(From the Register.)

Charley Snyder, the human skeleton from the east side, is rejoicing over the arrival of twins. They belong to the most famous jersey cow in the precinct.

J. M. Stone accompanied by Mrs. D. C. West and Gladys left for Cherokee, Okla., on the midnight train Tuesday. They will be absent about two weeks.

L. C. Todd took a shipment of cattle and hogs to Omaha Tuesday—his own raising and feeding—that sold for a fine figure, the cattle bringing 6.40. The whole shipment amounted to \$11,200.

Mrs. Lindville, a daughter of Z. W. Shrader, who has been here on a visit for some time, left on Saturday for a visit with relatives in Nodaway county Missouri. From there she will return to her home in Furnas county.

Charles S. one of Murray, who from his looks never had an unhappy moment in his life since he outgrew the "sorrows" of the paternal slipper, came down from the "city on the hill that cannot be hid" Tuesday evening. He was wearing the same old smile that has made him famous with well, you know.

Miss Ruth Murdoch left on Tuesday morning for Ogden, Utah, where she will teach school for the coming year. Miss Ruth grew to womanhood here, graduated from this school and for the last four years has been a successful teacher in the intermediate department. Her work has been of a high character and we bespeak for her abundant success in her new field. She was joined at Lincoln by Miss Moon who will also teach there.

Why Prospering

Corn seems to indeed become kingly recently, as it takes a round half dollar to purchase a bushel of it from the farmer. L. C. Stull just sold to the Duff Grain Co., seven thousand bushels at that price and four thousand bushels of oats at forty cents. There is a reason why the farmers of this country are prospering.

Misses Blanche Mougey, Hattie Taylor and Jennie Mark went to Plattsburgh on Monday to commence their studies in the high school of that city. They are delighted because they will have for superintendent their former teacher, Prof. J. W. Gamble.

A Humane Appeal.

A humane citizen of Richmond, Ind., Mr. U. D. Williams, 107 West Main St., says: I appeal to all persons with weak lungs to take Dr. King's New Discovery, the only remedy that has helped me and fully comes up to the proprietor's recommendation. It saves more lives than all other throat and lung remedies put together. Used as a cough and cold cure the world over. Cures asthma, bronchitis, croup, whooping cough, quincy, hoarseness, and phthisic, stops hemorrhages of the lungs and builds them up. Guaranteed at F. C. Fricke & Co. drugstore, 50c and \$1.00 Trial bottle free.

The Lumber Trust

The cost of lumber is high and hurts nearly everyone directly. The excess paid on building a small cottage would more than balance the excess paid on coal oil for the average family for twenty-five years. Last winter congress authorized an investigation which has been had, and the report says the cause is—excessive freight rates. With this report made public, Messrs Hill and Harriman have announced an increase in rates of ten cents per hundred pounds, effective October 1st, which will add to the cost of lumber just \$3.30 per 1,000 feet in all territory east of the Rocky mountains, except Nebraska and Kansas, where the advance will be five cents per hundred pounds, or \$1.65 per 1,000 feet. You all remember what a great splurge congress and the administration made last year regarding the railway commission. This commission gets big salaries, long tenure of office and all the assistance they need. What have they done, or what do they intend to do? Comparatively nothing. They may change the classification here and there, they may reduce the rate on articles where tariff is light, but on lumber and grain where people are interested, they are very slow to act. Nine-tenths of the reform propaganda sent out by the administration is buncome. What benefits is it to the general public to fine a corporation? None whatever. If the courts would modify their methods of extortion, then the public would be benefited.

A Good Curfew Law

"Every family," says an unidentified paper, "should have a curfew which should positively ring tonight and every night if needed. These curfews are inexpensive and are home made. Take a piece of siding two feet long and whittle one end down to a handle; take the child that needs a curfew and bend it over a barrel. Now take the siding in hand and use it as a clapper. Put it on hot, divide the strokes evenly and see that none miss. Good for a boy or girl up to the age of 16 and three applications are warranted to cure the most pronounced case of street loafing that exists. The music is said to be finer than singing 'Where Is My Wandering Boy Tonight?'

Sick Headache.

This disease is caused by a derangement of the stomach. Take a dose of Chamberlain's Stomach and Liver Tablets to correct this disorder and the sick headache will disappear. For sale by F. G. Fricke and A. T. Fried.

ENGINEERS VOTE ON A STRIKE

The Missouri Pacific May Have Trouble in One Branch of the Service

The differences between the Brotherhood of Locomotive Engineers and the Missouri Pacific railroad, which may result in a strike of 3,000 engineers employed on the system, were explained from the standpoint of the employees by a Missouri Pacific engineer who lives on the west side, says the Kansas City Times of Monday.

"The engineers are asking for nothing they have not had for the last twenty years," he said. "In that time a contract has been signed by the engineers and the company every two years and we have always worked under it. Several months ago our board of adjustment met in St. Louis to renew this contract.

M. W. Cadle, of Cleveland, Ohio, as

assistant chief engineer, was told by the company that no such contract was in existence.

The company then asked the engineers to sign a new contract which is different in several respects from the old one. For twenty years the company has allowed the engineers coming in from their runs to turn their engines over to hostlers to be taken to the roundhouse. The new contract requires the engineers to take their engines to the roundhouse themselves and allow them an additional mile on the run at four cents a mile. To get the engine into the roundhouse requires all the way from a half hour to five hours.

Some of the runs are sixteen hours long and an engineer is pretty tired when he gets in. In Omaha, for instance, the roundhouse is three miles from the terminus. Yet under the new contract the engineers would only be allowed one mile for making the trip. All the engineers want is to have the old contract renewed."

A vote on the question of calling a strike is now being taken.

Celebrates 44th Birthday.

On Thursday, September 5, C. A. Gauer, one of the most estimable citizens of Cass county, was 44 years of age. He thought nothing about the matter until in the evening, when a number of the neighbors and friends dropped in at his home to help him in celebrating the event. It was a complete surprise to Mr. Gauer, but he joined the guests in having a good time, which all enjoyed. Dancing was indulged in until a late hour and at the proper time refreshments were served. After several hours of real pleasure the guests repaired to their various homes with the wish that Mr. Gauer may live many years and each one of his birthdays may as enjoyable as this one.

Those present were Mr. and Mrs. Inhelder, Mr. and Mrs. Myers, Con Sears and family, Otto Sprueck and family, Geo. P. Stoehr and family, Adam Meisinger and family, Mrs. Sutz and two sons, Eddie and Willie; Willie, Allie, Emil and Louie Meisinger; Henry and Adam Heil, Henry Fornoff; Louie Keiser; Jeff Rabberg; Philip Theirl; John Drides; Jerry Frey; Frank Kroehl; Joe, Peter and Otto Sitzman; Chas. Kust, an uncle of Con Sears, Misses Nettie and Mary Meisinger; Ellen Fender; Elsie Inhelder; Lillie Shaeler; Anna, Emma and Laura Gauer.

ONE WHO WAS THERE,

Sells His Cattle

A. S. Will shipped all of the remaining of his summer's feed of cattle to South Omaha yesterday, where they went on the market. There remained about one hundred head from the shipments of the previous times. They found a good market, getting six and a quarter cents for them. They will soon fill their feeding yards again for the coming season's feed. Thomas Will, who has charge of the farm at present, was a passenger to Omaha this morning, where he goes to be present at the big horse sale which is to open today. At this sale it is claimed there will be offered for sale about five hundred cars of horses.
