We did not learn the consideration, only that Mr. Miller sold at an advance of \$1,000.00 over the price he paid.

## HAD AN AWFUL TIME

But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for it. SAM H. GWIN, Concord, Ga. For sale by F. G. Fricke & Co. and A. T. Fried.

## WHAT THE KIDNEYS DO

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

C. Tyler, living on Rock street, between 12th and 13th streets, Plattsmouth, says: "I was greatly annoyed by an aching across my loins, which I believe was brought on by doing work which required a great deal of stooping and lifting. I saw Doan's Kidney Pills highly recommended and it occurred to me that they might do me some good. I procured a box at Gering & Co.'s drug store and since taking them I have had scarcely any trouble from the complaint. My son used Doan's Kidney Pills for backache and was greatly benefited."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

## Accident at Louisville

Just as we go to press we are informed that John Larson, an aged man past seventy, and having his home at Louisville, was run over and almost instantly killed this afternoon at 2:30 while walking alone on the Missouri Pacific tracks at that place.

Mr. Larson was very deaf and it is supposed he did not hear the approaching cars which ran over him. It was a north bound freight and was doing some switching. When picked up immediately after the cars had passed over him, he only gave one gasp and was dead.

Both legs were cut off and one of them was cut in two, and terribly mangled. His right arm was cut off and the hand completely severed from the arm at the wrist. The accident occurred while a string of cars were being backed along the stock yards.

The unfortunate man had been living along for some time, his wife having died some years ago. He leaves two children, Carl Larson, a son living at Nehawka, and a married daughter at the same place. They have been notified and nothing will be done regarding the funeral until they are heard from. It is not yet known whether an inquest will be held or not.

## WEDDING AT NEBRASKA CITY

Albert L. Fries and Miss Nellie L. Dore of Nehawka

The editor was by a combination of circumstances a witness to a pretty wedding on Wednesday, the seventh at high noon, in the Court room at Nebraska City, the contracting parties were Albert L. Fries and Miss Nellie L. Dore both of this place. Both of these people are too well known to need introduction. After being introduced as having premeditated matrimony and wishing to commit their first offense, Judge Wilson in a pretty little ceremony spoke the words that made them one. Miss Nellie Fries and James Dore acted as best friends.

On their return home in the evening a pleasant reception was given at the home of the bride's parents, and a large company of friends showered congratulations on them. The bride was a recipient of a number of pretty presents. If wishes guarantee happiness then the Register will guarantee theirs.—Nehawka Register.

(Special Correspondence)

W. B. Porter made a flying trip to Murray Monday.

Chas. Clotfelter accompanied his mother home last week.

Mrs. A. A. Wetenkamp is visiting with her sister at Omaha.

Corn is doing fine now days and with favorable weather a good crop is assured.

R. L. Propst, our genial implement dealer was shopping (for repairs) at Omaha Monday.

Phene and Florence Richardson returned from Omaha Sunday, where they have been visiting.

Mrs. Vilas who has been visiting her sister, Mrs. W. B. Porter for the past three weeks, departed for her home at Albany, N. Y. Tuesday.

Verner Perry and wife, Glenn Perry and wife and Ora Davis and wife departed Monday for a pleasure trip to Yellowstone Park, Salt Lake City and points in Colorado.

The Missouri Pacific have put in a new pair of Fairbank's scales at the stock yards, which pleases our stock buyer, Mr. Gillespie, as well as the farmers, as the scales that were here were getting in bad condition.

Threshing is the order of business between showers. Fall wheat is making from 20 to 35 bushels per acre, oats is very poor. The good price of wheat and corn is causing a considerable quality to be hauled to market from the threshing machine.

Miss Eva Porter, Mayola and Edna Propst boarded the Missouri Pacific train Saturday for Elmwood where they expect to attend the teachers institute. Miss Porter has been engaged to teach our city school (one-half mile in the country) while Miss Edna has engaged to teach at what is known as "the little brick," west of Mynard and Miss Mayola is to teach the Eight Mile Grove school.

## Returns from Hospital

On the afternoon train Rober Richter and Paul Bajcek went to Omaha where Mrs. Richter and Miss Antonia Bajcek have been in the St. Joseph's hospital for some two or three week, both having had an operation for appendicitis. They have so far recovered as to be able to be removed to their home and their relatives go to bring them home.

## Jefferson Prosperous

The section of country around Fairbury is blessed with an excellent promise of an abundant harvest of most every thing which delights the farmers' eyes. The yield of corn is looked for as being away above the average. The rains have come at the right time and in the right quantity, thus producing an enormous growth of stocks and shooting above the average of ears, which, with the excellent condition of the ground, insures an abundant harvest.

## Dispute About Assessment

The county assessor of Franklin county has brought down the wrath of the county attorney of that county on his head. A letter was received by the state board of equalization from the county attorney stating that the assessor had made a mistake in addition in figuring up the live stock out there and the average price per head of mules and cattle should be almost twice what was returned to the state board. The board increased this county 25 per cent on mules and 35 per cent on cattle and the county attorney wanted a correction made. The board's secretary has already certified out the returns to this county and the people there can get no relief from that source.

## Proposition Very Fair

Not as many people claim the railroads are always unfair and are looking out for the best of it in every circumstance. The Burlington seeks to care for the interests of the communities through which its lines run, and is evidences by the following occurrence.

P. S. Eustis, passenger traffic manager of the Burlington system, has just visited Sidney, Ia., on a peculiar mission. Sidney people petitioned the Burlington to increase the service on the branch through Sidney. Mr. Eustis went to Sidney, where, in a court room used for a public meeting he asked for statements from the citizens. One, made by Judge A. B. Thornell, proposed that the Burlington put on another train each way and if at the end of six months the income was not remunerative the service should be abandoned. Mr. Eustis agreed to the experiment. The branch passenger business amounts to \$175 per month and the freight of three cars a day. The present passenger service costs the company \$42 per day or about \$1,000 a month the three cars of freight a day making up the difference.

## Eczema.

For sale by F. G. Fricke & Co. and A. T. Fried.

## He Had No License

As evidence that he was doing business by selling bottled beer, six cases were found in the possession of William F. Eck, and a number of bottles on the judge's table offering their presence as testimony to that effect, caused the entering of a plea of guilty. Mr. Eck conducts a confectionery store just opposite the Burlington station on Fifth street at Hastings, and the police have been watching him for some time and at the opportune time nipped him when he had "a plenty" of the goods in his possession. The judge fixed his bond at \$1000. He paid the sum of \$855 into court which was later returned and he was notified that he had better get some personal security which he said would be done yesterday afternoon.
