

# THE BEST FRIENDS OF PE-RU-NA ARE THE MOTHERS AND CHILDREN

## Pe-ru-na Should Be Kept In Every Household Where There Are Little Children.

Pe-ru-na should be kept in the house all the time. Don't wait until the child is sick, then send to a drug store. But, have Pe-ru-na on hand—accept no substitute.

Children are especially liable to acute catarrh. Indeed, most of the affections of childhood are catarrh.

All forms of sore throat, quinsy, croup, hoarseness, laryngitis, etc., are but different phases of catarrh.

Pe-ru-na Contains No Narcotics.

One reason why Pe-ru-na has found permanent use in so many homes is that it contains no narcotic of any kind. Pe-ru-na, if taken according to printed directions, is perfectly harmless. It can be used any length of time without acquiring a drug habit. It does not produce temporary results, but it is permanent in its effect.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh.

Mrs. F. Brookman, 813 Meade street, Appleton, Wis., writes: "I have never had a return of the catarrh, which had made me so miserable and unhappy before I began taking Pe-ru-na. I would not be without it in the house, now. I have a baby boy, two years old, to whom I give Pe-ru-na for a cold, and my husband also takes Pe-ru-na. I thank you and wish you well."—Mrs. F. Brookman.

**No Doctor Required.**

Mr. Edward Otto, 927 De Soto street, St. Paul, Minn., writes: "I cannot say enough for Pe-ru-na. It has done great work in my family, especially for my oldest boy. We had doctor'd with three or four different doctors and they did not seem to do him any good. We gave up hopes of cure, and so did they, but we pulled him through on Pe-ru-na. We had several doctors and they said they could do no more for him, so we tried Pe-ru-na as a last resort, and that did the work. Since then we keep it in the house all the time, and no doctor is required."—Edward Otto.

There are a multitude of homes where Pe-ru-na has been used off and on for twenty years.

Such a thing could not be possible if Pe-ru-na contained any narcotics.

**The Benefit Which the Children of the United States Have Received From Pe-ru-na Can Never Be Put Into Words.**

The chronic ailments it has prevented, the suffering it has mitigated, will never be fully recorded.

But at least this much can be said that the coming generation owes a great debt to Pe-ru-na, for it is in the tender years of youth that slight ailments are liable to develop into lasting diseases, thus blasting the whole career of the individual.

The mothers who are bringing up their children to-day to believe in Pe-ru-na are speaking from their experience.

These children brought up to believe in Pe-ru-na from the start, will, when they become heads of families themselves, use Pe-ru-na with unquestioning faith.

**A Child's Life Saved.**

Mr. G. H. Farmer, New Martinsville, W. Va., writes: "Our little son, Harry, is well and healthy now and we think if we do as you directed us, he will keep his health and grow strong. We know that our little son's life was saved by your wonderful medicine, Pe-ru-na, and we shall always praise Pe-ru-na and use it in our family when needed. Should we have any more catarrhal trouble in our family, we shall always write to you for treatment."—Mr. G. H. Farmer, Mt. Vernon, Mo., writes: "I have used Pe-ru-na to my entire satisfaction and am exceedingly well pleased with the results, having suffered greatly with catarrh of the stomach."

Mrs. J. C. Sterling, 123 Brown Avenue, Norfolk, Va., writes: "My little boy, Meredith, suffered with indigestion so badly he could not eat anything without it making him very sick, so I thought (as many others have) that I would try Pe-ru-na, and it worked like a charm. Now he eats anything he wishes, and I would not be without it for anything."—Mrs. J. C. Sterling.

Mr. Howard Andrew Sterner, 424 Canal street, Reading, Pa., writes: "I have Pe-ru-na in my house all the time and won't be without it. It is good for children when they take a cold or croup. It cured my baby boy of croup. I have introduced Pe-ru-na into six families since I received your last letter, and four have seen relief already."—Howard Andrew Sterner.

**Pe-ru-na Protects the Entire Household.**

As soon as the value of Pe-ru-na is appreciated by every household, both as a preventive and remedy, many lives may be saved and thousands of chronic lung troubles of catarrh may be prevented.

## When Sickness Comes to the Little Ones It Is the Mother Who Chiefly Suffers.

She suffers even more than the child who happens to be sick. Her sympathy is deeper than that of any other member of the family. The mother looks forward with dread to the torrid heat of summer, thinking of her children and the many liabilities to disease that are before them. Spring and summer are sure to bring ailments, especially among the little folks.

It does not take a mother very long to discover that Pe-ru-na is the best friend she has in time of illness among the children.

**A Multitude of Mothers**

Have discovered that Pe-ru-na is their stand-by, and that in many of the ailments of spring and summer to which the children are subjected, Pe-ru-na is the remedy that will generally quickly relieve.

Whether it is spring fever or stomach derangement, whether it is indigestion or bowel disease, a catarrhal congestion of the mucous surfaces is the cause.

Pe-ru-na quickly relieves this condition of the mucous membranes. Its operation is prompt, the children do not dislike to take the medicine, it has no deleterious effects in any part of the body. It simply removes the cause of the disagreeable symptoms and restores the health.

Pe-ru-na is a household remedy for all catarrhal ailments of winter and summer, acute or chronic.

The mothers all over the United States are the best friends that Pe-ru-na has.

Mr. C. Hallock, Antwerp, Ohio, writes: "My daughter Allie, after taking three bottles of your Pe-ru-na is entirely cured of catarrh of the head of two years standing. We have used Pe-ru-na as a general tonic as well as for catarrh and are well pleased with it and recommend it to anybody who has catarrh."

**The Mothers Hold Pe-ru-na in High Esteem.**

Not only because it has cured them of their various ailments, but because it promptly restores the children from the throes and grasp of catarrhal diseases.

We have in our files many testimonials from mothers whose children have been cured by Pe-ru-na. However, the large majority of mothers who use Pe-ru-na, we never hear from.

But we do hear from a great number of mothers who are so overjoyed at some special good they have received from Pe-ru-na that they cannot restrain their enthusiasm. They are anxious to share these benefits with other mothers.

## HAS ONE WIFE TOO MANY

**Young Man "Gets His Foot in It" by Taking Into Himself Another Wife.**

Evidently Earl W. Himstedt, a young man of twenty-three years, has started out pretty early in the marrying business, according to the Glenwood, (Iowa) Tribune, the young man now languishes in the jail at that place charged with bigamy.

According to the Tribune, Himstedt was arrested in Council Bluffs and brought to Glenwood Friday evening by Sheriff Linville. He has waived preliminary hearing and has been bound over to the September grand jury, under bonds of a thousand dollars, which he has thus far been unable to furnish.

The parties to the affair are but little known to Glenwood people. The young man was married here on the night of October 22, 1905. The bride was a Miss Maude Moore, and the ceremony took place in one of the Ivory cottages where the grandparents of the bride resided. They were Mr. and Mrs. Fred Frese. Mr. Frese was employed as harness maker with L. E. Geil for about ten months.

The couple were in town only a few hours. They gave their residence as East St. Louis. The mother of the bride was here at the time. She had been opposed to the marriage, but at last relented.

Justice F. G. Day officiated at the marriage, and now behold what strange things the whirling of time bring about. Some time last week the bride of eighteen months ago appeared at Justice Day's office and swore out an information for the arrest of the erstwhile bridegroom, charging bigamy.

The young woman carried in her arms a babe of tender age, but in her eye was the fire of resentment over the treatment she had undergone at the hands of the recreant Himstedt.

It is asserted that Himstedt was married to a Miss Johnson at Atlantic previous to his marriage here at Glenwood and that he has never been divorced. It appears that this fact recently came to the ears of wife No. 2 while Himstedt was attempting to get a divorce on the quiet from wife No. 1.

For some months past the couple have been living in Omaha where it is said the father of Himstedt is a Pullman conductor. A brother of the wronged wife, C. Moore, is said to be employed at the Orvis meat market in Council Bluff. Wife No. 1 is said to be living in Council Bluffs also.

**The Anti-Pass Case.**

The case of the State of Nebraska vs. A. N. Sullivan charged with having accepted a free pass at the hands of the Missouri Pacific railroad company came to a close so far as the power of the district court is concerned Thursday afternoon. County Attorney Rawls, in behalf of the state and prosecution, read the complaint, and proceeded to question the defendant, A. N. Sullivan, as to the manner of his compensating the company for the so called free transportation.

The defendant admitted that he held the transportation, and that he had ridden on the same when he so desired, but contended that his services rendered was sufficient to pay for the same, and as the contract was made prior to the enactment of the new law, it was unconstitutional as it attempted to invalidate a contract protected by the power of the constitution, which prohibits legislation impairing the validity of contracts.

County Judge H. D. Travis appeared and made the argument, as stated above, for the defendant, while A. L. Tidd appeared as a friend of the court. Jesse L. Root, being more familiar with the new law, was called upon to give an explanation of its intention. A strong argument was made in favor of the defendant by H. D. Travis in the absence of Mr. Sullivan's prepared counsel, who was unable to be present.

Judge Paul Jessen took the case under advisement, and at the time of going to press today he has not announced his decision, but it is expected before court adjourns this afternoon.

We understand that County Attorney Rawls will ask to have the case dismissed, as he is of the opinion that it is not a fair case to make a test of.

**Good Sound Sense.**

This is the way the Lincoln Journal man puts it: "One of the things that makes a game of baseball disgusting is to hear a lot of sapheads in the grand stand beefing at the decisions of the umpire. As a rule the umpire's decisions are fair, and whether so or not, they are 'official' and must be submitted to. Another thing, it never helps the cause of a team that is getting the worst of the game for the partisans of that team to make it uncomfortable for the umpire."

Everyone knows that spring is the season of the year when the system needs cleansing Dade's Little Liver Pills are highly recommended. Try them. Gering & Co.

**Who Struck Lindsay?**

Thursday night about eleven o'clock, the police were notified of a man lying near the bill boards on Sixth street, opposite the postoffice, and for some time all sorts of rumors were afloat as to some one being held up, robbed and slugged, and left lying in an unconscious condition. Night Police Slater hurried to the scene and found it to be Sam Lindsay, and while a portion of the story was true, the robbing part was false. When questioned as to who struck him, Lindsay was unable to tell, or how he became in the locality where he was found. His eye was badly bruised and swollen as though he had encountered some pugilistic expert and got the worst of it. He was placed in jail, and this morning brought before Judge Archer where he was assessed the usual \$1.00 and costs.

It is claimed that Lindsay was drinking some yesterday, and he probably got a little too much, which accounts for him being unable to remember how or when he received the stunning blow on the head.

**Bridges Case Advanced.**

In reference to the incest case against John P. Bridges, the Nebraska City Tribune says: "Attorney John P. Bridges, appeared in supreme court at Lincoln Tuesday with application for reduction of bail for his client, fixed by the court at \$5,000, pending the hearing of the appeal case in the supreme court. County Attorney D. W. Livingston appeared for the state. This morning Attorney Watson was advised by the clerk of the supreme court that the court had made no further order in the matter of Bridges' bail but had advanced the case for hearing to the first meeting of the court in June. The court will assemble on June 4th. In the meantime the sentence of the district court is suspended and Bridges is admissible to bail in the sum of \$5,000 if he can procure it."

**Buys Property in Omaha.**

The Journal is in receipt of a letter from our excellent young friend, Harry F. Newman of Omaha, in which he orders the address of his paper changed to 1715 North 35th street, where he says he has just purchased property. This certainly denotes prosperity for Harry, and we are glad to know it.

Of all the fruit there are in the land That grows on bushes or trees, I would give up the choices ones For Hollister's Rocky Mountain Tea. Gering & Co.

**Boys Were Drowned.**

C. S. Wortman, grandfather of the young man, who in company of another boy, made their disappearance from home last December, was in the city yesterday, and gave the Journal a call. It will be remembered that the boys started from the Wortman home, near Ashland, ostensibly for the purpose of skating and that was the last seen of them. Reports came to the father of the Wortman boy that they had been seen at several places, but that he has never placed any truth in these reports, and has never given up the theory that both boys found graves in the water. Since finding the coats a few days since, Mr. Wortman has become more convinced than ever that the boys were drowned.

**Kraft Coming to Stay.**

The Millard property has been sold and Glenwood will gain a good citizen. The purchaser of this beautiful home is Mr. Chas. Kraft, a member of the firm which comprises the Kraft Clothing Co. The consideration has not been generally known but it comes from an authoritative source that it was \$5,250.

Mr. and Mrs. S. E. Laraway, who have occupied the place since last September, will soon vacate, though no definite plans are made for their future residence.

Mr. and Mrs. Kraft have been residing at Plattsmouth. The people of Glenwood should feel flattered that of twelve places where they own stores Mr. Kraft and wife should have chosen this as the most desirable one in which to live. The other brother, George Kraft, makes his home at Ft. Madison.

This chance will probably mean that Frank Huston, who has been here as manager of the store since it was purchased about the middle of January, will return to Plattsmouth though definite announcement to this effect has not been made.

Glenwood people extend to Mr. and Mrs. Kraft a hearty welcome to the city.—Glenwood Opinion.

**Informally Entertained.**

Mrs. Dora Moore entertained the following ladies at a six o'clock dinner yesterday at her home at Rock and Ninth streets: Mrs. J. W. Newell, Mrs. H. E. Snyder, and Misses Olive and Stafield Jones.

While the gathering was simply an informal affair, the afternoon was most enjoyably spent.

**Miss Gertrude Hartman.**

Miss Hartman, of Plattsmouth, is teaching in the Walnut Grove school south of town which Miss Pearl Kid-doo was teaching until she was taken ill. This school has a custom quite different from most schools at least, if not every other school in the county. They have no school on Monday but remain in session Saturday and do the fifth day's work of the week.—Glenwood Opinion.

DeWitt's Carbolyzed Witch Hazel Salve does not merely heal on the surface; it penetrates the pores and promptly relieves pain, caused by boils, burns, scalds, cuts and skin diseases. It is especially good for piles. Beware of imitations. Sold by F. G. Fricke & Co.

**Seed Corn Said to Be Bad.**

The experiment station of the College of Agriculture of the state of Iowa, during the past winter made many tests coming from all over the state, and the result of the experiments has shown an alarming condition. Out of 3,300 tests of corn coming from farms all over the state proved that only 58.2 per cent would germinate. Iowa is only across the Missouri river from Nebraska and it is possible that the condition of corn grown in Nebraska is very little different from that grown in Iowa. This being the case, it would be well for every farmer to examine all his seed corn closely before planting. Corn in the corn belt is by far the most important staple. A failure in the corn means a failure in business generally.

**My Best Friends.**

Alexander Benton, who lives on Rural Route 1, Fort Edward, N. Y., says: "Dr. King's New Discovery is my best earthly friend. It cured me of asthma six years ago. It has also performed a wonderful cure of incipient consumption for my son's wife. The first bottle ended the terrible cough, and this accomplished, the other symptoms left one by one, until she was perfectly well. Dr. King's New Discovery's power over coughs and colds is simply marvelous." No other remedy has ever equaled it. Fully guaranteed by F. G. Fricke & Co., druggists. 50c and \$1. Trial bottle free.

When you need a pill, take a pill, and be sure its an Early Riser. De Witt's Little Risers are safe, sure, satisfactory pills. The pills with a reputation. They do not gripe or sicken. They are sold here by F. G. Fricke & Co.

**The Mantle of Charity.**

The Beatrice Sun discussing the appointment of Don Despain as deputy labor commissioner says: "But Governor Sheldon, the 'boy governor,' the man who stands for all that is pure in politics; he represents the reform end of the great republican organization in this state, Governor Sheldon finds that he needs this person in his business. He finds that a black mailer may become a necessary adjunct to the state administration. He sees in this man who threatened to privately and maliciously assail the private character of a representative in the legislature, a valuable asset, and, instead of driving him from the state house, he promotes him from secretary to perpetual labor commissioner. Let us throw the mantle of charity over the unfortunate position that Governor Sheldon has placed himself in, and bow our heads in regret and shame that the governor of this great commonwealth has become entangled in the meshes of one who, experience has shown, will not hesitate to use his power to advance his own personal interests."

**Guardian Appointed.**

In county court Friday the guardianship matter of the heirs of Reuben E. Chapin, deceased, came up for hearing. Some time ago a petition for guardianship of the minor heirs was filed by their brother, a resident of Douglas county. To this proceeding the heirs objected, and nominated a brother-in-law, Walter A. Laughlin. After hearing the choice of the heirs County Judge Travis lost no time in appointing Mr. Laughlin, and fixed his bond at \$2,500. All the heirs that were old enough to legally state their choice were in favor of the appointment by the court.

**Prompt Settlement.**

George Stander received Friday a draft for \$2000 on the policy held by him against the Royal Highlanders. The insurance was upon the life of Mrs. Stander who died on the 7th day of March last. Mr. Stander made no effort whatever to rush a settlement but a draft was forwarded to him just as soon as the proper evidence reached the proper department. The prompt action of the Royal Highlander in this matter demonstrates the fact that it is an excellent and responsible society.

Hurried meals, lack of exercise are the main causes of dyspepsia. A Rings Dyspepsia Tablets after each meal digestion, improve the appetite. Gering & Co.
