Common Colds are the Cause of Many Serious Diseases.

Physicians who have gained a national reputation as analysts of the cause of various diseases, claim that if catching cold could be avoided a long list of dangerous ailments would never be heard of. Everyone knows that pneumonia and consumption originate from a cold, and chronic catarrh, bronchitis, and all throat and lung trouble are aggravated and rendered more serious by each fresh attack. Do not risk your life or take chances when you have a cold. Chamberlain's Cough Remedy will cure it before these diseases develop. This remedy contains no opium, morphine or other harmful drug and has thirty years of reputation back of it, gained by its cures under every condition. For sale by F. G. Fricke & Co. and A. T. Fried.

In the Proper Light.

There are but few editors in our state who have not made a vigorous fight against the city mail order house. This has been done in the interest of the home merchant, and without money and without price. If the editors of the land had received regular advertising rates for all they have said against these enemies of the country merchant they could be wearing diamonds.

A CAROLINA LEGISLATOR.

Hon. Wm. G. Hunter Uses Pe-ru-na As a Family Medicine.

WHEN a man of undoubted reputation comes out squarely in public print, giving unqualified endorsement to a household remedy there must be something genuine to account for it.

Hon. W. G. Hunter, of North Carolina, well-known in Washington and throughout the Southern States, says of Peruna that he regards it as the greatest family medicine ever discovered.

He does not hesitate to say that Peruna invigorates and gives fresh strength to mind and body.

Such testimonials as this ought to make Peruna popular.

No advertising known to the arts of man, no commercial management could ever raise Peruna to such a high standard of appreciation as the frank and unqualified statements of such men.

Peruna is an ideal household remedy. It wards off colds and relieves catarrh in all its forms and phases.

By ridding the system of catarrh, it cleanses the body of those conditions which invite chronic diseases.

Cold Affected Head, Throat and Lungs.

Mr. Matthew O'Hare, 145 William St., Fall River, Mass., writes:

"About four years ago I consulted a physician to get relief from a cold which had stopped up my head and also settled on my lungs, resulting in catarrh and also throat difficulties.

"He gave me some medicine, but four months faithful use of the same did me no good. I then tried other doctors, but it was just the same.

"So I decided to try Peruna and after using two bottles my lungs began to heal, I did not cough nearly so much and slept better.

"In six months the cough, catarrh and throat difficulties were all cured. "I was pleased with the result and wish to write you of it. Seven bottles of Peruna cured me."

A. L. Hewitt, J. P., West Berlin, Vt., writes: "I am happy to be able to write you this letter in relation to what your Peruna has done for my family.

"When I brought the first bottle home, I found my wife and daughter both sick—my wife with indigestion and my daughter with a severe cold. They were both cured.

"I am willing to state that Peruna, taken in the beginning, will cure the worst cold in 24 to 36 hours."

Bring Suit for Damages.

In Justice Archer's court a suit entitled McMaken & Son vs. John Schiappacasse and A. L. Tidd was filed today. The action is brought to recover \$100 for damages sustained as a result of the injunction suit filed a few ago, but recently dismissed by the defendants in the present case. The case is set for trial on February 12.

Rising From The Grave.

A prominent manufacturer, Wm. A. Feltwell of Lucama, N. C., relates a most remarkable experience. He says: "After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease in the Diabetes stage. I fully believe Electric Bitters will cure me permanently for it has already stopped the liver and bladder complications which have troubled me for years." Guaranteed at F. G. Fricke & Co., druggists. Price only 50c.

HON. WM. G. HUNTER.

Cough, Colds, Catarrh

Relieved By Pe-ru-na.

Hon. Wm. G. Hunter, ex-member North Carolina Legislature, writes from the Census Office Building, Washington, D. C., concerning Peruna:

"The greatest family medicine ever discovered, in my opinion, which comes from experience as well as observation, is Peruna. The most common affliction to human-kind is a bad cold. Peruna drives it out of doors, wards off catarrh, invigorates and gives fresh strength to mind and body. I give Peruna my unqualified endorsement."

Mr. G. W. Taylor, Clendenin, W. Va., writes:

"I think that Peruna is the greatest tonic that was ever put on the market. For several years my eyes bothered me so much. The pain was so severe sometimes I would think they would surely burst out of my head.

"I tried Peruna and Mannin and am to-day a well man. am sure I should have died had it not been for Dr. Hartman's wonderful medicine, Peruna."

Such testimony as the above has given Peruna a high standard in the estimation of the public.

The Squirrel Question.

The Lincoln Journal discussing the squirrel question says: "First we protect it from the hunter because of a grace and beauty that appeal strongly to Nebraska legislators. When finally it has killed most of the birds and begins to lay waste the neighboring corn fields we can remove this protection and offer a bounty for squirrel scalps as we do now for wolf scalps. By the first part of the policy we help out the game wardens, by the second open the way to making a political ten strike with the squirrel pestered farmers, at public expense. Two jobs have been made to grow where none grew before, the very fibre of political benefaction."

Most disfiguring skin eruptions, scrofula, pimples, rashes, etc., are due to impure blood. Burdock Blood Bitters is a cleansing blood tonic. Makes you clear-eyed, clear-brained, clear-skinned.
