"Delbert" Munn was in town last Saturday and brought the cheering news that while he was in the hail district and was about as badly hurt as any he thinks his corn crop will make at least two fifths of an average yield.

Joseph Martindale, who was arrested last week and sent to Plattsmouth to await trial on Saturday morning, relented and plead guilty and was assessed a fine of \$10 and costs. After paying the expenses of conducting him to Plattsmouth and paying the other costs there is \$4 to turn into the school fund. Had he pleaded guilty at first he would have gotten off considerably lighter.

### The Doctor Away From Home When Most Needed.

People are often much disappointed to find that their family physician is away from home when they most need his services. Diseases like cramp colic, cholera morbus require prompt treatment, and have in many cases proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life. For sale by F. G. Fricke & Co. and A. T. Fried.

This gave him the railroad fever and he has since followed railroading for a livelihood.

### ANGER IN DELAY

#### Kidney Diseases Are Too Dangerous for Plattsmouth People to Neglect

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with a certain and safe remedy. Doan's Kidney Pills which has cured people right here in Plattsmouth.

Mrs. A. P. Campbell, living on Patterson ave., Plattsmouth, says: "I can unhesitatingly recommend Doan's Kidney Pills. My trial with them has not been an extensive one, but from the results obtained I can speak of this remedy as one of sterling merits. It can be depended upon, as was proven in my case, to relieve that most prevalent and annoying trouble, backache. I purchased Doan's Kidney Pills at Gering & Co.'s drug store."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

### Voice of the Dollar.

If you will let me stay in this town I'll circulate around and do lots of good. You buy a big beefsteak with me and the butcher will buy groceries, and the grocer will buy dry goods and the dry goods merchant will pay his doctor bill with me, and the doctor will spend me with the farmer for oats for his horse, and the farmer will pay his subscription to the editor of the local paper, and the editor will pay for his last summer trousers and buy a pair of socks. In the long run you see, I'll be more useful to you here at home than if you had sent me away forever to Sears & Roebuck.

Thousands of people are daily suffering with kidney and bladder troubles—dangerous ailments that should be checked promptly. DeWitt's Kidney and Bladder Pills are the best remedy for backache, weak kidneys, inflammation of the bladder. Their action is prompt and sure. A week's treatment for 25c. Sold by F. G. Fricke & Co.

### How to Test Eggs.

Since the pure food law has gone into effect it is wrong to sell bad eggs. An exchange recommends the following method to test eggs:

"The process of testing is called 'candling.' That is, the eggs are held for a moment before a brilliant light and in an instant the character of the egg is revealed as good, bad, or very bad. The good fresh egg is clear and one can almost see through it, the bad is dark and the very bad is very dark and almost opaque. Any one can see the difference and cast aside the bad egg. It is essential to the safety of the market and all concerned that eggs be sound." And the farmer or his wife who takes to market bad eggs, is equally guilty with the groceryman who sells them to the customer, and is liable to punishment under the pure food law. It would be well for all to heed this matter and in the future throw away all bad eggs before coming to market.

A cleansing, clean, cooling, soothing, healing household remedy is DeWitt's Carbonized Witch Hazel Salve. For burns, cuts, scratches, bruises, insect bites, and sore feet it is unequalled. Good for Piles. Beware of imitations. Get DeWitt's. It is the best. Sold by F. G. Fricke & Co.

### Completed the Canvass

Frank Davis and wife departed for Lincoln this afternoon, after having completed the canvassing of the records of the marriages and divorces at the court house. He reports that as near as he can find out that the ratio of divorces to marriages is about one to eight or nine. This makes it above 11 per cent of the people who get married are finally separated. A large per cent and it looks awful.

Take the Pottmaster's Word for It. F. M. Hamilton, postmaster at Cherrysvale, Ind., keeps also a stock of general merchandise and patent medicines. He says: "Chamberlain's Colic, Cholera and Diarrhoea Remedy is standard here in its line. It never fails to give satisfaction and we could hardly afford to be without it." For sale by F. G. Fricke & Co. and A. T. Fried.

## W. D. HAYWOOD IS ACQUITTED

BOISE, Idaho, July 28.—Into the bright sunlight of a beautiful Sabbath morning into the stillness of a city drowsy with the lazy slumbers of a summer Sunday, William D. Haywood, defendant in one of the most noted trials involving conspiracy and murder that the country has ever known, walked today a free man, acquitted of the murder of former Governor Frank Steunenberg.

The probability of a verdict of acquittal in the case of the secretary-treasurer and acknowledged leader of the Western Federation of Miners had been freely predicted since yesterday when Judge Fremont Wood read his charge, which was regarded as strongly favoring the defense in its interpretation of the laws of conspiracy, circumstantial evidence and the corroboration of an accomplice who confesses.

It was also freely predicted that in the event of Haywood's acquittal the state would abandon the prosecution of his associates, Charles H. Moyer, the president of the federation, and George A. Pettibone of Denver. Statements from counsel and from Governor Gooding issued today dispel this view of the situation. Governor Gooding said:

"The verdict is a great surprise to me, and I believe to all citizens of Idaho who have heard or read the evidence in the case.

"I have done my duty. I have no regret as to any action I have taken, and my conscience is clear. As long as God gives me strength I shall continue my efforts for government by law and for organized society.

"The state will continue a vigorous prosecution of Moyer and Pettibone and Adams and of Simpkins, when the latter is apprehended. There will be neither hesitation nor retreat."

### Will Apply For Bail

Application will be made to Judge Wood tomorrow morning to admit Moyer and Pettibone to bail, and yet it was said tonight that in the case of Moyer, against whom the state is admitted to have its weakest case, a favorable consideration would not be unexpected.

Not the least interesting of the comments made upon the verdict today was that of Harry Orchard, the self-confessed murderer of Governor Steunenberg and the witness upon whom the state chiefly relied to prove its claim of a conspiracy on the part of the Western Federation of Miners. When told at the state penitentiary that Haywood had been acquitted, Orchard said:

"Well, I have done my duty. I have told the truth. I could do no more. I am ready to take my punishment that may be meted out to me for my crime, and the sooner it comes the better."

It was after being out for twenty-one hours that the jury, which at first had been divided, 8 to 4, and then seemed deadlocked at 10 to 2, finally came to an agreement shortly after the first faint streaks of the coming day showed gray above the giant hills which wall Boise to the north and east. The weary, snow-bearded old bailiff who had kept an all night vigil before the door of the jury room was startled into action by an imperative knock from within. Events moved rapidly enough after this, and when at last the principal actors in the trial had been gathered into the court room at a few moments before 8 o'clock the white envelope handed by the foreman to the judge was torn open and the verdict read.

Tears welled to the eyes of the man who during the eighty days of his trial had sat with stolid indifference written upon his every feature—at last the icy armor he had thrown about himself with the first day of jury selection had been pierced and whatever the pent-up feeling had been contained within was loosed. Haywood's attorneys were firmly lifted from their seats, and Judge Woods made no effort to restrain them as they surrounded him to shake his hands and shout aloud their congratulations. James H. Hawley, leading counsel for the state and O. N. Van Dusen, the prosecuting attorney of the county in which former Governor Steunenberg was assassinated, sat gloomy and unspeaking in their places. Senator Borah, who made the closing plea for conviction, was not present. Of the prisoner's counsel those in the court room were Clarence Darrow of Chicago, E. F. Richardson of Denver and John F. Nugent of Boise. The absentees from the defendant's table included Edgar Wilson, the former law partner of Judge Wood, who presided at the trial.

No member of the prisoner's family, or any of his friends among the socialist writers and the so-called labor jury, who have been attending the trial, was in the court room at the early hour the verdict was rendered. The spectators' benches were empty, but in the doorway stood Governor Frank Gooding, who has taken an active part in pressing the prosecution of Haywood and his associates. There was no demonstration other than that made by the attorneys for the defense, and the court proceedings were over, the prisoner had been discharged and the jury dismissed for the term in less than three minutes time.

Bad sick headaches, biliousness or constipation are quickly relieved by DeWitt's Little Early Risers. Small pill, sure pill—prompt and pleasant in action. Sold by F. G. Fricke & Co.

## DIED FROM PERITINITIS

### Miss Maude Moore, Sister of Thomas and Reno Moore

About 3 o'clock Thursday afternoon, Tom Moore, an employe of the Journal office, received word by telephone that his sister, Miss Maude, was dangerously ill and could not possibly survive. He immediately notified his brother, Reno, who is an employe in the Burlington shops, and they departed for Silver City, Iowa, on the Burlington train at 5:13 last evening, going to Glenwood, and hence by private conveyance in order to reach the bedside of their baby sister as soon as possible.

Last night about 11 o'clock we received a telephone message from Tom, stating that his sister was dead and that she passed away before he and his brother, Reno, had reached her bedside, and that the cause of her sudden demise was that much dreaded affliction—peritonitis.

The deceased was 18 years of age, and just in the bloom of sweet womanhood. She was the baby of the family, and the pride of father, mother, brothers and sisters, and her death is a very hard blow to them all. The entire Journal force deeply sympathize with the entire family in their loss of a darling daughter and a most lovable sister, whose sudden taking away is irreparable, and especially to the father and mother, whose household she made happy with her sweet, gentle voice and lovable manners. This is very heart-rending, more especially to Mrs. Moore, because it is her baby and her constant companion. The funeral was occurred Saturday.

### The Charming Woman

Is not necessarily one of perfect form and features. Many a plain woman could never serve as an artists model, possesses those rare qualities that all the world admires; neatness, clear eyes, clean smooth skin, and that sprightliness of step and action that accompany good health. A physically weak woman is never attractive, not even to herself. Electric Bitters restore weak women, give strung nerves, bright eyes, smooth, velvety skin, beautiful complexion. Guaranteed by F. G. Fricke & Co. druggists 50c.

### More Trouble With His Eyes

David E. Rice has been having trouble with his eyes again and was compelled to go to Omaha Saturday to have them examined by the specialist, Dr. Gifford. When he had the eyes operated upon some time since and were pronounced as being well by many, he had hopes that he was going to get along without trouble with them, but whenever he works at all hard the old trouble recurs. Sometimes, he says, they are so painful that he can hardly endure it. He goes today to see if anything can be done that will in any way relieve the pain when he works and gets warm, or that will prevent the trouble coming back upon him.

### State Convention

Nebraska prohibitionists are called to meet in convention and conference at Lincoln Wednesday, July 31, at 10 a. m., for the purpose of arranging for the placing of a state ticket in the field under the new primary law, and for what other business may come up. It will not be a delegate convention. Every prohibitionist in the state who can is urged to be present.

The wedding took place on Saturday evening at the home of the bride's parents, Samuel Humphrey and wife. "Jim" is an employe of the Missouri Pacific and formerly worked as night operator here, and is one of the county's most exemplary young men. The bride is a handsome and talented lady, and highly esteemed by all her acquaintances. They passed through here on the Tuesday afternoon train, starting on a wedding tour to Denver and other points in the west.
