IT MAY PROVE FATAL

When Will Plattsmouth People Learn the Importance of It

Backache is only a simple thing at first; but when you know 'tis from the kidneys; that serious kidney troubles follow, that diabetes, Bright's disease can be the fatal end. You will gladly profit by the following experience. 'Tis the statement of a Plattsmouth citizen.

M. W. Thomas, painter and paper hanger, living on Chicago avenue, Plattsmouth, says: "For a long time I have been subject to attacks of kidney and bladder trouble. Twenty years ago I had an attack of measles which settled in the bladder. This brought on retention of the kidney secretions and for a long period I was obliged to use a catheter. After I had discarded the use of this, retention at times existed and by spells I had sharp pains shooting from each groin to the bladder. In due course of time my back commenced to trouble me. One day four years ago while leaving for work, a sharp twinge caught me in the loins and threw me to the ground. If a knife had been plunged into me the pain could not have been more intense. I laid helpless for some time and when I did get back, it was by taking hold of something for a support and almost crawling. For a month later I was not able to do a stroke of work and I continued to have more or less trouble from pain in my back. It was difficult for me to even rise from a chair. I tried no end of remedies and was treated by physicians but received no permanent benefit. Finally I learned of Doan's Kidney Pills and they were recommended to me so strongly I was induced to go to Gering & Co.'s drug store and get a box. They did wonders for me. I have had but one severe attack of backache since which was some years after taking the remedy. The attack I mention quickly disappeared. Doan's Kidney Pills banished all pain, relieved the bladder difficulty and improved my condition every way."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Was Accidentally Shot

George L. Farley received a letter from Ernest E. Waltham, last Saturday in which the writer gave an account of the death of Mr. Farley's brother. It seems that a party of young men of whom Will was a member had been up to the Yellowstone park for an outing and had gotten almost home when they stopped for the night, and Will saying he would go get some rabbits for supper went to the wagon for the gun and grasping it by the barrel, was pulling it out with the muzzle towards him, when it catching on something in the wagon was exploded, the charge striking Mr. Farley in the face causing a very serious wound from which he died a few hours later. Will carried a policy of insurance in the Mutual Brotherhood Association for \$2,000, in favor of his sister, Miss Margaret Farley of Lincoln.

What is medicine for? To cure you, if sick, you say. But one medicine will not cure every kind of sickness, because different medicines act on different parts of the body. One medicine goes to the liver, another to the spine, Wine of Cardui to the womanly organs. So that is why

Wine of Cardui

has proven so efficacious in most cases of womanly disease. Try it.

Mrs. Wm. Turner, of Bartonville, Ill., writes: "I suffered for years with female diseases, and doctored without relief. My back and head would hurt me, and I suffered agony with bearing-down pains. At last I took Wine of Cardui and now I am in good health." Sold everywhere, in \$1.00 bottles.

A VERY PLEASANT AFFAIR

Former Cass County People in Oklahoma Have a Good Time

At the pleasant home of Mike Swartz-fisher, an old resident of this county, but now living in the beautiful southland, near Minco, Oklahoma, was assembled Sunday, October 6th, a number of people, many of whom were former residents of Cass county, joined with people who live in that country coming from elsewhere on the occasion. They had a splendid time under the management of Lawrence Brau, formerly of this county. The refreshments were especially well enjoyed. Old times in Cass county were talked over, and the new life and scenes in the south compared with those of the northland. Those formerly living in Cass county, who were present were: Carl and Emma Pappé, Mr. and Mrs. A. E. Schafer and family, John Hennings, wife and family, Mr. and Mrs. Nick Hennings, Mr. and Mrs. Albert Pappé, Mr. Sam Van Cleve, Mr. and Mrs. Albert Fetter, Mr. and Mrs. McCulloch, Mr. and Mrs. Gus Degendoff and family, Mr. and Mrs. Chas. Chassiot, Mrs. L. D. Chassiot. Those from Cass county visiting there and who returned home last Saturday evening were: Mr. and Mrs. Albert Brau, Miss Clara Brau, Mrs. Rose Hennings, Mr. and Mrs. John Ulrich, Mr. and Mrs. Louis Fredrich, Fred and Jacob Hill. While those who lived there but came from some other place were, John Hiskett, Mr. and Mrs. Jeschke and family, Mr. and Mrs. Isman, H. H. Hill, Mike Schlicht, A. L. Hischett and Mr. Click.

Hard Times in Kansas

The old days of grasshoppers and drouth are almost forgotten in the prosperous Kansas of today; although a citizen of Codell, Earl Shamburg, has not yet forgotten a hard time he encountered. Are in Quarantine Now.

We had a telephone message this morning from Robert L. Propst, of Mynard, where he has been placed in quarantine, along with his son, Thayer Propst. The quarantine which had been placed on the Propst household some time since, when the children were first taken down, was raised yesterday and at that time it was discovered that Robert and Thayer Propst were both taking the smallpox, and they were immediately removed to the pest house, and the quarantine on the home raised. These new cases coming on top of the siege which this family had in the recent past is indeed a hardship, not only as to the prolonged spell they have been confined, but, also in the matter of the great expense which it is creating for the parties concerned.

These people desire, that all persons, who know themselves indebted to either Robert Propst or to Thayer Propst, to go the office of W. F. Gillispie and settle the same. These people are in need of this money and the bills that were contracted some time since and which should have been paid before this are urgently requested to be settled.

There are many bills coming due which the Propst family have to pay and current expenses to meet, and those who have been given credit in the past, should now come up and settle, when the payment is surely needed. Now do not wait to be the last one to score in this matter.
