D., 1907, at 9 o'clock a. m., to contest said petition, the court may grant the same and grant administration to Mary Weber or some other suitable person and proceed to a settlement thereof.

Recommend Present Postmaster.

A special from Washington says: "Congressman Pollard, before leaving for his home at Nebawka this afternoon recommended, the reappointment of Chester H. Smith as postmaster at Plattsmouth." This announcement is received with much rejoicing by Mr. Smith's many friends in this city. There are no better men anywhere than Chet Smith and one that attends more strictly to his own business does not exist. His record as postmaster will compare favorably with that of any such officials in the state and Congressman Pollard has displayed considerable wisdom in recommending Postmaster Smith's reappointment.

Celebrates Sixty-fourth Anniversary. Joseph Smith, who left here a couple of weeks since to visit his sons in Missouri, (his former home) was agreeably surprised on his 64th anniversary by his three sons, Dan, Ed and John surprising him by celebrating the event on Sunday last, December 16th, in a most becoming manner. It proved to be a most pleasing affair, not only to the father and sons and their families, but also to the many invited guests, who were there to assist in delecting a most sumptuous dinner prepared in honor of the event. The Journal trusts that Mr. Smith may live to enjoy many more such happy occasions.

PROGRAMS IN CITY SCHOOLS

Excellent Christmas Exercises Have Been Prepared by Various Grades.

WILL BE HELD FRIDAY AFTERNOON

An Especially Good Program to be Given by the High School—Parents and Public Cordially Invited.

In the various rooms of the city schools Christmas programs will be given tomorrow afternoon by the pupils of the several grades and of the high school.

For the past several weeks the teachers and pupils, anticipating the holiday vacation, have been devoting much time and effort in the preparation of the exercises to be held on Friday afternoon before the schools close for the two weeks' recreation, which will doubtless be enjoyed by the instructors as well as by the scholars.

In order that the parents, especially the mothers, may have plenty of time in which to reach the buildings for the beginning of the exercises, the schools will not open until half past one o'clock—the first bell being rung at that time and the second bell at 1:45. The pupils will notice that there are only fifteen minutes between the bells. The parents and public are extended a cordial invitation to attend the exercises.

The high school students have prepared an exceptionally good program for the afternoon, which is made up of the following numbers: Music, Charlotte Fitzer; recitation, Charles Kirchenblatt; debate, "Resolved that the City of Plattsmouth Should Own and Operate a Lighting System—affirmative, Chas. Mapes, Kirk Bates; negative, Ernest Horn and Ray Smith; essay, Helen Jess; music, Marie Bookmeyer; recitation, Marie Douglas.

Shot guns, rifles and plenty of ammunition can be found at H. L. Asemissen & Son's.

Gillette's Safety Razors will make a most appropriate Christmas present. They can be found at Bauer's Hardware store.

It is noticeable a cold seldom comes on when the bowels are freely open. Neither can it stay if they are open. Kennedy's Laxative Cough Syrup tastes as pleasant as maple sugar. Free from all opiates. Contains Honey and Tar. Conforms to the National Pure Food and Drug Law. Sold by F. G. Fricke & Co.

Keep the Children in School. It is a serious mistake when parents allow their children to leave school before the course is finished, as it cannot help but count against the advancement of the pupil when he is compelled to stay out a week or more at a time. The work in school can not be as strong as it might be if the attendance is good. Even the poorest farmer after planting a young tree of some choice variety in the best place for it to grow until it becomes useful would not think of retarding its growth in some way. What would be the result during the growing season if he would put a close covering over the tender plant, keeping all light and moisture from it for two or three weeks at a time? Would it be right for him to expect it to equal the others in beauty and fruit bearing at the time it is old enough to begin to show some results of the cultivation and care given it?

What is more suitable for a Christmas present for your wife than a nice bed room suite, or handsome rug? Nothing. M. Hild, the furniture man, has just what you want.
