L. F. Langhorst of Elmwood, democratic candidate for representative, was a caller at this office Tuesday morning. Mr. Langhorst unfortunately belongs to the minority party in Cass county and realizes, as he must, that before he can expect to be elected he has a big republican majority to overcome, yet he is making a manful fight and should be elected he will have much to congratulate himself over.

Hon. S. L. Thomas came in from Akron, Colorado, this week to visit a few days with his old time friend, J. D. Ferguson. Mr. Thomas has a homestead near Akron, the dry farming region east of Denver, and left a sample of fall and spring wheat at the Courier office. He says crops of all kinds are good and thinks it will be but a question of a few years when every foot of the thousands of acres of land there will be farmed. Many men of small means are going there and taking homesteads and purchasing land adjoining, which is selling as low as \$5 per acre.

H. W. Gard, of the Burlington shops, was married in Geneva, Neb., last Tuesday. He seems to have found it a little lonesome in Havelock and has decided to remedy the matter in the right way. Mr. Gard has only been in our town a few months, but has proven himself a steady, industrious and honorable man, and we extend a hearty welcome to himself and bride as permanent residents of our town.

The B. & M. is making a change in its local agent today. G. H. Murphy will be made extra relief agent with headquarters at Lincoln. He will be succeeded in the local office by F. B. Young, who formerly held the position but was transferred to the office of Supt. Ackerman at the shops. Mr. Murphy was a pleasant and efficient man, whom we regret to see go; but are pleased to note that we get a good man in his place, whom our people know and appreciate.

The Havelock Messenger thinks the Republican is trying to steal Foreman Young of the shops at that place for the foreman of the shops here. But the shops here have one of their own and if J. D. Young, foreman at Havelock, is as good as J. D. Young, foreman of the machine shop at McCook, he's all right, so send him out here. The new foreman here is not a new man at McCook as he came from Fairbury about a year ago.—McCook Republican.

DENNIS DELANEY'S

TRUE CONDITION

Thought to Be Insane and May Be Sent to the Asylum.

Two months or more ago the Journal printed an account of the queer actions of Dennis Delaney, an old time Burlington engineer, and who is well acquainted with the older citizens of Plattsmouth. His run at that time was from Lincoln to Omaha, where he made two trips a day. He and his entire crew, with the exception of the conductor, were discharged for drunkenness. The following from the Lincoln Journal will no doubt be read with considerable interest by those who knew the unfortunate engineer while he lived in Plattsmouth:

"City Physician Slattery paid a visit to the county jail yesterday to examine Dennis Delaney, for many years a Burlington engineer, who was confined because it had been reported that he was insane. Dr. Slattery thoroughly examined the man, who had recently been under his care at St. Elizabeth's hospital and decided that the man is not insane, but suffering from melancholia. He had been asked to file a complaint against Delaney, but did not do it for the reason that he was sure the board would not find the man insane. 'When I talked with him he was entirely rational,' said Dr. Slattery."

"Delaney was taken in charge Thursday night by the police on complaint of John Robinson, who said that Delaney was insane and had threatened to kill himself. Investigation showed that recently Delaney had been brooding over his troubles. He was until two months ago a prominent Burlington engineer, but was discharged by the company for drinking on duty. The story of his troubles as told by those familiar with Delaney is as follows:

"Delaney began working on the Burlington as an engineer in February, 1888. He came here from Plattsmouth, married, and settled down. About eight years ago his wife died leaving several small children, which he has kept in a boarding school. He worked up in the railroad business, becoming one of the highest standing engineers on the division. He had one of the best runs to be had, making a double trip between here and Omaha each day. One day about two months ago on the way between here and Omaha, he, the fireman and brakeman all took a few drinks, became intoxicated, and while the conductor was waiting at a station for orders, pulled out and ran to Omaha without a conductor. The crew, with the exception of the conductor, was discharged without delay. Delaney, who had put his whole being into running his engine, was well up in line for promotion to a passenger run, was deeply affected by his dismissal. For two weeks he lived about the city with his friends. Then he became sick and was sent by the brotherhood of locomotive engineers to the hospital for treatment, and Dr. Slattery was detailed to care for him. When he was able to leave the hospital he went to the boarding house at 209 North Ninth street, where he now resides.

"Since he left the road he is said to have put in much time brooding over his trouble. Some time ago he was given a position on the fire department, but he remained there but a single day. Since then he has done nothing, but has continued in his gloomy mood and it was claimed that he threatened to kill himself when the police were asked to take charge of him."

"For years I starved, then I bought a 50 cent bottle of Kodol Dyspepsia Cure, and what that bottle benefited me all the gold in Georgia could not buy I kept on taking it and in two months I went back to my work as machinist. In three months I was as well and hearty as I ever was. I still use a little occasionally as I find it is a fine blood purifier and a good tonic. May you live long and prosper."—C. N. Cornell, Roding, Ga., Aug. 27, 1906. Kodol is sold here by F. G. Fricke & Co. & Gering & Co.

Entertained at Henry Meisinger's. THE OLD FOLKS AT HOME

Are Never Without Pe-ru-na in the Home for Catarrhal Diseases.

MR. S. D. FOSS, 116 S. E. 6th street, Minneapolis, Minn., writes:

"I wish to congratulate you on your medicine, Peruna. I have been a sufferer with catarrh of the stomach for over two years, but since I have commenced to take your remedy I have been steadily improving until now I can say I feel no more of my old trouble, and as a matter of course, I will always have a good word for Peruna."

"I recommend it to all my friends." Mrs. Magdalena Winkler, Route 4, Westminster, Md., writes:

"I thank you very much for your advice. I can safely say that Peruna and Manalin have saved my life."

"When I wrote to you the first time, asking your advice, my condition was so poor that I did not expect to live through the winter, but now I am perfectly healthy."

I cannot praise your medicine enough and I recommend it to others."

T. T. Markland, a well-known business man of Cincinnati, O., writes from 8100 Woodburn Ave., as follows:

Celebrates Sixty-Eighth Birthday.

At the home of Henry Hilbert, two and one-half miles south of this city, a pleasant gathering occurred yesterday afternoon, in response to invitations to assist Mrs. Hilbert celebrate her sixty-eighth birthday anniversary. Various amusements, including musical and vocal selections, were indulged in by those present, and a rare social time was enjoyed during the several hours spent with the hostess. An elegant supper was served at a welcome hour, and to this each did justice. The table, on which covers were laid for twelve, was tastefully decorated with chrysanthemums.

It was at a late hour in the afternoon that the ladies wished their hostesses many more happy returns, and departed for their homes.

Here is our condensed opinion of the Original Laxative Cough Syrup: "Nearly all other cough syrups are constipating, especially those containing opiates. Kennedy's Laxative (containing) Honey and Tar moves the bowels. Contains no opiates. Conforms to the National Pure Food and Drug Law. Sold by F. G. Fricke & Co. and Gering & Co."

For a mild, easy action of the bowels, a single dose of Doan's Regulets is enough. Treatment cures habitual constipation. 25 cents a box. Ask your druggist for them.

"I find that in my case Peruna is a flesh builder. I am now at work every day, and have gained ten pounds. I took your Peruna according to directions, and the result was more than I expected."

"I can now breathe with ease, and also my cough is stopped. I had it for six months before I took down with the grip."

"I took no other medicine but Peruna and it accomplished all. You told me in your first letter that Peruna would cure me and it has."

"I am seventy-three years old and can attend to my work and business as usual."

Mrs. Theone Mikkelsen, Brigham City, Utah, writes:

"I wish to thank you for all the good Peruna has done me. I am entirely free from the cough which used to bother me so much every winter."

"My kidneys are also in good condition, and I feel stronger and better all over. For all these I give the credit to your excellent medicine, Peruna. I am pleased to recommend it to everybody."
