HIGH OPINION of any commodity cannot be acquired through hearsay or experience. Both voice the public sentiment as to this bank being one that every element of danger is eliminated from.
ESTIMATE ON BANKING as formed by the public comes, first, from individual experiences of individual depositors. Second, from what these depositors say about us. That's hearsay, but it's a worthy evidence. Best of all, to test it for 1907. You had better give us your account.

EXPERTS ON INSANITY
 They Are Giving Their View of the Matter in the Harry K. Thaw Trial.
INTENTION OF LAWYER JEROME
 Indications That He Is Going to Ask a Lunacy Commission.

Mrs. Harry Thaw and Her Brother, Howard Nesbit, Will Probably Clash in an Issue of Veracity.
 New York, Feb. 28.—Interest in the Thaw trial centered in the maneuvers of District Attorney Jerome, who seemed to give further indication of his purpose in the near future to apply to the court for a commission in lunacy to report upon the present condition of the defendant's mind. The witness stand for the greater part of the day was occupied by Dr. Britton D. Evans, director of the New Jersey Hospital for the Insane at Morris Plains, N. J., an alienist for the defense who was up for cross-examination. Jerome seemed to direct his efforts at getting from Dr. Evans information as to the exact recognized forms of insanity from which the expert declared Harry Thaw was suffering at the time of the "brain storm" which resulted in the killing of White.

Will Call a Thaw Alienist.
 Dr. Evans had testified in his will Thaw displayed evidences of a melancholic state of mind. The district attorney dwelt for an hour or more upon the subject of melancholia, and then asked the expert if it was not true that in acute melancholia there is a recurrence of the affliction in at least one-third of all cases. Dr. Evans said there was. Jerome said he intended calling as the witness in rebuttal Dr. Allan McLane Hamilton, the alienist who was first employed by the Thaw defense, but who has not heretofore figured in the trial.

Why He Will Call the Doctor.
 Dr. Hamilton recently returned from Europe and in a published interview just after he landed, was reported to have said that he came to the conclusion that Thaw was insane at the time of the tragedy and that he is insane now. The district attorney also stated that he would call Dr. Charles F. Ringman, of Pittsburg, the Thaw family physician, in rebuttal. Dr. Ringman was on the stand for a short while, but Delmas objected when Jerome started in to cross-examine the physician as to insanity in the Thaw family, on the ground that the witness had not qualified as an expert. Jerome thereupon told Dr. Ringman to hold himself in readiness to take the stand for the state.

HOWARD NESBIT TO TESTIFY
 Indications That Brother and Sister Will Be in Contradiction.
 Dr. Ringman told of visiting Thaw in the Tombs during August last, when the prisoner seemed much depressed and suffered from the delusion that a conspiracy had been formed against him, complaining that he was not allowed to put paper over the grating in his cell door because "they" wanted the cold air to blow in and give him pneumonia, so he would die and his case never come to trial.
 By recalling Mrs. Evelyn Nesbit Thaw to the stand for a few questions which he had omitted on his long cross-examination Jerome indicated that he would call Howard Nesbit, her brother, to contradict her in a matter of credibility. He asked Mrs. Thaw if she had not told her brother that Thaw had treated her cruelly while abroad because she refused to tell lies about Stanford White and say he had drugged and mistreated her. He also wanted to know if the brother had not bought her a pistol with which she might defend herself against Thaw. The defendant's wife denied absolutely that there was any truth in any of these statements, and said she had never owned or carried a pistol in her life.
 Delmas announced that the defense would conclude its case this week. This, however, was upon the assumption that the district attorney would conclude his cross-examinations of Dr. Evans and Wagner yesterday. Jerome did not even finish with John T. Deenar, the physician to Mrs. William Thaw's family, will follow Dr. Evans, and then will come Dr. Wagner. After these have testified Mrs. William Thaw herself will take the stand, according to present plans. The defense may, therefore, conclude by Monday or Tuesday of next week. If Jerome moves for a lunacy commission it is expected he will do so during the taking of the rebuttal testimony next week.
 It was expected that Dr. Evans and Jerome would have a lively duel during the cross-examination of the witness, but there were only one or two clashes in which the honors appeared to be about evenly divided. The examination dragged at times and Jerome seldom raised his voice above the low placid tone he so frequently assumes.

ARBUCKLE'S ARIOSA COFFEE

"For over thirty years," writes a gentleman in Los Angeles, "I have used Arbuckle's Coffee. Many times my family has tried other coffee only to come back to our old reliable, unchangeable Arbuckles." No other coffee has this uniform never failing aroma, I care not at what price. I have often wished I could tell you this." Many other people have the same opinion. Arbuckle's was the first roasted packaged coffee, and its sales exceed all the others put together. That it costs you less is due simply to our coffee business being so much greater than any competitors, in fact, it is larger than the next four largest firms in the world combined. We naturally can and actually do give better coffee in ARIOSA than anyone else can give for the price; Being the standard article it is sold at the narrowest margin of profit.

Some grocers will try to sell you instead loose coffee which the roaster is ashamed to sell in a package bearing his name.

Don't take it, neither the looks nor the price indicate its cup quality. No matter where you buy Arbuckle's ARIOSA, or what you pay for it, it's the same old uniform Arbuckle's ARIOSA Coffee.

If your grocer will not supply, write to ARBUCKLE BROS., New York City.

Munger to Be District Judge.
 A special from Washington under date of February 27, says: "The selection of a new federal judge for Nebraska proved a short horse. The delegation met at 10 a. m. and in less than two hours had agreed on T. C. Munger of Lincoln. At 4 p. m. his name was sent to the senate by the president, and before adjournment it had been referred to the committee on judiciary. It will probably be reported and confirmed tomorrow." The "scrap" for the place was very spirited while it lasted and the delegation in congress, we suppose, done the best they could. The appointee is said to be very well qualified for the position. For six years he was chairman of Burket's congressional committee and this is why he "stood pat" for Munger.

Boy Saw a Floater.
 Ernest, the 13-year-old son of Wm. Barker, residing near the Plattsmouth bridge, saw a corpse floating down the Missouri river last Saturday. He was somewhat frightened by the object and did not take a very close look further than to observe that the corpse was that of a man wearing a black coat. It is thought the body came from the Platte river as the boy was standing on a riprap about a mile north of the bridge and at a point about opposite the mouth of the Platte.—Glenwood (Iowa) Tribune.

Nothing will relieve indigestion that is not a thorough digestant. Kodol digests what you eat and allows the stomach to rest — recuperate — grow strong again. Kodol is a solution of digestive acids and as nearly as possible approximates the digestive juices that are found in the stomach. Kodol takes the work of digestion off the digestive organs, and while performing this work itself does greatly assist the stomach to a thorough rest. In addition the ingredients of Kodol are such as to make it a corrective of the highest efficiency and by its action the stomach is restored to its normal activity and power. Kodol is manufactured in strict conformity with the National Pure Food and Drug Law. Sold by F. G. Fricke & Co.
