SCOTT'S EMULSION

when colds abound and you'll have no cold. Take it when the cold is contracted and it checks inflammation, heals the membranes of the throat and lungs and drives the cold out.

The new switchboard for the Independent station is now in place, and will accommodate 300 phones besides the farm lines. It is a dandy and gives good service. There is one mis-

Would Not Listen.

Joseph Chamberlain, the nearly all-might premier of England, is on his death-bed. His physicians tried for a long time to persuade him to change his unhygienic way of living and to do some physical exercise, but he would not listen. It is the same with nearly all of us; we wish to enjoy life and depending on our previous health and strength will never listen to a sound advice, until nature will stop us. To preserve our health, it is only necessary to pay some attention to our body and to its functions. As soon as the slightest irregularity is noticed, especial loss of appetite, change in the complexion, coated tongue, disinclination to work, Triner's American Elixir of Bitter Wine should be used which will cut the attack of the approaching disease short. It acts directly on the stomach and the intestines and builds new blood. Your complexion will be made healthy and rosy. At drug stores. Jos. Triner, 799, So. Ashland Ave., Chicago, Ill.
