### Nothing in the Report.

A report comes from Chicago that James J. Hill is preparing to have his Great Northern swallow the Burlington system by absorbing its identity, and taking away its name. At Burlington headquarters in Omaha officials say that there is no truth in the report, and that it has never been given any consideration by Mr. Hill.

They add that the Burlington is a business name that all over the world is worth millions of dollars to Mr. Hill every year, and that he is too wise a man to throw business away.

Instead of the Great Northern absorbing the name of the Burlington, it looks as though the Burlington is going to do a little of the absorbing on its own account. When the Great Northern was built from Sioux City to Ashland, upon its completion, it took on the name of the Burlington. Now plans are about completed by which the Great Northern, running from South Sioux City to O'Neill, will be added to the Burlington management in Nebraska and carry the name of Burlington.

"For years I starved, then I bought a 50 cent bottle of Kodol Dyspepsia Cure, and what that bottle benefited me all the gold in Georgia could not buy I kept on taking it and in two months I went back to my work as machinist. In three months I was as well and hearty as I ever was. I still use a little occasionally as I find it is a fine blood purifier and a good tonic. May you live long and prosper."—C. N. Cornell, Roding, Ga., Aug. 27, 1906. Kodol is sold here by F. G. Fricke & Co. & Gering & Co.

### Rapidly Recovering.

The Lincoln Journal says that Conductor Walters, the Burlington man who was shot while on duty about a week ago, is reported recovering rapidly from his injuries. He was shot three times by a crazy man with whom he had some misunderstanding about a ticket, while running his train from Lincoln to Omaha. The crazy man afterwards turned the gun on himself, inflicting wounds from which he later died in Omaha. One ball passed through Mr. Walters' arm and two others were imbedded in his shoulder.

### Must Take Care of "Don."

Reports come from Lincoln to the effect that as soon as Governor-elect Sheldon made his appearance at the capital his steps were dogged by office-seekers. Mr. Sheldon, however, declares that he will announce no appointments until after January 1.

Fifteen or twenty men want to be oil inspector and the home of Sheldon is literally inundated with requests for places.

Early next week Sheldon will leave for Mississippi, where he will spend several days on his plantation.

W. H. Hayward was spoken of as a possible aspirant for the office of adjutant general. He disclaimed any intention of accepting the office should it be proffered him.

One of the rumors is that Norris Brown will attempt to take care of Don Despain by seeking his appointment as state oil inspector. However, it is probable that Brown will be urged to look after Despain with some federal gift.

### In Time of Peace.

In the first months of the Russia-Japanese war we had a striking example of the necessity for preparation and the early advantage of those who so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it has been contracted and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cures of colds and it should be kept at hand ready for instant use. For sale by F. G. Fricke & Co. and D'Ment's.

### Show Up Pretty Well.

The gross receipts of the Missouri Pacific railway at the Nehawka station for the month of October, 1906, were \$7,222.40, being the largest in the history of the station. This was divided as follows: Ticket sales, \$748.60; incoming freight, \$2,500; outgoing freight, \$3,973.80. Total, \$7,222.40. This does not include about \$100 for express nor any Western Union tolls. We think it a pretty good month's business for a town of this size and it shows there is something doing here all the time. What town of our size can beat it?—Nehawka Register.

### Had a Close Call.

"A dangerous surgical operation, involving the removal of a mammoth ulcer as large as my hand from my daughter's hip, was prevented by the application of Bucklen's Arnica ointment," says A. C. ## "SAVED MY LIFE"

—That's what a prominent druggist said of Scott's Emulsion a short time ago. As a rule we don't use or refer to testimonials in addressing the public, but the above remark and similar expressions are made so often in connection with Scott's Emulsion that they are worthy of occasional note. From infancy to old age Scott's Emulsion offers a reliable means of remedying improper and weak development, restoring lost flesh and vitality, and repairing waste. The action of Scott's Emulsion is no more of a secret than the composition of the Emulsion itself. What it does it does through nourishment—the kind of nourishment that cannot be obtained in ordinary food. No system is too weak or delicate to retain Scott's Emulsion and gather good from it.

We will send you a sample free. Be sure that this picture in the form of a label on the wrapper of every bottle of Emulsion you buy.

SCOTT & BOWNE Chemists 409 Pearl St., N. Y. 50c. and 51c. all druggists.

### HOME ENDORSEMENT

Hundreds of Plattsburgh Citizens Can Tell You All About It.

Home endorsement, the public expression of Plattsburgh people, should be evidence beyond dispute for every Plattsburgh reader. Surely the experience of friends and neighbors, cheerfully given by them, will carry more weight than the utterances of strangers residing in far away places. Read the following:

E. M. Buttery, engineer, living at corner of Tenth and Walnut streets, Plattsburgh, Neb., says: "It did not require a long treatment to prove to me that Doan's Kidney Pills have merit. Pain would catch me in the hips so that I could hardly raise a shovel of coal. There was also at times lameness across the loins. I had reason to believe that these troubles were caused from a disordered condition of the kidneys and hearing Doan's Kidney Pills so highly spoken of, I sent to Gering & Co.'s drug store for a box. The quick and effective relief I obtained from its use warrants me in speaking of the remedy in most favorable terms."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Our jovial friend, H. A. Dugay, is to be a daily visitor here, as he has been assigned to officiate as conductor on the new passenger train that was put on last Sunday to run between Nebraska City and Omaha. Mr. Dugay is "right in town with a pocketful of rocks" now, as he resided here a number of years ago and was conductor on the first train that ran over this main line between here and Omaha fifteen years ago last September.

## EX-GOV. OF OREGON USES PE-RU-NA IN HIS FAMILY

For Colds and Finds It An Excellent Remedy.

### A Letter From the Ex-Governor of Oregon.

The Ex-Governor of Oregon is an ardent admirer of Peruna. He keeps it continually in the house.

A letter received from him reads, as follows:

STATE OF OREGON, EXECUTIVE DEPARTMENT. The Peruna Medicine Co., Columbus, Ohio.

Dear Sirs—I have had occasion to use your Peruna medicine in my family for colds, and it proved to be an excellent remedy. I have not had occasion to use it for other ailments.

Yours very truly, W. M. Lord.

It will be noticed that the Governor says he has not had occasion to use Peruna for other ailments.

The reason for this is that most other ailments begin with a cold.

Using Peruna promptly to relieve colds, he protects his family against other ailments.

This is what every other family in the United States should do. Keep Peruna in the house.

Used Pe-ru-na in the Family Eight Years.

Mrs. Josephine Gillen, 315 Morris St., Portland, Ore., member Patrons of Husbandry, writes:

"Peruna has proven itself of such untold value to us that we are glad to give it due praise. We have had it in the home for more than eight years.

"It restores health in a few short weeks, takes away headaches and backaches, increases the appetite and restores lost nerve force. It is a specific for colds and catarrh."

Every family should be provided with a copy of Dr. Hartman's free book on "Chronic Catarrh." Address Dr. S. B. Hartman, Columbus, Ohio.

An old bachelor of this city says if some of the younger set of girls in this old town were one-half as pretty as they think they are, they would command an extraordinary salary at a beauty show.
