

BODY CLEANING EVERY SPRING MORE URGENT THAN HOUSE CLEANING.

Many Women Have Discovered That a Course of Treatment
With Pe-ru-na Cleanses the System of the
Accumulations of Winter.

MRS. ALICE BRADLEY.

Mrs. Alice Bradley, Thorold, Ont., Can., writes:
"Two years ago I became weak and rundown and as time passed I gradually failed until a year ago, when I experienced a stroke of paralysis, which affected one side and I was helpless."
"I called in professional medical treatment, but steadily grew worse."
"I had decided I never would rise again from my bed, but when Peruna was brought to me and after having taken four bottles of it, I was able to be out and a wonder to myself and friends."
"I consider Peruna a great blessing to the afflicted. I may add that my daughter has also used Peruna and has been blessed with renewed health. I believe Peruna saved our lives."

Clean Up Once a Year.

CLEANING up the body in the spring is a duty everyone owes to himself. Face powders may hide a rough skin, but Peruna helps to produce a skin that need not be hidden.
The source of good blood is good digestion. Peruna aids digestion.
Those people who have regular bodily functions have a clear and delicate skin. Peruna helps to restore these functions. Most skin deformities depend upon systemic derangements, which cannot be corrected by local treatments.
Peruna is a systemic remedy, reorganizing and regulating the whole body.

A Good Game.

Those Plattsmouth boys evidently had on their fighting togs. When we remembered that score at Glenwood mistakingly inferred that with our boys they would be easy marks. It was a deceptive thought. They began to play in the first inning and while our boys kept them from scoring until the seventh and themselves only acquired three tallies, yet in that seventh the Platts boys evened the score and it was 3 to 3. From that time on every player was on his tip toe. Try as they may, neither side could score until the eleventh inning when through an error of the Platts catcher Malvern acquired a tally and the battle was ended. The two pitchers had about the same number of strike outs to his credit. The support was good. There was a couple of two base hits in the game. It was a pretty game and honors were about even. The Platts boys took the joshing in good spirit. An eleven inning game and the score 4 to 3 seems like a professional record.—Malvern Southwest Iowan.

Painted His Wheels.

Some person with more paint than sense, applied a coat of Ultramarine blue, to the wheels of a buggy belonging to Nicholas Halmes a week ago last Saturday as the vehicle stood under the shed at the rear of the lot on the corner of Fifth and Main streets. Uncle Nick says that if the person, or persons who began the job will finish it in good shape, and also paint the body of the buggy, and send in his bill it will be paid at once. He prefers that people who paint though, when engaging with him, would allow him the privilege of selecting the color. No objections to the color selected, but our ideas might not coincide.

Real Estate Transfers.

Henry Ofe to Michael Timmas, lots 1 to 13, block 9, Thompson's addition to city. Consideration \$130
John Roessner to John Busch, lot 91, sei sw 18-12-14. Consideration..... \$125
C. S. Polk to J. P. Faister, lots 11 and 12, block 123, city. Consideration..... \$100

Another Wedding.

Another marriage occurred this afternoon, the happy couple being J. E. Moyer and Miss Nellie Robb, both of near Gretna. Judge Archer tied the knot and sent the newly wedded home-ward bound, feeling as happy as a big sunflower.

**THE ORIGINAL LAXATIVE COUGH SYRUP
KENNEDY'S LAXATIVE
CONTAINING HONEY AND TAR**

Health and Complexion, Strength and Beauty Depend Upon Clean Blood and Good Digestion.

Mrs. Daniel Passmore, Welland, Ontario, Can., writes:
"For three years I was severely afflicted with stomach trouble, and for days at a time I could not eat anything. I grew thin in flesh, had headaches and was the picture of despair."
"I was attended by three doctors, but got no good results."
"Finally I began the use of Peruna. I soon noticed an improvement and after using three bottles, I was able to relish a meal, in fact, could eat anything."
"To-day I feel well and strong. I consider that Peruna has saved my life and I shall always praise it."

MRS. DANIEL PASSMORE.

Mrs. N. P. Lawler, 423 N. Broadway, Pittsburg, Kas., writes:
"Last spring I caught a severe cold which developed into a serious case of catarrh. I felt weak and sick and could neither eat nor sleep well."
"A member of our club, who had been cured of catarrh through the use of Peruna, advised me to try it and I did so at once."
"I expected help, but nothing like the wonderful change for the better I observed almost as soon as I started taking it."
"In three days I felt much better, and within a week I was well."
"I continued taking the entire bottle and within two weeks I was in fine health."
"Peruna is a wonderful medicine."
Mr. Lee King, R. F. D. No. 4, Farmersville, Tex., writes:
"My health has been better generally this spring and summer than it has been for four years and I have worked nearly every day."
"I suffered with dysentery and bowel trouble."
"Your remedy also cured my wife of constipation."
"I wish you continued success with your great medicine, Peruna."

Fifty Years Ago.

It will be fifty years on the twentieth of this month, since the establishment of the Methodist church in the city of Plattsmouth, and as a befitting way of celebrating the event, there will be a gathering of the members and others outside of the city. Those from away who will address the meetings will be D. W. Huntington, Chancellor of the Wesleyan University at University Place, and F. L. Loveland of the First Methodist church of Omaha. A royal good time is expected. It will consist of a three-days' session, terminating on the twenty-third Sunday.

Sell Fine Cattle.

W. L. Dawson, a fine stock breeder and raiser, of Culbertson, Mo., was in the city some time ago, and at that time purchased six head of fine cattle from the herd owned by Isaac and Luke Wiles, just south of the city. Ed Miller of South Omaha was down Saturday and inspected them, as they have to be inspected before being shipped into Missouri. While here he also inspected the remainder of the herd and pronounced them in the finest of condition. Of the shipment to be made this evening, there are five heifers and one bull. They are as fine a bunch of cattle as it has been our privilege to see in many moons.

Bitten By a Dog.

Frank Buttery, who has torn down an old house preparatory to building a new residence, has had a good deal of trouble with portions of it coming up missing, now and then over nights. So as a means of preserving his lumber and building material, he procured a dog in order to watch it.

In conversation with Joseph Peters, while in the Burlington shops, Mr. Buttery ask Mr. Peters to come over and look at the material, and see what he thought of it. Mr. Peters drove over Friday evening, and approaching the door of the house, in which Mr. Buttery lived, noticed the dog lying by the walk and passed him, and as he knocked at the door the dog slipped up behind him and grabbed him by the leg inflicting a very painful wound, and immediately running away. There were four very ugly looking tooth marks in the calf of Mr. Peters' right leg. While the wound is very painful it is hoped that nothing serious will result from it.

Pasture.

I can furnish pasture for a number head of cattle, if application is made soon. The pasture is in excellent condition.
JOHN GORDER,
5 miles west of town.

A Good Man Gone.

George W. Linsinger of Omaha, well known in this city as well as elsewhere, who has been sick for some days past, passed away at 6 o'clock Saturday evening. His death was due to an acute attack of peritonitis. He was born December 14, 1835, at Chambersburg, Pa. When twelve years of age he came to Peru, this state, and later he removed to Council Bluffs and engaged in the hardware business. In 1874 he established a branch in Omaha, and has since been in business in that city, with the exception of the past few years. Mr. Linsinger was a very prominent Mason, having furnished a suit of rooms at the Masonic home in this city. He took at an early period of his life, a great interest in art and had a studio and art gallery, the equal of which can hardly be found west of Chicago. At his Art Hall the remains laid in state yesterday and part of today, at the corner of Eighteenth and Davenport streets.

Those to attend his funeral from this city, boarding the fat mail were, T. P. Livingston, A. W. White, J. G. Richey, Julius Pepperberg, C. C. Parmele and E. A. Wurl.

From Fred Murphy. A letter from F. A. Murphy, who is in Cuba with the army, says that they are having very delightful weather there now, not as one would think—hot and sultry, but tempered with the sea breezes which makes it healthful as well. Mr. Murphy does not know when he will have an opportunity to return as that depends upon the movement of the army, which is regulated by the department at Washington.

**THE ORIGINAL
LAXATIVE COUGH SYRUP**

For all Coughs and assists in expelling Colds from the system by gently moving the bowels. A certain relief for croup and whooping-cough. Nearly all other cough cures are constipating, especially those containing Opium. Kennedy's Laxative Honey & Tar moves the bowels, contains no Opium.

ANOTHER PIONEER IS GONE

Mrs. Anna M. Everett Passed Away Thursday Evening at an Advanced Age.

On the first day of January, 1820, there was born in the village of Casson, England, a little girl, who in after years became Mrs. Anna Mary Everett, and came to this country and to Cass county in 1856, staying here for two years and leaving for Salt Lake City, Utah, where she lived until 1873, when she with her husband returned and have made Union their home ever since. Mrs. Everett has resided continually in this county and in Liberty precinct for more than forty years.

Thursday night at a late hour, Mrs. Everett, who has been suffering from a stroke of paralysis, passed away at the extreme old age of 87 years, 5 months and 6 days.
John Everett, her husband, preceded his wife to the other world by about seven years, dying in 1900.

High School Privileges.

Superintendent Gamble is repairing his schedule for his annual tour of the county for the purpose of collecting the directors, annual and census reports. He is also checking the applications for free high school privileges. Sixty seven applications have been made and he says he thinks about seventy-five will be made.

The cost to the district's from which the students come for the tuition already applied for amounts to \$1,809. This will be paid to the various High schools which the students will attend.

This law is placing a great deal of extra work on the shoulders of the superintendent. In order to be eligible to secure tuition under the new law, a student must hold an eighth grade diploma from the county superintendent. Many persons are not familiar with the law and many applications are received from students who are not eligible to enter High School under the act.

No applications can be granted after June 10. The law makes it obligatory upon all districts notified, to vote the required amount of tuition for its students who are eligible to and have been granted free high school privileges.

Injured in Runaway.

Last Sunday a runaway occurred at the farm of Stephen Jochim which came near resulting fatal for Mrs. Salsberg. Mr. and Mrs. Salsberg were spending the day at the Jochim farm and had gotten in their carriage to start home when the team became frightened and ran away. They ran about a quarter of a mile and turned in at the home of Henry Jochim, when the carriage was overturned. Mrs. Salsberg was thrown against a fence-post and three ribs were broken and she received other injuries of a severe nature. She was carried into the home of Henry Jochim where medical assistance was summoned and at time of going to press was getting along nicely, but is not strong enough to be taken to her home. Strange as it may seem Mr. Salsberg or none of the children were injured.—Louisville Courier.

They Got Married.

From the quite precincts of Mills county, Iowa, near the beautiful city of Glenwood, where the men grow strong and brave and the women winsome and beautiful, lived a pretty lass named Miss Millie Sweet, coming just nineteen and she was wooed and wed by one Henry B. Bennett, four years older. They concluded that life was not worth while unless spent together so they came to Nebraska and brought as a witness a brother and sister of Henry's, Jim and Nellie, to testify to their age. Judge Archer made them happy by marrying them, but did not kiss the bride.

They looked around over the hills and saw the sights and departed for home, tired, but happy. Miss Millie always was "sweet" and not that she has lost her Sweet name and became a Bennett, we trust she will be sweeter still. May you live long and be happy.

Odd Fellows Will Decorate.

The local lodge of the Independent Order of Odd Fellows will have their decoration day next Sunday. It has been arranged that a committee from the local subordinate lodge, the Degree of Rebekah, and from the Encampment will go out early in the morning and decorate and mark the graves with a flag, then they will return and at the hour of service, 10:30 a. m. the three divisions of the Odd Fellows, the Rebekah, the Encampment, and No. 7 will march to the Christian Church, where seats will be reserved for them, and will listen to a sermon on the order and the practice of remembering their dead, by Rev. A. L. Zink, who is a member. All Odd Fellows whether having membership here or not are requested to come and join in the services and attendance at the sermon.

When you fell the need of a pill take a DeWitt's Little Early Riser. Small pill, safe pill, sure pill. Easy to take, pleasant and effective. Drives away headaches. Sold by F. G. Fricke & Co.

More Improvements.

Joseph Peters, of the Burlington coach shops, has purchased the property formerly owned by M. O'Donoghue, at the corner of Granite and Ninth street. He with a force of workmen, are tearing it down to-day, that he may find what there is in it in the way of material, as he expects to build a home on the lots occupied by the old house.

Mr. Peters will begin the construction of a nice new residence here in about two months, which he will expect to finish immediately after beginning.

The purpose of tearing down the building at this time is getting the ground graded and in readiness for the building operations when the time come to build.

ANOTHER FARMER SWINDLE

Let the Farmers Give this Schemer a Wide
Berth and Tell Their Neighbors
To Do the Same

HERE IS THE LATEST COMING OUT

Several are "Taken in" over in the West
Part of Cass County.

It keeps the farmer pretty busy keeping posted on the several schemes that are gotten up to swindle him, but if he reads the papers and keeps in mind the injunction "Beware of the Strangers," he can usually hold his own. But notwithstanding these warnings from the Journal and other papers in the county, it seems from reports that several well-to-do farmers in the western part of the county have been "taken in" for the sums from \$200 to \$300 by this swindle. His manner of doing business is about as follows:

The sharper calls on the farmer and offers to put up an eight-wire fence with iron posts for eight cents a foot. No cash is required but before the fence is set up he gets a promissory note from the farmer agreeing to pay eight cents a foot as soon as the fence is up. Later it transpires that means eight cents a foot for each wire, making sixty-four cents a running foot for the fence, and the note turns up in the local bank after the fellow has gone.

Nebraska City Chautauqua.

A copy of the annual announcement of the Nebraska City Chautauqua has come to our desk. It is a little volume of 52 pages, and sets forth one of the strongest and best balanced platforms ever offered by any assembly. This is one of the few assemblies that stand for education and culture. Its session opens August 2nd and continues ten days. Every effort is made to have life on the grounds as comfortable and as nearly ideal as it can be made. The choice is made between tent and city life, the grounds being just at the edge of the city limits and reached by street cars.

The expenses are made as reasonable as possible, when proper regard for quality are given. On the platform program we note a number of well known names such as Senator Ben Tillman, Senator La Follette, Dr. McIntyre, Rev. Frank W. Gunsalus, Dean Wright, C. B. Landis, French E. Oliver, Walt Holcomb, Arthur Peck and Mrs. Bingham. The music will be furnished by the Dunbar Quartette, the Olof Company, Kellogg-Haines Company, Lyric Glee Club, the Slayton Jubilee Singers, the home band and others. There are interesting programs for each of the ten days. It is the strongest program offered by any chautauqua in the state.
Full information will be given by addressing R. C. King, Secretary, Nebraska City, Neb.

Operated on His Eyes.

Sunday the friends of D. E. Rice received a telephone message from him at Omaha, that he was just at that time going to have an operation performed on his eyes, with which he has been having a good deal of trouble of late. On this morning's train his two sons, F. S. and Harry, went up to see how their father was and to visit him. It is hoped that the operation which he has had to submit to will result in his having the trouble that has afflicted him heretofore, entirely removed.

Wreck on the Missouri Pacific.

The early morning freight on the Missouri Pacific going north encountered a bad rail near Ft. Crook Sunday morning, which derailed four cars and delayed traffic for a considerable time. The engine passed over without any trouble, the car following a refrigerator, left the track, the next three staying on, and the next three thereafter leaving the track and turning across it. The passenger trains could only run as far as Ft. Crook and passengers for Omaha had to change there to the interurban to that city. The wreck was cleared away so the evening train from the south was able to pass. No fatalities or injured are reported.

BEST GAME OF THE SEASON

So Say Those Who Witnessed the Contest
Last Saturday Afternoon,

RED SOX HOWEVER, WERE DEFEATED

While the Teams Were Well Matched,
Superior Playing Won for the Visitors.

In what will go down in the history of the Red Sox games of 1907, as one of the fastest and best games to be played on the home grounds was that on Saturday last, when the home boys met defeat at the hands of the Royal Archates, one of Omaha's fastest teams.

The game was full of sensational catches and double plays, both teams being exceedingly well matched, and superior playing won for the visitors. The pitchers—Graves for the Red Sox and Morarity for the Archates—pitched superb ball. Gravett, as umpire, was very satisfactory.

The attendance, while not as large as usual, was very fair. The score by innings was as follows:

Red Sox.....0 0 0 0 0 0 0 0—0
Royal Archates.....0 0 0 2 0 0 0—2
Earned runs—Archates, 2. First base on errors—Jacobi, Eastman, White, Butler. Two-base hits—Eastman, Dougherty. Struck out—By Graves 7, by Morarity 5. Double plays—Red Sox 2, Archates 1. Hit by pitcher—McCleary. Umpire—Gravett; time of game, 1 hour and 15 minutes.

Manager Warren reports that he has secured the Storz Athletic team of Omaha, to play a game here next Saturday. The Storz team defeated the Red Sox in Omaha a while back and a strong game is expected to be played Saturday.

Takes up Railroad Work.

V. L. Strickland, former principal of the High school at this place, is not letting many suns rise and set from the time his term expires with the school until he is at work again in another line. He departed for Lincoln this morning where he will take up railroad work Monday morning, entering the office of the general freight agent of the Burlington. In this position, we are given to understand, a very good salary is attached, and also that he is in line for promotion. We hope that our friend will like this new line of work.
