"Before we can sympathize with others, we must have suffered ourselves." No one can realize the suffering attendant upon an attack of the grip unless he has had the actual experience. There is probably no disease that causes so much physical and mental agony, or which so successfully defies medical aid. All danger from the grip, however, may be avoided by the prompt use of Chamberlain's Cough Remedy. Among the tens of thousands who have used this remedy, not one case has ever been reported that has resulted in pneumonia or that has not recovered. For sale by F. G. Fricke & Co. and A. T. Fried.

## WHY IT SUCCEEDS

Because It's not One Thing Only, and Plattsburgh is Learning to Appreciate This.

Nothing can be good for everything. Doing one thing well brings success. Doan's Kidney Pills do one thing only, they cure sick kidneys, they cure backache, every kidney ill. Here is Plattsburgh evidence to prove it.

Mrs. James Hodgert, living at 1102 Main street, Plattsburgh, says: "When I have backache Doan's Kidney Pills are the doctor. I first used this remedy about two years ago and it brought me such quick and positive relief from backache that I have always since depended upon it in case of recurrence and it has never failed to give most gratifying results. Prior to using Doan's Kidney Pills, I suffered a great deal at times from a dull heavy pain in the small of my back, especially so, when I stooped or brought any strain on the muscles of the loins. The fact that Doan's Kidney Pills have saved me a great deal of suffering and have never once failed me, gives me cause to value them highly. My husband has also used them for pain in the back and found it true to its representations. We never mean to be without Doan's Kidney Pills on hand. I procured them at Gering & Co.'s drug store."

For sale by all dealers. Prices 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name Doan's and take no other.

### Dangers of a Cold and How to Avoid Them.

More fatalities have their origin in or result from a cold than from any other cause. Your article on the political history of Cass county of 1870, was very interesting to your correspondent, as I was one of the boys that helped make that history. It was in that campaign and the following session of the legislature that I saw the Hon. Lawson Sheldon "tried and not found wanting." And if his son, George L., who was then a babe in his mother's arms, and now governor of the great state of Nebraska, will prove as true to his trusts and promises to the people as did his venerable father, they will have made no mistake in their choice for chief executive.

Among a number of curios and souvenirs received recently by Mrs. Louise Cooper from her son, Lemuel, who is attached to the United States battleship Glacier, which was stationed near the Holy Land, is a beautifully finished gavel, which is made of four kinds of wood and has a Masonic emblem upon one side. The gavel was given to V. V. Leonard to present to the local order of Masons.

Another curio in the collection is a stone from King Solomon's temple in the Holy Land. A beautiful souvenir album, containing photographs of the buildings, people and waterways of that noted land, was also received by Mrs. Cooper, who says that Lem has been transferred to Cuba, and will soon be nearer home.
