It is rumored that a new time card will go into effect on the Mo. Pac. the first of next month which will give the public much better service. According to the new schedule another train will be put on this branch running between Lincoln and Auburn via Union and Nebraska City, and will pass here going west about 10 a. m., returning about 4 p. m.

As we are about ready to go to press we learn of the death of Mrs. Dell Carper on Wednesday night. We have not been able to learn any of the data for publishing an obituary. We understand the funeral will be held Saturday. On Wednesday morning a baby girl was born to Mr. and Mrs. Carper. Last reports say the child is getting along nicely.

ANGER IN DELAY.

Kidney Diseases Are Too Dangerous for Plattsmouth People to Neglect.

Union

(From the Ledger.)

Deane Lynde, who holds a good position in the railroad offices in Omaha, came down Sunday night for a short visit with his parents and other relatives.

Jeff D. and Will R. Cross started Tuesday for Akron, Colo., to spend several days visiting their mother and other relatives, and no doubt they will have a few bear stories to relate when they return.

Miss Josephine Mueller of Elmwood and Miss Eva Canady of Weeping Water, a couple of Cass county's efficient teachers employed near Plattsmouth, were guests of Union friends last Sunday.

Mrs. Kate Smith of Nebraska City, returned last Friday from Egin, Neb., where she had been visiting her brothers, John and George Johnson. She stopped off here to visit her sister, Mrs. M. H. Shoemaker, southwest of town.

Miss Mary Foster, who has been teaching in the schools at Oxford, Neb., arrived home Monday, and her many friends regret the fact that on account of failing health she found it necessary to abandon school work for some time.

Mrs. K. D. Clark was visiting at Mr. and Mrs. Shoemaker's a few days last week, and just to prove that she had fully recovered from her recent illness she made the unusual record of picking 15 bushels of apples in 24 hours, a task that would make a young person hustle.

Mrs. M. E. Davis and Mrs. Clara A. Davis are now comfortably "at home" in their elegant new stone residence on the north side of Main street, and have one of the neatest and most substantial homes in the county. The Plattsmouth Telephone Co. moved its central office to that building a few days ago and Mrs. Davis has arranged a very convenient place for handling the company's "hello" business.

P. Her was down from Omaha Monday and made arrangements for loading and shipping a number of cars of clay to be used for the manufacture of mineral paint. Mr. Her says that they will put in a side track as soon as possible, meantime the clay will have to be hauled to the railroad by team. Tests made of the Louisville clay have been very satisfactory and it is proposed to ship several cars daily as soon as the side track can be installed.

An Awful Cough Cured.

RUMOR REVIVES OLD PLANS

Considering Reduction of Mileage Operated Under Superintendent Bignell.

In speaking of the large division of the Burlington, operated under the supervision of Ed. Bignell, the Lincoln Journal says: "Gossip is again heard relating to the division of the Lincoln division of the Burlington, making two divisions of that part of the system now operated under Superintendent Bignell. Mr. Bignell operates a greater mileage than any railroad superintendent in the west, according to statements made by railroad men, and the addition of the Sioux City line to his division has added another hundred miles. It has been reported that the Sioux City-O'Neill branch of the Great Northern is also to pass under Burlington control for operating purposes, and that this will also be added to the Lincoln division. When that is done it is not doubted that the Lincoln division will be divided, although it is said that the matter has not been settled. In fact no information has been given out through official channels.

"Several months ago the matter was considered, and if it was disposed of then, the disposition has not been regarded as permanent. Two plans were discussed at that time, one giving Omaha a division of the road with all the lines east of Lincoln now a part of this division, and the Ashland line. The other was retaining both divisions at Lincoln and giving one superintendent the lines east, including the Omaha, Plattsmouth, Pacific Junction, Schuyler and Sioux City lines with the Nebraska City line which is now a part of the Wymore division, and the Lincoln division line east.

"The rumor is persistent that the O'Neill line of the Great Northern is to be made a part of the possessions of the Burlington in Nebraska, and it is not doubted if that addition is made that it will be necessary to make two divisions of the Lincoln division.

"The Lincoln division is now made up of the main line from Pacific Junction to Hastings; the Kearney branch from Hastings to Kearney; the northwest line from Lincoln to Ravenna; the Columbus line from Lincoln to Columbus; the Schuyler line from Ashland to Schuyler; the Ashland line from Ashland to Sioux City; the Omaha line from Ashland to Omaha; the Fort Crook line and the line from Omaha to Plattsmouth; the K. C. & O. lines from Stromsburg to Alma; the lines north of Aurora from Aurora to Palmer to Burwell, Sargent and Ericson; and the line from Aurora to Hastings. This is more than one thousand miles of highly productive of traffic."

A Badly Burned Girl

or boy, man or woman, is quickly out of pain if Bucklen's Arnica Salve is applied promptly. G. J. Welch, of Tekonsha, Mich., says: "I used it in my family for cuts, sores and all skin injuries, and find it perfect." Quickest Pile cure known. Best healing salve made. 25c at F. G. Fricke & Co's drug store.

Stumbles In the Creek.

From the effects of taking on too much lung juice Tom Davis, the deaf photographer, is laid up at his room in the old Stout house with three broken ribs and several bad bruises about the body, besides narrowly escaping being drowned. Last Saturday night as he was strolling down the alley in the rear of Prater's drug store along the bank of Mill creek, he staggered over the embankment in the darkness and went sprawling headfirst into the middle of the stream, among the rocks, tin cans and bull heads, a distance of some twenty feet. His cries attracted passersby and he was taken from the water a sadder but wiser Thomas. A local physician patched up his broken slats and he will soon be as good as new.

When a horse is so overworked it lies down and in other ways declares its inability to go further, you would consider it criminal to use force. Many a man of human impulses, who would not willingly harm a kitten, is guilty of cruelty where his own stomach is concerned. Overdriven, overworked, when what it needs is something that will digest the food eaten and help the stomach to recuperate. Something like Kodol For Dyspepsia that is sold by F. G. Fricke & Co. and Gering & Co.

The Way It Looks Down in Otoe.

The Palmyra Items, one of the rank-est republican papers in the county, pays the democratic nominee for congress the following compliment. It says: "Hon. T. J. Doyle, democratic candidate for congress, made a fine speech in Palmyra Hall on Monday evening. Although Mr. Doyle is on the fusion ticket we will have to admit that he is a fine speaker and his speech was a great deal better than the one given by his opponent, Hon. E. M. Pollard."

This is the season of decay and weakened vitality. Nature is being shorn of its beauty and bloom. If you would retain yours, fortify your system with Hollister's Rocky Mountain Tea. 35 cents, Tea or Tablets. For sale by Gering & Co., druggists.

FOUND RELIEF BY TAKING PE-RU-NA

MRS. ANNA MUNDEN

There can be no doubt about it that the tendency to resort to surgical operations has been too great in the past and that this harmful tendency is growing less every day.

Experience has demonstrated that many ailments which seemed to require surgical operations in the past are now being cured by the use of harmless remedies. Peruna has done as much as any other remedy to establish this very important fact.

Thousands of people have been condemned to undergo surgical operations. Their physicians have told them that they must either submit to such operations or lose their lives.

After this they have resorted to Peruna and found relief.

Other good remedies have accomplished the same result, but it is safe to assume that no other remedy has equaled Peruna in its beneficent work.

Many of the alleged incurable derangements of the pelvis are dependent upon catarrh.

There is no cure for these except the removal of the catarrh.

Peruna seemingly works miracles in some of these cases. The explanation, however, is very simple. Peruna removes the catarrh and Nature does the rest.

Buy Land Near Minco.

Several of the party of Cass county people who departed about a week ago on a trip to Indian Territory and Oklahoma, returned home last evening highly elated with the crops and real estate in which nearly all invested. Among those to acquire property while in that territory were J. W. Sage and wife, who took 100 acres, and Albert Shaffer, who secured title to 130 acres, all in the vicinity of Minco, Indian Territory. The above mentioned returned last evening together with Fred Egenberger who has expressed the intention of purchasing some of the rich soil of that place.

Ferdinand Hennings, Henry Hayflicker and Justus Lillie, who were also members of the party, remained in Minco for a more extended inspection of the real estate, and visit with Cass county people who are now residents of that vicinity.

Suffered Thirteen Years With Pelvic Troubles, Unable to Find Relief.

AN OPERATION ADVOCATED.

Pe-ru-na, Taken as a Last Resort, Brings Health and Strength.

ANNA MUNDEN, Brinkley, Ark., writes:

"I suffered with female troubles for thirteen years, and tried the best doctors in Louisville, Ky., without relief."

"I spent thousands of dollars at the Springs."

"The doctors desired that I have an operation performed to remove my ovaries, which I would not consent to."

"I saw an advertisement of your Peruna and bought one bottle and before I had taken it all I could get out of bed and walk about."

"After taking three bottles I was as well and hearty as ever."

"I gained in flesh. From 118 I increased to 186 pounds."

"If it had not been for your great and wonderful medicine, I would now be in my grave."

"I would advise all women sufferers to try it."

"I would not be without it for the world."

A WOMAN'S LETTER TO WOMEN.

Mrs. Caroline Kramer, Fort Collins, Col., writes:

"The majority of women who are suffering from disordered periods and other troubles, have such strong faith in doctors that they allow them to experiment on them for kidney, liver, or stomach troubles, until they become discouraged and their money is gone."

"This was my unfortunate experience for nearly two years, when my attention was called to Peruna."

"I hardly dared believe that at last I had found the right medicine, but as I kept on using it and was finally cured I could only thank God and take courage."

"I have had most satisfying results from the use of your medicine and have advised dozens of women who were suffering with woman's ills to use Peruna and let the doctors alone, and those who have followed my advice are better to-day and many are fully restored to health."
