The dance given at Cedar Creek last Saturday evening by George Sales was more than good. A fine crowd of young people were present and the best of management was maintained throughout. All had a good time.

Last Tuesday evening Mr. and Mrs. Frank DePuy returned from a four days honeymoon and the boys went to give them a pleasant call in the evening with the usual line-up of tin cans and other noisy brick-a-brack. Frank came out and done the right thing by handing out a couple of quarts of good smokers—the boys went away rejoicing with many best wishes for the newly married couple.

Tuesday a gentleman who acts in the capacity of "country salesman" for some tea and coffee house, drove into town a day or two since, and while making his way through Main street, drove smack dab beside the street sprinkler. The result was the country salesman and his goods received a good drenching. He became very groggy, but soon cooled off when he was told that there was plenty room on the other side of the street for "country salesmen" who paid no license to sell goods. Moral—Keep away from the sprinkler or you will get "cold wet feet."

### The Limit of Life.

The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possibly with the advanced knowledge of which the race is now possessed. The critical period, that determines its duration, seems to be between 50 and 60; the proper care of the body during this decade cannot be too strongly urged; carelessness then being fatal to longevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine that revitalizes every organ of the body. Guaranteed by F. G. Fricke & Co, druggists, 50c.

"I want to say a few words for Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used this preparation in my family for the past five years and have recommended it to a number of people in York county and have never known it to fail to effect a cure in any instance. I feel that I can not say too much for the best remedy of the kind in the world."—S. JEMISON, Spring Grove, York county, Pa. This remedy is for sale by F. G. Fricke & Co. and A. T. Fried.

### HAD AN AWFUL TIME

#### But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for it. SAM H. GWIN, Concord, Ga. For sale by F. G. Fricke & Co. and A. T. Fried.

### Frank E. Schlater

Editor O'Day of the Nehawka Register, after copying the Journal's article in reference to the meeting of himself and Mr. Schlater, after a separation of twenty years, says: "When the editor of this paper suggested the name of Frank E. Schlater as democratic candidate for treasurer—he did so from an estimate of him given us by a number of men, many of them influential republicans, and with no thought that he was the same Frank we knew twenty years ago as a clerk in Zink & Kelly's law office. It was a happy coincidence, and we enjoyed the renewal of the old friendship very much. And here we want to serve notice on the rest of the world that Frank can have anything we can help him get. We have no idea that we will ever forget the goose Frank killed the night we got lost while hunting in the sand hills south of Alliance. We ate fried goose without pepper or salt—it tasted good too."

### Eczema.

For the good of those suffering with eczema or other such trouble, I wish to say, my wife had something of that kind and after using the doctors' remedies for some time concluded to try Chamberlain's Salve, and it proved to be better than anything she has tried. For sale by F. G. Fricke & Co. and A. T. Fried.

### Nicholas Todd Dies

Saturday at 11:15 at the home of his brother, A. L. Todd, west of this city, Nicholas Ephraim Todd, passed away, surrounded by his immediate relatives. Nick, as he is familiarly called was born January 19, 1831, and was twenty-six years old the nineteenth of last January. He has lived in this county all his life, and is well known by everybody, having grown to manhood here. About a year and a half ago he was married to Miss Bertha Adamson.

He has not been strong for some time, but for the past two years had been getting weaker, and for about five or six weeks has been confined to his bed, and about two weeks since, was taken to Omaha, where he was operated upon for "Plural Effusion" an affection of the pleura or covering of the lungs. After the operation, the patient seemed to rally and was brought home during the forepart of the week.

### Do Suckers Bite?

There was a watch peddler doing a land-office business in town Saturday, and as a result there are a number of citizens wearing "20-year guaranteed gold-filled cases, with movements that have as many as five jewels" for which they traded good watches and "gave up" good money. A gold filled watch for \$7 must be a dandy; but they are guaranteed by a man 300 miles away. Wonder what next? A gold brick will sell quicker than dollar bills, and fake mining stock quicker than a gilt-edge block of stock in any home enterprise. When you buy goods at home you help build up your home town. But when it is given to itinerant "sheenys" and catalogue houses it goes—old Nick only knows where. But suckers will bite.—Nehawka Register.

### Partition of Parmele Theater

James Teryberry was in Saturday and through his attorney began proceedings in the district court for the partition and sale of the Parmele Theatre, of which he is a heavy stockholder. After attending to what business he had in that matter he secured a livery rig and drove to Cedar Creek. Here he had to meet some of the Burlington officials to see about the granting of a site for the Farmers' Elevator Company of Cedar Creek, which was recently organized and who wish to get into working shape before the time to move this year's crop.

### Secures Two Diplomas

At the meeting of the Western Bohemian Turners' society, at Schuyler, Charles Hadroba of this city was awarded two diplomas for work on the horizontal bar, and one for work with sticks. Among so many as were in the meet, this is securing a goodly share of the honors.

## DANGEROUS MISTAKE

### Plattsmouth Mothers Should Not Neglect Kidney Weakness in the Children

Most children have weak kidneys. The earliest warning is bed-wetting. Later comes backache, headache, languor. 'Tis a mistake to neglect these troubles. To blame the child for its own weakness.

Seek to cure the kidneys. Save the child from deadly kidney ills. Doan's Kidney Pills cure sick kidneys. Plattsmouth parents recommend them. Mrs. Claude Butler of 613 So. Tenth street, Plattsmouth, Nebraska, says: "My two little boys were troubled with a weakness of the kidneys and auxiliary organs. The older child complained so much of backache and headache. We were kept busy in trying remedies, hoping to find something that would overcome the difficulties, but with little success until I got Doan's Kidney Pills at Gering & Co.'s drug store. The use of this preparation soon made a marked improvement in both cases. It is needless to say that our appreciation of Doan's Kidney Pills which brought such positive results is exceedingly great."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

### Will Move to Plainview

Peter Spader has just returned from a trip to Plainview where he went some days ago to look at the lands in Pierce county for sale, with a view to making a purchase if he could find anything that would suit him. But not finding anything for sale which appealed to him, as to quality and price, though there were many nice farms for sale, he leased a half section of fine land and will move on it either this fall or early in the spring. Mr. Spader reports that the crops are in fine condition and promises a bountiful harvest, and the lands are fine, producing a landscape which is pleasant to behold.

### Wishes to Locate Here

David Mason came in this morning from Greenwood, where he has been visiting with a brother. He will look around here during the day for a place to purchase, and if he can find one to suit him he will return to Plattsmouth and make it his home. Mr. Mason is a brother of Jacob Mason, and lived here years ago, moving to Missouri about twelve years ago, where he has been engaged in farming. The high waters of the Missouri river bottoms has caused him considerable loss. This year he lost over a hundred acres of corn and last year something over 105. These losses do not come easy, and he desires to get somewhere that they may be avoided in the future.

### Greatly Improved.

Mrs. George Thomas and children returned from Lincoln last evening, where Mr. Thomas has been taking treatment for the past ten days at the sanitarium. Mrs. Thomas reports George greatly improved, and will soon be at home. Mrs. Thomas and children will go to Union today to visit with Mrs. L. G. Todd for a few days, where they will be joined by Mr. Thomas next Saturday. After George has visited his grandmother a few days, the entire family will return to Plattsmouth. The Journal is pleased to note Mr. Thomas' improvement.

### W. C. Tippins Return

Will C. Tippins and wife who have been in the south for the past month returned home this afternoon. Mrs. Tippins said that the weather was very warm when they first went to Hot Springs, or seemed so to them, but after they had been there a while they grew accustomed to the weather and did not mind it. Mr. Tippins returns with his health much improved. During the time they were away they had a fine time when they had gotten accustomed to the change in the weather. They both returned the very picture of health.

### Filed For District Judge

County Judge Travis filed his intention of becoming a candidate for the position of District judge, subject to the decision of the democratic party at the coming primary election to be held Sept. 3rd. H. D. Travis is so well known as to his personality, his unquestioned ability, his absolute honesty, and the integrity of his motives that it seems useless to recapitulate. Judge Travis has been before the pupils for a long time and his record as an official has been clear and in every act he has demonstrated his ability as a jurist of more than ordinary ability and merit.

## BEATS CHARLIE ROSS

### But Nevertheless Says The Story is True

A strange story of abduction by a tornado when a mere child and only recently restored to his brothers and sisters, one of whom, a brother, is said to reside at Fairfield, Neb., comes from Villisca, Iowa.

Charles Bennet, the man in the story tells this remarkable tale: Picked up and carried a long distance by a tornado when a child, now a man of years, he was only recently, through a quarrel with his supposed father, made aware of the facts. The people who he says found him lying on the prairie after the storm had passed, took him with them to Louisiana, where he rose to manhood knowing no other parents.

Less than a week ago he says he and his foster father quarreled when Bennet says he was told his life story and was given \$700 in money and directions as to how he could best find his relatives. The search, he says, led him to Fairfield, Neb., and to Villisca, in the former place finding a brother and in the latter place a sister living.

At the time of the tornado the family was living in Harrison county, Missouri. Bennet was then six years of age. The name of the family with whom he says he has been living since being carried away is Hudson. The sisters name at Villisca is Mrs. Benjamin Richardson.—State Journal.

## FUNERAL OF

### NICHOLAS E. TODD

#### Laid at Rest Monday Afternoon at the Oak Hill Cemetery

Nicholas Ephraim Todd was born January 19, 1831, at the old homestead of his father and mother, Mr. and Mrs. Ed Todd north of town and where he lived until May 24, 1906, at which time he married Miss Bertha May Adamson and moved to Plattsmouth. He had been a sufferer for some months which finally culminated in an operation, after which he continued to grow worse until on August 3d he closed his eyes to all that is mortal. The deceased leaves a wife, father, mother and six brothers to mourn his demise.

The services were conducted from the home of his brother, Allie Todd, where he died. The pastor of the Christian church, assisted by the choir, had charge of the services. The choir consisted of Mrs. Mae Morgan, Mr. and Mrs. G. M. Porter, E. M. Godwin and Jesse Perry. Miss Gertrude Stenner presided at the piano. The six brothers, Allie, Lonnie, George, Eddie, Timothy and Russell acted as pallbearers.

Rev. Zink paid a fitting tribute to the young life so suddenly cut short and in part said, "The occasion suggests three things—the mutability of all that is earthly; the beauty in a life given and devoted to the teachings of the word of God; and the extatic emotion experienced by a soul saved in heaven." Interment was made in Oak Hill cemetery.
