Nehawka

(From the Register.)

Born—To Mr. and Mrs. Frank Allen a girl on Friday morning, Oct. 11, 1907.

Prof. Debolt, of Murdock, spent Saturday and Sunday with his old school friend, Mr. Rost.

Thomas Fulton and family left last Thursday week for an extended trip through the east. They will go to Mr. Fulton's old home in Pennsylvania and Maryland. They expect to be gone about a month.

Asa McCullough went to Grady county, Oklahoma, Thursday, to look after his real estate interests there. He has purchased a half section of land in that country but declares he has no intention of leaving Cass county.

Bruce Stone and Charley Hall returned from Oklahoma with their car of goods last Saturday evening and unloaded them Monday. We are glad to have them back in Cass county and near Nehawka. They will farm the Hall farm south of town.

Guy Kirkpatrick and bride came in Friday from their wedding trip to Galveston and other Texas points. Guy's mother gave a family dinner, which gave all the relatives an opportunity to become acquainted with the second daughter of the Kirkpatrick family. The young couple left Tuesday for their home in St. Joe, Mo., where the groom is general bookkeeper for the German-American bank.

A deal was made this (Wednesday) morning whereby Morris Melrose becomes owner of the barber shop. We understand that he will fix up one part of it and that he will put in good restaurant and lunch counter and that John P. Kuhney will still manage the tonsorial business. This will be good news. Nehawka needs a good restaurant, and it needs to keep the best barber that ever pulled a razor in Nehawka.

Hard Times in Kansas

The old days of grasshoppers and drought are almost forgotten in the prosperous Kansas of today; although a citizen of Codell, Earl Shamburg, has not yet forgotten a hard time he encountered. He says: "I was worn out and discouraged by caught night and day and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me." The safest and most reliable cough and cold cure and lung and throat healer ever discovered. Guaranteed by F. G. Fricke & Co., drug store. 50¢ and \$1.00. Trial bottle free.

Louisville

The Louisville sand stone quarry has been shut down for a few days.

Blatz Volk, of Piercy county, visited here this week with M. Tritsch and family.

Uncle George Schoeman came up from Plattsburgh Wednesday for a few days visit with his old time Louisville friends.

Quite a number of farmers in this vicinity began gathering corn this week. The corn is said to be sufficiently dry to be cribbed if spread out over the crib floor and not too much of it in a single pile.

The Platte River Sand company can scarcely fill their orders for sand by working a night and day shift. The sand industry has become one of the important industries of this place, the

sand taken from the old bed of the river being of an excellent quality.

Born to Mr. and Mrs. Orin Amick, Sunday, Oct. 13, a boy. Also on Sunday Oct. 13, a boy to Mr. and Mrs. G. L. Meisinger.

She is past eighty years of age and wrote to Postmaster Dorsey inquiring if any of the Bell family lived here. She also inquired of a brother whom she had lost trace of and was informed that he was living in California only a few miles from the town which she had lived in for years.

Quinsy, Sprains and Swellings Cured

"In November, 1901, I caught cold and had the quinsy. My throat was swollen so I could hardly breathe. I applied Chamberlain's Pain Balm and it gave me relief in a short time. In two days I was all right," says Mrs. L. Cousins, Otterburn, Mich. Chamberlain's Pain Balm is a liniment and is especially valuable for sprains and swellings. For sale by F. G. Fricke & Co. and Plattsburgh Drug Co.

C. H. Taylor who is taking the law course in the State University, came in last Friday for a two days visit at home. He is well pleased with the work, and we infer that he is making splendid progress.

Harry Graves left last Saturday for Seward to accept a permanent and paying position on the Seward Independent. He writes that he is greatly pleased with that city, as well as his employer and other associates, and his many friends in this village are confident of his ability to "make good."

Mrs. Mont Robb and Grandma Robb returned Tuesday from Norfolk, where they spent a few weeks with Mr. Robb who is superintendent of the asylum. They will remain on the farm near here to keep house for Hugh Robb while he is harvesting his corn crop. Seems like our friend Hugh could make it more convenient by getting a nice little housekeeper of his own, one that will take the job "for keeps."

Making a Live Town

Wilcox, in Kearney county, Nebraska, affords an example of what a town can do when it possesses a Commercial club of the right sort. The Wilcox club is an organization that does things for the town in which it is situated, and the result is sure to be a city of considerable population and of large commercial achievements.

At a recent meeting of the Wilcox club the subjects discussed were: The extension of a telephone line, the improvement of the roads leading into town, the repair of the lighting plant and the furnishing of suitable rooms to be used jointly by the clubs of the town.

Every subject discussed at the meeting related to the welfare of Wilcox; to the development, growth and improvement of Wilcox. Jealousies were not apparent; and the obvious belief of those who attended the meeting was that Wilcox was better and more important than any man or faction init.

That's the sort of spirit that builds towns. It is the spirit that will build better towns and cities in Nebraska and indirectly make a better state. There are many communities within the lines of commonwealth that ought to catch step with Wilcox.

Will Embark in Business

Wade Miner departed this morning for Davenport, this state, where he will engage in business for himself, having purchased a blacksmith and wagon shop. Wade is a first-class workman and a good boy, and with his pleasant disposition and stirring qualities of character, coupled with his strict business integrity, we predict for him abundant success in his new field of labor. It is expected that the remainder of the family will also make their home at that place. His mother has some property here which she will dispose of before they depart, which will not be for some time. In their new home they will be followed by the good wishes of their many friends here.

Who Was the Joke On?

Frank Lorenz came in last evening from his trip to the Dakotas, where he has been for the past week or ten days. While away he visited at Pierre, Deadwood and Huron. He brought some samples of the produce from near Pierre, and a potato, which we looked at was indeed a fine specimen; of which it is claimed they raise about 200 bushels per acre, and corn from 10 to 40 bushels with the production of wheat and flax at from 4 to 20 bushels. Some of his friends thought he had gone to get married and last evening, before his return, they appeared at his boarding place and chattered him. They are now trying to figure out whether the joke is on him or themselves.

PLENTY OF PROOF

From People You Know, From Plattsmouth Citizens

The greatest skeptic can hardly fail to be convinced in the face of evidence like this. It is impossible to produce better proof of merit than the testimony of residents of Plattsmouth, of people who can be seen at any time. Read the following case of it:

Mrs. James Hodgett, living at 1102 Main street, Plattsmouth, says: "When I have backache Doan's Kidney Pills are the doctor. I first used this remedy about two years ago and it brought me such quick and positive relief from backache that I have always since depended upon it in case of recurrence and it has never failed to give most gratifying results. Prior to using Doan's Kidney Pills I suffered a great deal at times from a dull heavy pain in the small of my back, especially so when I stooped or brought any strain on the muscles of the loins. The fact that Doan's Kidney Pills have saved me a great deal of suffering and have never once failed me, gives me cause to value them highly. My husband has also used them for pain in the back and found it true to its representations. We never mean to be without Doan's Kidney Pills on hand. I procured them at Gering & Co.'s drug store."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Union Parties United.

Roscoe Coleman and Miss Leona Dot Wiseman drove up to Plattsburgh Tuesday afternoon and went to the office of Judge Travis with the request that he complete their lives of single blessedness and start them upon the matrimonial journey together. This the Judge obligingly did, after which they returned to Union and received the congratulations of their many friends. The bride is a daughter of Mrs. A. Wise man of this village, and is one of our most popular young ladies, highly esteemed by all who have formed her acquaintance. Mr. Coleman, whose former home was at Diller, Neb., has been here only a short time, but during that time he has become known as an industrious young man whose character and habits are above reproach.—Union Ledger.

Brought Joy With Him.

The stork made a visit at the home of Joseph F. Hardroba, of Omaha, the other day and presented the happy couple a small boy, and not so small either, for he tipped the beam at 12 pounds, and seemed very glad to be accepted member of the Hardroba home. The father and mother were well pleased that he is making his home with them. The joy even ran over the house of Hardroba, and Grandpa John Janda, our street commissioner, is very happy for the last few days, and it bids fair to be a kind that will not wear off.

Will Buy an Engine

C. C. Wescott, H. M. Craig, and Earl C. Wescott were passengers to Omaha this morning on the Missouri Pacific, where they will purchase an engine for the private electric light plant and for the running of the glove factory. They have a gas engine working at the place which has not enough capacity for the work which is expected of it, and they are compelled to get one with more capacity.

Dr. Cook Improving.

O. H. Cook and his daughter, Mrs. David E. Reeves, of Keokuk, Iowa, and little son came in last evening and visited over night at the home of their son and brother, Dr. E. W. Cook. Mr. Cook returned to Malvern, Iowa, this evening where his wife is with two other sons. The doctor is making improvements every day now but will be confined to his bed for some time yet.

His many friends will be pleased to see him out on the street again as soon as possible.

Set the Dog on Him.

A Plattsburgh young man was visiting in a neighboring town not long ago and seeing some nice postal cards, he bought one he thought was a bird carrying a basket of flowers, which he sent to his best girl. The next time he called she set the dog on him. It has since leaped out that the picture was one of a stork with a baby in the basket.
