Farmers Organize to Manufacture and Market Their Own Product

If you are tired of milking cows and getting small returns. If you want more money for your butter and cream. If you want to get the most for your cream, and to have a vote in its manufacture and sale, you will join the great movement for

Co-operation

that is sweeping over the state like wildfire and become a member of the

Farmers' Co-operative Creamery and Supply Company

It is your own hope of getting your fair share of profits from your cows. You do the work—you ought to reap the profits. Organize! Co-operate! Control the manufacture and sale. That's the only way. This movement will unite 5000 cream producers in a purely co-operative movement. The society incorporated under the laws of Nebraska has already purchased the immense plant, equipment and business of the Harding Cream Co. of Omaha with more than 2000 votes and a well-established trade. Some start with a co-operative business. The money spent on stock in co-operative business is returned to you.

It Takes Two Keys

To open your steel safe deposit box in the Murray State Bank vault, the bank key and your own key will not lock with out the other. So the danger of the wrong person getting into your box by any means, is somewhat better than the old iron box, which could be opened with a saw or other tool. Come in and let us show you how they work, and how much easier they are for you to keep your valuable papers in than in a tin box which can very easily be destroyed by fire. Boxes for rent at \$1.00 and \$1.50 a year.

When your Watch Stops
You cannot make it go by shaking it. When the hands stop, you can get them going again. One cannot mend a delicate piece of mechanism by violent methods, and no machine made by man is as fine as the human body. The use of pills, salts, castor-oil and strong cathartic medicines is the violent method. The use of the herb tonic laxative, **Lane's Family Medicine** is the method adopted by intelligent people. Headache, backache, indigestion, constipation, skin diseases—all are benefited immediately by the use of this medicine. Druggists sell it at 25c. and 50c.
