his knee one on each side of the cap. The injury was quite painful and he will be laid up for several days.

Mrs. H. C. Long, residing west of town, met with quite a serious accident last Friday evening in which she very fortunately sustained no serious injuries. On the rear porch of the residence they have a doorway leading to the cellar, which door had been left open by some one, and Mrs. Long was busily engaged about her household work, and in passing to the rear porch she fell through the doorway into the cellar, a distance of about ten feet. No bones were broken, and the severe shock was the only injury received.

There is considerable feeling regarding the railroad accommodations here at Murray. The station is closed during the night and patrons are compelled to stand shivering in the cold for a belated train. Imagine twenty-five people, Wednesday morning waiting for hours for the privilege of paying their money to ride over this corduroy road. There is a law compelling railroads, having night trains, to keep their depots open during the night. Nebraska and Union have night service and Murray deserves as good treatment and they are going to have it.

MISS HEMPEL RE-ELECTED

The Journal Received a Telegram Last Evening at 4:52, but Too Late for Last Evening's Issue.

The many friends of Miss Teresa Hempel in Plattsmouth will rejoice when they learn that that excellent lady has been re-elected to the important position of Grand Recorder of the Degree of Honor for another term of two years. The Journal received a telegram last evening from Miss Anna Haasler, giving us this most welcome news, but the same did not reach us in time to make the announcement in last evening's paper. The telegram arrived at 4:52, about twenty minutes after the paper had gone to press.

This will be the fourth term for Miss Hempel, and there would have been no contest in the election this time had it not been for a desire on a part of the members to remove the office from this city to Grand Island. Miss Hempel stated before her departure to Hastings, where the grand lodge is being held this week, that she would rather not have the office than remove to that place. Her mother resides in Plattsmouth, and she loves her home so well, and its surroundings, that no one can blame her in such decision.

The Journal is gratified to chronicle her election for the fourth term, from the fact that by it shows the high esteem in which she is held by members of the order and a recognition of her excellent business qualifications. Her untiring efforts "for the good of the order," is another thing in her favor. There is no finer lady in the state of Nebraska, and every body in Plattsmouth is glad of her re-election to the important and responsible position of Grand Recorder of the D. of H. of Nebraska, and that the office will remain in this city.

One of the oldest land marks in Mt. Pleasant precinct, a stone barn built by John Gilmore on his farm in 1867, is now being torn down. In those days the roads did not follow the straight and narrow lane with its pitfalls and rotten bridges as it does today but would gracefully cross the rolling prairie a delightful drive from Plattsmouth to Weeping Water Falls. The gray stone barn, then considered a very large barn, was a familiar sight to the traveler on this road. The material for this barn was brought with ox teams from the bluffs along the Weeping Water creek. The walls being unsafe, and J. H. Haldeman, the present owner is having the building taken down.

Robbing Yourself

That is just what you are doing when you fail to get regular and sufficient sleep. Your body requires this unconscious period for repair work; without it your nerve energy becomes exhausted, and you are tired, worn-out, nervous, excitable; have headache, neuralgia, indigestion, poor appetite, or other ailments caused by a lack of nerve force. Make it your business to sleep. If you are restless, take Dr. Miles' Nerve; it soothes and strengthens the nerves, and brings sweet, refreshing, life-giving sleep, and gives the organs power to work naturally. Try it to-day.

"I had a severe spell of fever, which left me in a very weak condition and very nervous. I had severe spells of headache and neuralgia, and could sleep but very little. Every effort that was made to recover my strength was of no avail until I began taking Dr. Miles' Restorative Nerve. After I commenced to take the Nerve my sleep was profound and restful, and the pains in my head, as well as the neuralgia pains, left me to a certain extent and I grew gradually better."

MRS. E. E. GILBERTSON,
821 Berylan Ave., Belvidere, Ills.

Dr. Miles' Nerve is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

BY ONE WHO WAS THERE.

Hunger is Released.

After investigating the circumstances incident to the arrest of Albert Hunger on a serious charge, it was thought that the evidence was not sufficient to secure a conviction, under the charge made. The county attorney therefore instructed the officers to release Hunger from their custody, as no complaint was filed against him.
