Health in the Canal Zone.

The high wages paid make it a mighty temptation to our young artisans to join the force of skilled workmen needed to construct the Panama canal. Many are restrained however by the fear of fevers and malaria. DON'T EXPERIMENT

You Will Make No Mistake if You Follow This Plattsmouth Advice

Never neglect your kidneys. If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and not experiment. These are all symptoms of kidney trouble, and you should seek a remedy which is known to cure the kidneys.

Doan's Kidney Pills is the remedy to use. No need to experiment. It has cured many stubborn cases in Plattsmouth. Follow the advice of a Plattsmouth citizen and be cured yourself.

J. W. Hickson, employed with the Plattsmouth Water Co., and living on Oak street, between 7th and 8th, Plattsmouth, says: "My experience with Doan's Kidney Pills warrants me in giving them the strongest kind of recommendation. Off and on for twelve or fourteen years I was subject to attacks of pain in my back and other symptoms which gave evidence of derangement of the kidneys. Procuring Doan's Kidney Pills at Gering & Co.'s drug store I used them as directed and the benefit derived was so pronounced that I am able to attest to the remarkable value and merit of this remedy. Not only did it give me entire relief from the pain and other irregularities, but toned up and invigorated my system generally. I can vouch at all times for the great good to be had from using Doan's Kidney Pills."

THE NEHAWKA FAIR

A Large Attendance and a Success in Every Particular

The third agricultural and social fair at Nehawka closed today and was a decided success. Owing to the late frosts the display of fruits was not up to former years, but in other lines it exceeded former displays. That of corn was better than that at the state fair. The horse show was particularly fine, and consisted of work, riding and driving and fancy blooded horses. Individual displays were made by several of the business men, that of F. P. Sheldon being noticeable, consisting of some \$2,000 worth of bottled and canned goods. He also had three demonstrators at work making biscuit and coffee, and cooking wheat hearts, a Nebraska product.

No fakirs, games of chance nor any gambling device was allowed on the grounds. No entrance fee was charged for individual exhibits. The whole expense of the fair was born by private subscription. There was a very large attendance both days. The Journal can see no reason why a district fair, composed of three or four counties cannot be organized at Nehawka. The people of Nehawka and the farming community adjacent have shown much enterprise in the holding of these annual exhibits, that we believe a district fair could be made a grand success. Let the citizens of Nehawka make a move in this direction, it will help build up their town, and not only this, but it will help the counties that will join such a monument.
