Long Live the King.

Is the popular cry throughout European countries; while in America the cry of the present day is "Long Live Dr. King's New Discovery, King of Throat and Lung Remedies!" of which Mrs. Julia Ryder, Paine, Truro, Mass., says: "It never fails to give immediate relief and to quickly cure a cough or cold." Mrs. Paine's opinion is shared by a majority of the inhabitants of this country. New Discovery cures weak lungs and sore throats after all other remedies have failed; and for coughs and colds it's the only sure cure. Guaranteed by F. G. Fricke & Co, druggist. 50c and \$1. SPECIAL SHOE SALE THIS WEEK

WE gave you a definition for the words special sold some weeks ago when we advertised a special sale; we realized, however, that these two words "SPECIAL SALE" have at times been shamefully mis-used, and are yet by some merchants of today, and if there was another word that would take the place and mean as much in the right sense of the word, we would use it. You have noticed that our special sales amount to something, and when we say special sale we mean it. We do not advertise a \$1.00 article for 98c, but give you goods at a special price that are worth taking home.

PRIMARY ELECTION

Governor Sheldon Issues His First Primary Proclamation

A special from Lincoln says: Governor Sheldon late this afternoon issued the first primary proclamation in the history of the state. It follows:

The last legislature passed an act which provides that the candidates for elective offices within this state shall be nominated by a direct vote of the people. This act, House Roll No. 405, was approved April 3, 1907. The law provides that the primary election shall be held at the regular polling place in each precinct throughout the state on the first Tuesday in September, 1907.

In accordance with the provisions of section (4) of this act, I, George Lawson Sheldon, governor of the state of Nebraska, do hereby proclaim that at said primary election candidates for the following offices shall be nominated to be voted for at the general November election:

One supreme judge.
Judges for the district court for the several judicial districts.

Two regents for the state university, and one regent to fill vacancy.

One judge for the Eighth judicial district to fill vacancy.

One member of the state railway commission to fill vacancy.

One senator of the First senatorial district to fill vacancy.

One representative of the Tenth representative district to fill vacancy.

In his primary call, Governor Sheldon has ended the controversy concerning the re-election of Railway Commissioner Clarke by including the office in his list.

Three regent of the state university will be chosen, one to fill the vacancy caused by the appointment of Regent Calkins to the supreme bench.

Opened His Heart

A. J. Seaman, a well-known figure about the court house here, especially about tax sale time, has opened his heart to the extent of giving the Y. M. C. A., of Omaha, \$100. He justly bears the name of being the closest man in the metropolis, and boasts of living upon the expenditure of 19 cents per day. He is said to be worth \$150,000 or \$200,000 and generally walks from Omaha to Plattsburgh. This donation may be a starter for the old man to begin life anew, and let loose of some of his wealth.

It is an inflammation that causes him a great deal of pain and annoyance. He had planned a business trip to the west for the present week, which he has been compelled to abandon for the present. Nothing of a serious nature is anticipated.
