FULL TEXT OF ORDINANCE

Presented to the City Council Monday Night For Adoption, as Given by City Attorneys Travis

As there has been a great deal of misunderstanding regarding the ordinance preventing minors from drinking in or loafing in saloons, we publish the ordinance together with City Attorney Travis' explanation of same to the council:

ORDINANCE NO. —

Entitled an ordinance to prevent minors from drinking in or loafing in or about saloons or from playing any game of chance or other game therein and to inflict punishment for violation thereof.

BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF PLATTSMOUTH, NEB. Section 1. That it shall be unlawful for any minor to drink in or loaf in or about any saloon in the City of Plattsmouth, where intoxicating liquors are sold, or to play any game of chance or any other game therein; or to enter any such saloon except as a duly authorized agent of his parent, master or guardian of such minor and for a lawful purpose only.

Sec. 2. That when any such minor shall have been duly authorized in writing by his parent, master or guardian to enter any such saloon, for a lawful purpose only, he shall not remain therein any longer than is actually necessary to transact the business for which he was sent.

Sec. 3. Any and all persons violating the provisions of this ordinance shall be fined in the sum of not less than \$5.00 and not to exceed \$20.00 at the discretion of the court.

This ordinance shall be in force from and after its passage and publication for one week. PLATTSMOUTH, NEB., Mar. 20, 1907. To the Mayor and City Council of Plattsmouth, Nebraska: Gentlemen:—I herewith submit to you Ordinance No. —, prohibiting minors from loafing, drinking or playing games in saloons.

I find from an examination of the authorities that a minor cannot be absolutely prohibited from entering a saloon, if he be sent by his parents, guardian, or master, for a lawful purpose. I therefore make the exception in the ordinance, so that all may understand what it means and its full scope.

I will cite one case explanatory of the law. In the case of Monaghan vs State, 66 Miss. 513, the court says: "The sale of liquor to a minor as agent for an adult, for whom, and with whose money he procures it, and to whom he takes it, and of which fact the dealer is cognizant when the liquor is gotten, does not constitute a sale to a minor but is a sale to the parent, master or guardian."

Of course the sale must actually be made in good faith to the principal through the agent. If it should appear the minor had no authority to purchase the liquor, the saloon keeper would be liable under the statute and the minor under the ordinance.

The object of the ordinance is to keep minors out of the saloon, but we can not prevent the parent, guardian or master from using his ward as an agent. The agency under the ordinance must be established by the written consent to the parent, master or guardian. This, I think is necessary in order to protect the saloon keeper as well as the minor, and also to assist the city in making its prosecutions for violation of the ordinance. It will insure good faith all around.

Respectfully submitted, H. D. TRAVIS, City Attorney.

A Good Law.

Insurance swindlers who have made it a practice to write bogus policies, accepting the notes of their victims and then getting them cashed at a discount and departing before the fraudulent nature of the transaction is discovered, have played their last card in Nebraska. The house has recommended for passage Senator Sackett's bill which makes notes issued for insurance non-negotiable.

Convicted of Petit Larceny. A special from Nebraska City, under date of April 3, says: "For two days the case of Edgar Goff was on trial in the district court. He was charged, in company with two negroes, Pearl Burnell and John Price, with robbing a Missouri Pacific car and taking therefrom a number of pairs of shoes. He and one of the negroes were arrested at Plattsmouth two years ago and sent to the penitentiary and as soon as Goff was released he was arrested and brought here to be tried for the crime committed here. The jury after being out six hours brought in a verdict of petit larceny and the prisoner will get a jail sentence. Pearl Burnell is still in the penitentiary and John Price is said to be in jail in the northern part of the state charged with burglary."

EUREKA! Yes, I have found it at Last. Found what? Why that Chamberlain's Salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. Rat Poison Kills Hog.

Old grim death usually picks out some shining mark and causes a load of sorrow. When his visitations come a clear sky may appear to the grieving ones like a thunderstorm, with nothing cheerful. Last week the old monster visited the premises of Mr. and Mrs. Ude Bokelman and laid his icy fingers upon a most cherished object. It seems that Mrs. Bokelman had been using rat poison plentifully, and not thinking of the awful consequences, a monster rat indulged too heartily and took himself to the hog pen to die.

Now a nice fat hog, which Mrs. Bokelman was going to sell to the Swindle butcher the next day for \$15, indulged in rat meat, and behold next morning the hog ended his career like a rat, and there was sorrow in Ude's household.—Weeping Water Herald.
