Woman's Influence. It cannot be denied that from time immemorial the women always had a great influence on the condition of her husband and sons, and that often was the leading spirit of the family. We wish to show a little example of this, by quoting from a friend's letter. He was suffering from all kinds of difficulties without being able to explain the cause of them. His wife advised Triner's American Elixir of Bitter Wine, because she noticed that the appetite of her husband had changed; that his complexion is becoming yellowish, dull; that his eyes lost their luster and that his step is not as elastic as before. This convinced her that there is something wrong with his digestion. We feel quite certain that many women gave such advice to the members of the families, whenever there was some trouble with the stomach or the intestines, or in dull headache, loss of appetite, unclean complexion, tired feeling, etc. Let mamma prescribe Triner's American Elixir of Bitter Wine and no mistake will be made. At drug stores. Jos. Triner, 799 S. Ashland Ave., Chicago, Illinois.

Secures Fishing Tackle.

The Deputy Game Warden quietly got off a train in the little village of Cedar Creek, a few days since and secured some fishing tackle, consisting of seines, trow lines, etc. Quite a commotion had been raised, as some think that there has been some reporting of the use of the seines in the ponds of Atwood & Co., and also Metzgers, which both have been stocked by the state, and which are not allowed to be fished in with either seines or trow lines. No arrests have been made as there is no evidence against anyone in particular, and to where to go for any such evidence as would serve to convict any one. The owners of the tackle are mourning the loss of their property but have to make as good a face, under the conditions as possible.
