

JUDGE OF THE SUPREME COURT Suffered Four Months From the After-Effects of the Grip--Relieved By Pe-ru-na.

The grip more than any other disease in the world leaves the system in a run-down, nervous, bloodless condition. Peruna has become famous in relieving the deplorable condition which the grip produces

HON. W. H. PARSONS, 925 H. ST., N. W., WASHINGTON, D. C.

Catarrh Victims Susceptible.

People who have had catarrh of the head, throat, nose or lungs are much more liable to catch the grip than other people.

The reason for this is that the mucous membranes of the head, nose, throat or lungs are injured by the catarrh and the germs which cause the grip find easy entrance into the system.

It is a well established fact that perfectly sound mucous membranes constitute a barrier to the entrance of disease germs.

The best precaution any one can have against the grip is to be perfectly free from catarrh.

Peruna a Preventive.

As a preventive of grip, Peruna has done a great deal of good in the world by its beneficial effect upon the mucous membranes.

Catarrh has another untoward influence to be noticed in connection with the grip.

Victims of catarrh who have had the grip find themselves after the acute stages have passed, in very weakened and deplorable conditions.

After-Effects of Grip.

The whole nervous system is impaired; the digestive organs deranged; the circulation of the blood feeble and irregular. All these symptoms are produced, more or less, by the grip, and especially in people who have had catarrh previous to the grip.

W. H. Parsons is Ex-State Senator and Ex-Special Judge of the Supreme Court of Texas, and was also Brigadier-General in Confederate Army. In a letter from 925 H street, N. W., Washington, D. C., this prominent gentleman says:

"Upon the recommendation of personal friends and many strong testimonials as to the efficacy of Peruna in the treatment of the numerous symptoms of the grip with which I have been afflicted for four months past, I have been induced to undergo a treatment with this justly celebrated formula. I feel a decided change for the better after using it only one week.

"It is especially good in toning up the stomach and has a decided effect upon my appetite. I therefore feel much encouraged that I am on the road to complete restoration.

"My numerous friends in Texas, where I have had the honor to command a brigade of her Veteran Cavalry in a four years' war, may accept this voluntary testimonial to the merits of Peruna as a sense of obligation on my part for its wonderful efficacy."—W. H. Parsons.

It is no longer merely a theory or an assertion that Peruna is applicable to such cases.

Prompt Relief.

In all of the after-effects of the grip, Peruna gives prompt relief. This has been the experience of such a great multitude of people that Peruna has come to be a standard remedy for these cases.

If a person has not used Peruna to prevent the grip, the next best thing is to use Peruna to remove the after-effects of the grip.

A Safe, Reliable Remedy.

Even during the acute stages of the grip, Peruna taken in small, oft-repeated doses, is so efficient that many people use nothing else.

It has been noticed that those who take Peruna during the first stages of the grip generally make a more rapid and complete recovery.

A Most Effective Medicine For La Grippe.

Robt. L. Madison, A. M., Principal of Cullowhee High School, Painter, N. C., is chairman of the Jackson County Board of Education. He is a writer of occasional verse and has contributed to a number of leading papers and magazines.

In speaking of Peruna, Mr. Madison says: "I am hardly ever without Peruna in my home. It is the most effective medicine that I have ever tried for a gripe. It also cured my wife of nasal catarrh."

NEW MUNICIPAL TAX LAW

Nebraska's New Law Relating to Municipal Taxation of Railroad Holdings.

Nebraska's new law for municipal taxation of railroad holdings, erroneously called the "terminal tax" law, was passed without the emergency clause and too late to affect the assessment for this year. It is an act to subject all railroad buildings, main tracks, side tracks and other property in cities and towns to local taxation on the basis of their full value. The bill embodying it was senate file No. 261, introduced by Senator Thomas of Douglas county, says the Lincoln News.

In general the law provides that the local assessor of each city or town shall list all tangible railroad property located within its limits and the county assessor shall make returns of the same to the state board of assessment and equalization. The board shall review and pass upon each assessment thus made, changing it if advisable. In addition, the board shall lump the total value of every railroad's franchise and its rolling stock within the state, thereafter dividing the total by the number of miles of main track the road owns in Nebraska to obtain an average mileage valuation on those items. When this is found, the board shall allot to each city and village its mileage proportion, and the same shall be added to the local assessment on tangible property. The aggregate of all items thus becomes the basis of taxation for municipal purposes. The state board reports back to each county clerk the several municipal assessments made for towns and cities under his jurisdiction, and he lists the assessment against the railway company for taxes.

It should be understood that this process refers only to assessing railroad property in cities and towns. For township, school district, county and state purposes, no change is made in the old method. All those assessments are to be made in the same manner as heretofore, thus: The state board first estimates the values of all mileage, terminals, land, bridges, side tracks and other local property in cities and towns, improvements along the right of way, franchise and rolling stock. These are lumped into a single total for each road, which is then divided by the main line mileage to ascertain the average value becomes the unit of assessment, and every mile of road is taxed at the same rate.

The municipal tax law relates largely to what reports the railroads shall make to the local assessor and what he shall not include in his valuation. Union depot, corporation and private car lines come within the act.

A fine not exceeding \$500 or jail imprisonment for not more than thirty days may be imposed on any assessor who fails to make a proper return of the railroad properties, and in cases where this happens the state board may proceed on its own judgment to fix the valuation. Provision is made that hearings shall be granted the railroads when they desired to be heard.

Use Kennedy's Laxative Cough Syrup. Children like its pleasant taste, and mothers give it hearty endorsement. Contains no opiates, but drives out the cold through the bowels. Made in strict conformity to Pure Food and Drugs Law. Recommended and sold by F. G. Fricke & Co.

Eyes in Bad Shape.

W. J. O'Brien returned Friday eve from Omaha where he had been to consult Dr. Gifford, the specialist, in regard to his eyes, with which he has been afflicted for several weeks. It seems the sight is gradually growing weaker, and the Journal regrets to learn that the eminent eye specialist was unable to give him much encouragement as to the restoration of the sight to its former condition. Our old friend feels greatly discouraged and while we deeply sympathize with him, we can only hope for the best, and trust that time and care will bring about good results and that his sight will be fully restored.

KODOL for dyspepsia clears the stomach and makes the breath as sweet as a rose. KODOL is sold by druggists on a guarantee relief plan. It conforms strictly to the National Pure Food and Drugs Law. Sold by F. G. Fricke & Co.

Condition of Mrs. Sheldon.

The Lincoln Journal says: "Governor Sheldon remained all day yesterday at the bedside of his mother at her home at Nehawka. His mother, Mrs. Julia Sheldon, is seriously ill and he and his wife will remain with her. His mother is aged seventy-three years and for several days has been afflicted with an ailment that is regarded in a serious light by the physicians. Her condition was reported somewhat improved yesterday, but whether or not the change is temporary or permanent cannot be determined. The friends of the governor in Lincoln communicated with him at intervals during the day to ascertain the condition of his mother."

THOUGHTFUL THINKS

Here's freedom to him that would read, Here's freedom to him that would write, There's none ever feared the truth should be heard But they whom the truth would indict. —Robert Burns.

"No, father, I cannot be a Harriman. I did it with my little hatchet."

Never call a man a Harriman to his face unless you are in the pink of condition.

The "three R's" of the political primer appears to be Roosevelt, Root and Ryan.

We regret to report that the time for the comet to strike has passed, and we were not "struck."

If the president refuses to have anything to do with Harriman or Harriman's, he can't travel far in California.

Anybody who believes that Harry Thaw had a brainstorm when he killed a man in a neat and orderly manner should go to Washington and get a real brainstorm.

The Wyoming woman who didn't speak to a man for twenty-seven years has, of course, by now passed the attractive age. If she had not, her mail would be burdened with proposals.

The war department has ordered an army officer to ride horseback from Portland, Ore., to New York. Perhaps this is a gentle hint to the transcontinental railroads which send in such lengthy accident reports.

Speaker Cannon now qualifies his prediction that the Panama Canal will be finished in six or eight years by saying "if there is not too much interference from Washington." How the speaker loves to take sly digs at the president!

The presidential campaign may be said to be on. The straw vote has made its appearance.

The baseball fan again clutches the sporting page of the daily and begins to figure percentages and talk dope.

Did you ever notice that squeezing the water out of stocks never reduces the price of meat, butter, potatoes and the like?

A physician states that by hanging onions in the house sickness can be prevented. The occupancy of the house can also be prevented at the same time.

Ask the man on a salary and he will tell you that times are so good and money so plentiful in the country that a dollar goes only half so far as it used to do.

Speaker Cannon, who believes the Panama Canal will be finished in eight years, must be right in his oft-repeated assertion that he is an optimist.

The latest combination of capital is the doughnut trust. It will not be surprising to hear that there will be an effort to corner the supply of holes.

"A precious lot of time I have to be a senator," says Mr. Harriman. Yes, it is easier to have a personal representative in the upper branch of congress.

It's an ill wind which blows nobody a calf. After the recent hurricane in Louisiana a calf was found in a planter's lot miles from where it was thought to belong.

Love laughs at gunsmiths. A Missouri girl dismantled her father's shotgun, with which he had threatened her lover if she eloped, and then ran off under his very nose.

The carrying out of party pledges is a good thing so long as the party does not make pledges that are dangerous. However, we are only in the first stages of the party-pledge period.

Little progress is being made on the construction of the Roosevelt dam, according to Interior Department reports. Perhaps this is why the president uses such polite language in saying who shall belong to his Ananias Club.

The President is preparing to "crush the scandal on the Panama isthmus" as developed in recent investigations by private parties. He is in no position now to cry "Harriman" and howl defiance to those who make assertions. Graft and scandal are too ripe down there for even a President to deny.

For Thin, Poor Blood

You can trust a medicine tested 60 years! Sixty years of experience, think of that! Experience with Ayer's Sarsaparilla; the original Sarsaparilla; the Sarsaparilla the doctors endorse for thin blood, weak nerves, general debility.

Cass Realty Transfers.
Flora E. Yost to Geo. H. Dennis, lot 1, block 88, Weeping Water w. d. \$1100
Mary B. Nickel to Thos. Crozier, lot 9 and 10, block 99, Weeping Water, w. d. \$600

Jno. Waterman to Frank Slatinsky lots 4 and 5 block 10 Duke's and, to city. Consideration \$550.
H. R. Gering to Livingston Loan & Building Association Q. C. D. lot 12 block 111, city. Consideration \$1.
A. C. Hess to Edwin Jeary nwl and n1/4 of ne1/4 section 36-10-9, Consideration \$16,800.
J. L. Thomas to J. P. Falter lot 8, block 5, city. Consideration \$1000.

Improving Nicely.
Miss Olga Kell, daughter of our old friend, Peter Kell of Cedar Creek, who was taken to a hospital in Omaha and who went through the ordeal of an operation for appendicitis, is improving as well as could possibly be expected. In fact, her sister, Mrs. A. F. Seybert, who is with her, reports her getting along nicely, and in a splendid way for recovery.

EUREKA!
Yes, I Have Found it at Last.
Found what? Why that Chamberlain's Salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. I had to get up three or four times every night and wash with cold water to allay the terrible itching, but since using this salve in December, 1905, the itching has stopped and has not troubled me.—ELDER JOHN T. OSOLEY, Rootville, Pa. For sale by F. G. Fricke & Co. and A. T. Fried.

"LOOK BEFORE YOU LEAP!"

No doubt but Monday you will be down town for something you need. If you have not made up your mind just where you will make the purchase, we would be pleased to have you look over what we have to offer. There are many articles to be sold below regular value. Our widows and counters are filled with genuine bargains, and you can save money by purchasing from us. Clothes pins 1c per dozen; 50 envelopes for 5c; Tablets 5c, 4c, 3c, 2c and 1c; spectacles, the kind that you have always paid 25c for, our price 10c; table oil cloth, regular 25c per yard value, white or marble, our price 20c per yard; colored table oil cloth at 18c per yard; granite ware at 10c that you can not buy anywhere else under 15c to 25c; 2 spoons of good thread for 5c; lawns as low as 5c per yard; muslins at 10c, 8c and 6c per yard. Don't buy elsewhere until you have looked at the splendid bargains we offer.

THE ORIGINAL LAXATIVE COUGH SYRUP

For all Coughs and assists in expelling Goids from the system by gently moving the bowels. A certain relief for croup and whooping-cough. Nearly all other cough cures are constipating especially those containing Opium. Kennedy's Laxative Honey & Tar moves the bowels, contains no Opium.

KENNEDY'S LAXATIVE HONEY AND TAR

PREPARED AT THE LABORATORY OF E. G. DEWITT & CO., CHICAGO, U. S. A. F. G. Fricke & Co., Druggist.

TIME TO ACT

Don't Wait for the Fatal Stages of Kidney Illness. Profit by Plattsmouth People's Experiences.

Occasional attacks of backache, irregular urination, headaches and dizzy spells are common early symptoms of kidney disorders. Its an error to neglect these ills. The attacks may pass off for a time, but return with greater intensity. If there are symptoms of dropsy—puffy swellings below the eyes, bloating of limbs or ankles, or any other part of the body, don't delay a minute. Begin taking Doan's Kidney Pills, and keep up the treatment until the kidneys are well, when your old-time health and vigor will return. Cures in Plattsmouth prove the effectiveness of this great kidney remedy.

Mrs. B. E. Gallagher of Winterstein Hill, Plattsmouth, Neb., says: "Kidney trouble was all through our family. My father and an uncle died of Bright's disease, so in my case there is no doubt about kidney affection being hereditary. Ever since I had the rheumatism thirty years ago, in fact, all my life, I have been subject to pain in my back and dropsical tendencies. On account of the misery in my loins, I have at times hardly been able to get up or down. I could tell in dressing how badly my body would be swollen and then my limbs would be bloated and my hands puffed up. A friend of mine gave me part of a box of Doan's Kidney Pills. The strong praise she gave for the remedy gave me some hopes that it might do me some good. I used it and it did prove true to the claims made for it. Of course, I could not expect a permanent cure from taking half a box, but to say that it brought me much relief from the pain and dropsical symptoms is not exaggeration by any means. I procured Doan's Kidney Pills at Gering & Co.'s drug store."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name, Doane's and take no other.

Afflicted With Gallstones.
The Journal regrets to learn that Mrs. J. D. Ferguson, living near Louisville, who has been seriously ill for some time, will have to undergo an operation for gallstones. The unfortunate lady is quite aged, and her many Plattsmouth friends join the Journal in the hope that she will pass through the trying ordeal in safety.

Buggy Smashed to Splinters.

While Hans Rothman was delivering orders for Soennichsen's grocery store with a horse and spring wagon, the horse had an inspiration during the absence of the driver and therefore started out on a race against the high wind that was blowing Friday. Leaving the driver on South Seventh street, near F. H. Steimker's residence, the animal proceeded down the hill, across Main street, on Seventh, and on out Washington avenue until near McMaken's ice house, the buggy collided with a bridge. The result was a buggy smashed to splinters, and a badly frightened, but much subdued horse.

The buggy was consigned to the scrap pile, while the horse was taken to the stable to await another opportunity to cause some excitement. The animal is gaining quite a reputation in the runaway line, this being the fifth experience. The other incidents resulted more fortunate to the vehicle and horse.

Will be Strictly Enforced.

Parents are requested to read the ordinance published in this issue of the Journal pertaining to boys loafing in saloons. Mayor Gering and Chief of Police Fitzgerald requests the Journal to call attention to the fact that the ordinance will be strictly enforced and that parents must govern themselves accordingly.

The bar docket for the spring term of the district court as prepared by the district clerk shows that there are twenty-three equity, thirteen law and two criminal cases to come up for trial. The criminal cases are State vs Dennis Dowd, and State vs John M. Johnson.

Elmwood Doctor Suddenly Ill.

Dr. Munger suffered a severe attack of appendicitis first of the week and Monday evening was taken to the Everett sanitarium at Lincoln, accompanied by Dr. Bohannon, J. G. Stark, L. F. Langhorst, Floyd Woolcott and Henry Arends. His condition was found to be very serious and an operation was performed by Dr. Harry Everett that evening at 8:30. The doctor withstood the shock of the operation nicely and at last reports was doing well. The Leader-Echo sincerely hopes that the doctor's recovery may be rapid, and that he will be able to return home in a few days. Mrs. Munger and children, who were visiting in Iowa, were telegraphed for Monday, and reached Lincoln Tuesday.—Leader-Echo.

MARRIED IN METROPOLIS

John L. Mayfield and Miss Sopha Petersen are the Contracting Parties

Among the passengers to the metropolis on the fast mail this afternoon were Miss Sopha Jarglan Petersen and her sisters, Miss Anna Petersen and Mrs. McMacken, and the latter's husband, Guy, and John L. Mayfield, with whom Miss Sopha was united in marriage at four o'clock at the office of county judge. Mr. Mayfield is the station agent at Pleasant Dale, Neb., where his parents reside, and where the young couple will be at home to their friends after Monday, April 22.

The news of this marriage is a delightful surprise to the many friends of the contracting parties. The groom was employed at the Burlington station in this city for a number of years, and made many friends who congratulate him in securing such an estimable life companion. The bride is the second daughter of Mr. and Mrs. L. H. Petersen of this city, and having been reared to womanhood in this city, enjoys a wide circle of friends who learn of the happy event with pleasure.

The Journal joins in wishing Mr. and Mrs. Mayfield a wedded life of peace and prosperity.

Former Pioneer Citizen Dead.

The Union Ledger, in speaking of the death of A. M. Rose, a former pioneer citizen of Cass county, says: "Grandpa Rose was an honored resident of this vicinity for a long time until a few years ago, when he and his wife moved to Pierce county in order to be near their sons G. A. and Virgil, who had located near McLean, making their home most of the time with them. Grandma Rose died about three years ago. Amaziah M. Rose was born in Trumbull county, O., Jan. 1, 1824, and came to Cass county in 1854. In 1855 he represented this county in the territorial legislature, always being active in the public affairs of the state and county. During the many years he lived here he was loved and respected by all who knew him, and the younger people always found in him a jovial companion whose delight was to witness their athletic sports and encourage them in the enjoyment of life. He was a kind and sympathetic old gentleman, and there are many here who will long remember his generous actions and words of counsel as a good citizen."
