

# HAPPY WOMEN PRAISE PE-RU-NA

It Is Works, Not Words, That Has Made Pe-ru-na Famous Throughout the Land.

The miss and the matron alike praise Peruna. Girls and women have all discovered the value of Peruna. The Miss and Mrs. have been ill, each in her own peculiar way, and have found relief by taking Peruna.

Fair girls and beautiful women, frail daughters and ailing mothers everywhere have taken Peruna and know its value in the relief of ailments peculiar to their sex. From the grandmother to the girl babe the gentler sex are under numerous obligations to Peruna.

All this being true and the woman does not hesitate to tell it, her words win the confidence of other women, and thus the fame of Peruna spreads from household to household, until millions of homes acknowledge Peruna as their favorite and reliable family medicine.

Peruna is good for many minor ills. It can be relied upon to mitigate the many disagreeable effects of colds and irregularities so common among women. All the ailments of a catarrhal nature belong within the scope of Peruna's remedial action.

Peruna cured me in a very short time.  
MRS. SOPHIA CALDWELL

MISS ANNIE HENDREN

Peruna has made me a well and happy girl.

Mrs. Sophia Caldwell, 1122 McGavock street, Nashville, Tenn., writes:

"After doctoring for a year and finding no relief from leucorrhoea resulting from prolapsus uteri, and which was sapping my life forces away, I finally tried Peruna and when I found that it was helping me every day it seemed almost too good to be true.

"But, it not only helped me, it cured me and in a very short time. I am now enjoying the best of health. I am strong and free from pain, and I certainly feel that all praise and honor are due to Peruna."

Miss Annie Hendren, Rocklyn, Wash., writes: "I feel better than I have for over four years. I have taken several bottles of Peruna and one bottle of Manalin. I cannot do all of my work in the house, milk the cows, take care of the milk, and so forth. "I think Peruna is the most wonderful medicine. I believe I would be in bed to-day if I had not written to you for advice. I had taken all kinds of medicine, but none did me any good. Peruna has made me a well and happy girl. I can never say too much for Peruna."

"I suffered with female troubles for thirteen years, and tried the best doctors in Louisville, Ky., without relief. I spent thousands of dollars at the Springs. The doctors desired that I have an operation performed to remove my ovaries, which I would not consent to. I saw an advertisement of your Peruna and bought one bottle, and before I had taken it all I could get out of bed and walk about. After taking three bottles I was as well and hearty as ever. I gained in flesh from one hundred and eighteen to one hundred and eighty-

six pounds. If it had not been for your great and wonderful medicine I would now be in my grave. I would advise all women sufferers to try it. I would not be without it for the world."—Anna Munden, Hollygrove, Ark.

"I was troubled with very serious pelvic weakness, which exhausted me so that I feared I would lose my mind. I suffered agony with my back, the pain extending down my left leg. The pain was so severe that I would have welcomed death as a relief. Peruna cured me of this trouble,—no wonder I recom-

## MANGLED BY STALK CUTTER

A Farmer Near Elmwood Had One Limb Almost Severed From the Body

The Elmwood Leader-Echo gives the following particulars of a terrible accident that happened to John Buchholz, a farmer residing five miles south of that place on Wednesday afternoon, April 24. The unfortunate man had his left leg broken and terribly mangled by the knives of a stalk cutter.

"He was out in the field cutting stalks and one of the single trees broke. Mr. Buchholz got off the machine to unhook the traces, when the team started to back, the lines being drawn under the cutter. Mr. Buchholz then ran behind the cutter to try and loosen the lines, when he was struck by the cutter and knocked over backwards, the horses backing the cutter onto his legs before he could get them to stop. One of the cutter knives cut a deep gash in his left ankle joint, another knife striking his left leg just below the knee cap, breaking the bone, severing the tendon and cutting a very deep gash in the knee joint. His right leg was also cut some, but not serious.

"After getting the horses stopped Mr. Buchholz was able to get the lines untangled, lift the knives off his legs, and make the horses pull the cutter away from him. He lay in the field for some time before his sad plight was discovered, when he was taken to the house and Dr. Neeley hastily summoned, who dressed his wounds and left him resting as well as could be expected.

"The doctor says there is great danger of blood poisoning, owing to so much dirt getting into the wounds. Even should he succeed in saving the limb, it will be stiff on account of the tendon being severed.

"Mr. Buchholz has the sympathy of the community in his trouble, which has happened at the busiest time of the year for a farmer, and all hope for his early recovery."

## LAW TO BE TESTED IN COURT

Judge A. N. Sullivan Arrested for Accepting Annual Pass on M. P. Railroad

Out of Justice court Saturday a warrant was issued for the arrest of Judge A. N. Sullivan, charged with accepting and using illegal transportation over the Missouri Pacific Railroad. The defendant waived preliminary examination and the case will come up for hearing in the district court at the coming term, which will be within the next ten days.

The proceedings of this case is decided quite generally throughout the state by the people and the railroads as well. The only way to test the law is by arresting some one, who it is thus claimed are violating the statute. The law prohibits local attorneys of railroads who do not devote the major portion of their time to the services of the road, from accepting free transportation. The railroads contend that the local attorney, who renders them professional services, pays for his transportation in such services, although he has a pass. They further contend that they hold the right to make such contracts with their employes as may be agreed upon, and that the transportation given is not gratuitous, but is based on a valuable consideration, and that such a contract is in strict harmony with this state and United States, and any law that attempts to infringe upon that right is in violation of the constitution of our state and the United States.

The lay department of the different railroads of the county are all agreed that the supreme court of the state and the United States, if necessary, will in due form of law be requested to pass upon this important matter.

Judge A. N. Sullivan was selected as defendant by the law department of the railroad on account of his long connection with railroad litigation and his intimate knowledge of the law governing such corporations. The suit is in one sense an amicable one, the state and the defendant parties being very anxious to have the matter determined. As stated above the case will be tried in the district court within the next ten days, and an appeal will, of course, be taken to the Supreme Court, either by the state or defendant, and will be entered as the State of Nebraska vs. A. N. Sullivan.

This is the first suit involving the validity of any of the acts of the past legislature.

**Who Is He?**  
The village of Lorton seems to have more or less excitement these days, and the most recent is over the saloon question for the ensuing year, and there seems to be an over bright attorney from Cass county, who desires a little cheap notoriety, putting his nose in the affairs of other villages. The people of Lorton have been able to take care of its affairs without the aid of outsiders of the county and does not wish any "buttersins." A remonstrance having been filed by the bright young attorney against the granting of a license, and no petition has been filed for one.—Nebraska City News.

## Try the Remedy.

Every little while we read in the papers that some one has run a rusty nail in his foot or other portion of his body and lockjaw resulted therefrom and the patient died. If every person was aware of a perfect remedy for such wounds and would apply it, then such reports would cease. The remedy is simple, always at hand, can be applied by anyone—what is better it is infallible. It is simply to smoke the wound or any wound that is bruised or inflamed with a woolen cloth. Twenty minutes in the smoke will take the pain out of the worst case of inflammation arising from such a wound. People may sneer at this remedy as meh as they please, but when they are afflicted with such wounds let them try it.

## Woman Wanted.

Sheriff Quinton received a message Saturday from the sheriff of Colfax county, at Schuyler, requesting him to meet the east bound train and arrest a woman named Mrs. Delvina, who was wanted in that county, and where a warrant was issued for her arrest. Sheriff Quinton met the train, and after a thorough search found that the lady had remained on the Schuyler train and went on to Omaha, where the sheriff probably has the same order and her arrest will follow. No information as to the charge against the woman was given to Sheriff Quinton.

## ABSTRACT OF THE GAME LAW

Read and Re-read It and Then Govern Yourself Accordingly.

Game laws as they stand today are embodied in abstracts as follows, and it will be well to refer to it just before starting out to fish or hunt. File it away.

### Bag Limit.

25 birds or 25 fish in one day. 10 geese and 50 other game birds in possession. Except it is unlawful to have more than 10 prairie chickens or grouse in possession at one time during month of September.

### Open and Closed Seasons.

Deer, antelope and beaver are prohibited. Prairie chickens and grouse, the season opens September 15th and closes December 1st. Quail season opens November 15th, closes December 1st. Ducks and geese season opens September 15th and closes April 10th. Jack snipe, Wilson snipe, yellow legs, dove and plover season opens September 15th and closes April 10th. Squirrels prohibited. Trout season is from April 1st to October 1st. All other fish the season is open from April 1st to November 15th. Song and insectivorous birds are prohibited.

### Nothing to It.

Query Editor:—Since the great earthquake in San Francisco April 18th, 1906 it is claimed that the Earth has moved seven thousand miles farther south. What is your opinion on the subject?—R. Moolock, Tipton, Missouri.

We don't know what your informant means by "the earth has moved seven thousand miles farther south." We presume he means the earth has been turned out of his orbit to that extent. It is preposterous and there can not be a bit of truth in it. The San Francisco earthquake has possibly as much effect on the entire earth as throwing a small jackstone in a large lake would have on the lake. You might as well expect a small jackstone to move a large lake out of its place as the San Francisco earthquake to move the earth out of its orbit.—Hick's Word and Works.

### Direct Road to Success.

The merchant who knows how to cultivate a market has before him a direct road to success. His own personality and his standing in the community are, of course, factors in the building up of trade; but the controlling agency by which he may secure a ready and paying market for his goods is advertising. With a well conducted establishment, amply and conveniently stocked, a tradesman who shall judiciously and regularly use the advertising columns of a fully accredited newspaper may justly hope to realize his most sanguine expectations. The business announcements in a high grade journal go out like trusty messengers reaping needed information to the purchasing public, whose custom once secured, the shrewd merchant may expect to retain. It pays to advertise.

### Wedding at Alvo.

The following is taken from the Lincoln Journal:—"Willis S. Tobey and Minnie I. DeBord were married Sunday at 10 a. m. at Alvo, at the home of Mrs. V. A. Williamson, who is a cousin of the bride. Rev. B. A. Storch, pastor of the Alvo Methodist church, performed the ceremony. Miss DeBord is a sister of Mrs. F. O. Peterson, of Lincoln. Mr. and Mrs. Tobey are at home at 3427 R street. Mr. Tobey is a brother of George E. Tobey."
