Reunion at Villisca.

Harvey W. Beaver and two children, Luella and Wilson, accompanied by a brother-in-law, Hugh Anderson, departed for Villisca, Iowa, this morning, where they will attend a reunion of the Anderson family which takes place there today. There are expected to be about two hundred and fifty present. Mrs. Beaver was an Anderson, but was not able to go on account of the fact that her mother, who, with her husband, Wilson Anderson, are making their home at Elmwood, was just the other day operated upon for appendicitis, and it was not so she could attend, and her husband and daughter would not go and leave her, although they would like much to be present. Harvey Beaver said as his wife could not go he would stay at home also, but Mrs. Anderson prevailed upon him to go and take the children, as she wanted them to go and she wanted to hear from the reunion and what they did there.
