From the Ledger.

Mrs. Anna Young of Ottumwa, Iowa, aunt of Mrs. R. H. Frans, arrived Tuesday evening for a visit with relatives here and in other parts of the county.

Hon. Charles W. Dempster of Butte, Mont., arrived here yesterday and drove out for a short visit with relatives east of town. He has a host of friends here who always give him a cordial welcome.

Mrs. J. W. Gamble, who kindly consented to "sub" until the school board secured a permanent teacher, visited Sunday at home in Plattsmouth, and came back for the work this week, the new teacher, Miss Craig, being unable to take up the work before next Monday.

G. H. Struve of Geddes, S. D., was here Wednesday and Thursday for a visit with his grandparents, Mr. and Mrs. Peter Gruber. Mr. Struve was enroute home from Oxford, Neb., where he had been on a sad mission—taking the remains of his wife back to her old home for interment.

Mrs. John Sumner of Eagle was here Tuesday, the guest of her old friend, Mrs. Sarah Lynn, and went from here to Plattsmouth. Those two ladies were intimate friends in early days, the Lynns and Sumners having come here together in 1859 and locating near where this village was platted in later years.

Miss Jennie Craig of Greenwood has been secured as teacher in the intermediate department of our schools, to succeed Miss Daisy Fowler, who concluded she would rather be a wife than teacher. We are informed that Miss Craig is a competent teacher, and she will be here to begin her duties next Monday morning. Mrs. Gamble had charge of the intermediate department again this week, pending the arrival of Miss Craig.

Wounds, Bruises and Burns.

By applying an antiseptic dressing to wounds, bruises and like injuries before inflammation sets in, they may be healed without maturation and in about one-third the time required by the old treatment. This is the greatest discovery and triumph of modern surgery. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness and prevents any danger of blood poisoning. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering such injuries entail. For sale by F. G. Fricke & Co. and Gerin &

Eagle

(From the Beacon.)

Mrs. W. H. Betts came up from Avoca Saturday evening and is visiting her son Ed and family.

There is not much change in the condition of J. P. Burdick, who has been confined to his home for some weeks past, and little hopes are entertained by his friends for his recovery.

The happiest man in town at the present time is Willie Latrom, all because of a fine girl baby which arrived at his home last Tuesday morning. Grandpa Latrom feels his oats a little too, and declares it is the nicest baby he ever saw.

Mrs. Tim Donovan, who has been suffering with consumption for several

years past, died at her home, four and one-half miles south of here last Friday morning. The body was laid to rest in the cemetery at Palmyra on Saturday.

A deal was closed this morning whereby Geo. Trunkenboltz becomes owner of the Betts elevator and will take possession of it the first of November. We have not learned what Mr. Betts will do, but he will probably engage in some other business in Eagle.

A baby boy was born to Mr. and Mrs. Albert Read on Thursday, Oct. 11. Had this child been born six weeks ago he would have been a subject of King Edward, but as it is he is eligible to be president of the United States. Mrs. Read is a daughter of Mr. and Mrs. Buntin, living south of town, and just arrived here with her husband a few weeks ago.

Nothing to Fear.

Mothers need have no hesitancy in continuing to give Chamberlain's Cough Remedy to their little ones, as it contains absolutely nothing injurious. This remedy is not only perfectly safe to give small children, but is a medicine of great worth and merit. It has a world wide reputation for its cures of coughs, colds and croup and can always be relied upon. For sale by F. G. Fricke & Co. and D'Ent.

Elmwood

From the Leader-Echo.

Dr. Munger reports a boy at the home of Mr. and Mrs. Ed Brunkow, born last Tuesday.

Mrs. Wm. Deles Dernier was taken to the Everett sanitarium at Lincoln Wednesday evening, where it is expected she will undergo a very critical surgical operation in a few days. The many friends of the family here sincerely hope she may successfully pass through the ordeal.

Thos. Cromwell is building an immense barn on his place five miles southeast of Elmwood. The structure will be 64x24, 25-foot posts with a shed 20 foot wide on two sides and one end.

C. D. Clapp received a letter from his father at Clayton, Indiana, stating that he wished to come home, and asking his son to come after him at once. It is inferred from this that he is in quite poor health, and Charley left for Clayton Monday morning to bring him home.

While digging sweet potatoes for Delmar Saxton Wednesday James Hendricks unearthed one of prodigious size. It is now on exhibition at this office and is the largest sweet potato we ever saw. It measures 18x21 inches, weighs 51 pounds and is of the Red Bermuda variety. Charley Rivett will please sit up and take notice.

An Awful Cough Cured.

"Two years ago our little girl had a touch of pneumonia, which left her with an awful cough. She had spells of coughing, just like one with the whooping cough and some thought she would not get well at all. We got a bottle of Chamberlain's Cough Remedy, which acted like a charm. She stopped coughing and got stout and fat," writes Mrs. Ora Bussart, Brubaker, Ill. This remedy is for sale by F. G. Fricke & Co. and D'Ent.

L. F. Langhorst, democratic nominee for representative, and George Carnahan of Elmwood and George A. Towle of Wabash were callers at the Courier office Friday. They were here attending the democratic central committee meeting.

The Missouri Pacific has at last completed a side track to the new sand stone quarry south of town and now they are able to dispense of the long haul by team in order to load cars. The new quarry employs a goodly number of workmen and will put on more as soon as they get their stone saw in full operation.

A Job in South Omaha

Ex-Sheriff John D. McBride has accepted a position with the Ralston & Fonda live stock commission house in South Omaha, and entered upon the discharge of his duties several days ago. Mack was in the live stock business a number of years previous to entering the sheriff's office several years ago, and fully understands the business. He will be an excellent helper to this firm, as he is well known all over the state of Nebraska. He will not remove his family to South Omaha, but will continue his residence in Plattsmouth.

John D. Young in Havelock.

About two or three weeks ago the Lincoln papers published a statement to the effect that John D. Young had been transferred to McCook and made general foreman. This was copied by the Plattsmouth papers and last week by one at McCook. This proves to have been a mistake as Mr. Young is still foreman of the machine shops in Havelock and knows nothing of the change.—Havelock Messenger.

THANKFUL PEOPLE

They are Found in Every Part of Plattsmouth.

Many citizens of Plattsmouth have good reason to be thankful for burdens lifted from aching backs, which they bore patiently for years. Scores tell about their experience publicly. Here's a case of it:

Mrs. M. S. Burk, living at corner Third and Dykestreets, Plattsmouth, Neb., says: "The quick relief from pain in my back, which followed the use of Doan's Kidney Pills proved them to possess remarkable curative powers. For years I was subject to attacks of kidney complaint and some of them so severe that I would be confined to my bed. My condition was so bad that I could not even turn over while lying down without grasping hold of something for support. My husband procured Doan's Kidney Pills and their use absolutely relieved me of all pain and inconvenience. I place great value in Doan's Kidney Pills."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y. sole agents for the United States.

Remember the name—Doan's—and take no other.

THEY ARE FAKE REFORMERS

What a Republican Paper Has to Say Regarding State Candidates.

(Blair Pilot, Republican.)

The Pilot is not responsible for the nomination of Norris Brown, George L. Sheldon or Congressman Pollard. We believed these men were fake reformers and our opinion was based on their entire lives of collusion with and subservience with the corporations, and for this reason we opposed their nomination. We did not oppose the nomination of Hinshaw, but had we known at the time that his son was franking automobiles and trunks on the pass of Tom Platt and that this same son was drawing \$1,200 a year as private secretary and at the same time a student in the Columbia law school, we certainly would have opposed the nomination of Mr. Hinshaw.

There is no defense to such conduct and the political party that places such men on the ticket deserves to be taken to task by the people. To have clean, honest government we must have clean, honest men. To have wholesome laws, laws that will protect and safeguard the people's interests, we must elect men to office who are in sympathy with the people.

The people complain of unfair treatment and wonder why they do not have their wrongs righted and go blindly to the polls and vote for men who refuse to right the wrongs.

So long as partisanship shall be the sovereign over the judgment and conscience of men just that long will grievances go unsatisfied. If the people would lay aside their partisanship and vote for the man rather than the party the wrongs which they complain of would be soon righted. Nothing will bring a political party to its senses quicker than adversity at the polls.

When a horse is so overworked it lies down and in other ways declares its inability to go further, you would consider it criminal to use force. Many a man of human impulses, who would not willingly harm a kitten, is guilty of cruelty where his own stomach is concerned. Overdriven, overworked, when what it needs is something that will digest the food eaten and help the stomach to recuperate. Something like Kodol For Dyspepsia that is sold by F. G. Fricke & Co. and Gering & Co.

W. M. Sweet has resigned his place at the shops and he and his family moved to a farm near Greenwood this week. We regret to see them go. Their work and influence was always on the right side and in the interests of the community. They have many warm friends in Havelock.—Havelock Messenger.

Kodol Dyspepsia Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach.

Mr. S. S. Bell, of Ravenswood, W. Va., says: "I was troubled with sour stomach for twenty years. Kodol cured me and we are now using it in milk for baby."

MUST ENFORCE THE LAW

State Superintendent Says it is Up to the County Superintendents.

LOOK AFTER COMPULSORY EDUCATION

Advices Them to Look After the Matter Rigidly and Keep a True and Record.

County superintendents must enforce the compulsory education law. So State Superintendent McBrien writes in answer to the many inquiries he has received on the subject. It is the duty of city superintendents and boards of education to report any violations of the law to the county superintendent. He must investigate and give written notice to the violators. The further duty of the county superintendent is expressed in the state superintendent's letter as follows:

"And if one week from the time of said notice such parties are still living in violation of the law, then the county superintendent shall appear in the court of the county judge and file his complaint against such parties violating the law. The county judge shall at once issue summons against the offending party or parties. Such summons shall be served by the proper officer as by law prescribed, which officer will be the sheriff of the county or the constable of the precinct or township, as it may please the court. It will not take many executions of the law to awaken all offenders. It is the certainty of execution of the law that will bring the parents or guardians to a proper observance of the law."

"I hope you will put forth every effort for a rigid enforcement of this law in your county. Many county superintendents are now waging a strenuous campaign for the enforcement of this law. You are, of course, at liberty to call on high school principals, teachers and boards of education to give you prompt notification of any violation of the law. A plain statement from you to the offending party or parties will, in ninety-nine cases out of one hundred, have the desired effect without further prosecution. Let them know that the sheriff will be after them if they fail to comply with your notice. I would suggest that you register, at the expense of the county, every letter you send to any parent or guardian living in violation of this law. I recommend that you keep a truant record, showing dates and persons notified, as well as your final action in the matter and the decision of the court (if any). It is not necessary for you to personally investigate such cases. You have sufficient evidence for notice to parent or guardian upon information from any person whose duty it is to notify you of any violation of this law."

Amateurs Get Worsted at Peru.

The Amateurs played the state normal team at Peru, Saturday, which resulted in 44 to 0 in favor of the normal team. Several of the boys returned home pretty badly bruised up, but they report excellent treatment from the Peru boys, in a social way, before and after the game.
