

# PE-RU-NA RECEIVES PRAISE

For Relieving Such Symptoms as Debility, Backache and Headache.

There are a great many phases of woman's ailments that require the assistance of the surgeon.

But by far the greater number of such cases are amenable to correct medicinal treatment.

No surgeon in the world has relieved so many women from the different phases of ailments peculiar to woman-kind as Dr. Hartman through the use of Peruna.

It receives many letters from all parts of the country relating to subjects of vital interest to woman-kind.

Of the vast multitude of women Dr. Hartman cures annually, only a small per cent. of them consider it necessary to write to the Doctor at all.

Not one in a thousand of these fortunate women report their success. Of those who do write testimonials, only a very small per cent. are ever used in public print.

While it is not affirmed that Peruna will cure every case of this kind, it is certainly the part of wisdom for every woman so afflicted to give Peruna a fair trial. Her chances of relief are so many that any woman would be doing herself an injustice to neglect such an opportunity of relief.

**Mrs. EMMA E. GILDNER**  
Mrs. Emma E. Gildner, 729 Santa Fe Ave., Denver, Col., Financial Secretary Germania Order der Havarari, writes: "Peruna has been a great blessing to me. I suffered agonies with severe headaches and a weak back and could hardly drag myself around."

**Mrs. LUTIE WARD**  
Very Precarious Condition.  
Mrs. Lutie Ward, 617 Tracy Ave., Kansas City, Mo., writes: "A few years ago my health was in a very precarious condition, the result of womb trouble and general debility. I suffered a great deal and was glad to see Peruna when it was recommended to me so highly. I used it very soon and in a short time the pains greatly decreased and I feel much better now. I am pleased to say that I am now a healthy woman."

### Old Settler Leaves Cass County.

W. F. Case, of Weeping Water, came in last evening and visited with old friends in the city over night. This morning he departed for Kanosha, where he formerly lived. In conversation with the reporter, he said, just before starting that he was going to go down and see if he could find any of the tracks he made thirty-three years ago when he was sawing cottonwood lumber in that neighborhood. Mr. Case has lived in the county for a long time, but thinks of moving away in the spring, having purchased property in Holbrook, this state, where he with his good wife, will reside in the future.

### His Dear Old Mother

"My dear old mother, who is now eighty three years old, thrives on electric Bitters," writes W. B. Burnson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters effect the aged, and the same happy results follow in female weakness and general debility. Guaranteed also for stomach, liver and kidney troubles, by F. G. Fricke and Co., druggists. 50c.

### Married at Auburn.

Judge McCarty united in marriage Miss Lulu M. Gray and Geo. A. Brissey, both of Plattsmouth, last Friday in the county judge's office in this city, in the presence of Mr. and Mrs. W. F. Brissey, the parents of the groom. Both of these young couple come from families living at Plattsmouth, the bride being the daughter of Mr. and Mrs. Wm. Gray.—Auburn Herald.

The above which happened in Auburn on the 17th, was unknown to many people until it appeared in the above paper. Many times the home papers are censured for missing an article of news, when it is altogether the carelessness of the people who know of it themselves and fail to report it. The young man who was married is well known here, having resided here for a number of years. He is now engaged with the Duff Grain Company, and is working on the elevator at Louisville in the capacity of carpenter. The young lady is also well known, and has lived here for some time, her parents living in the country, southwest of the city. They both enjoy the love and respect of all who know them. The Journal wishes them the realization of the joys of this life, which is their ardent wish.

### The Touch that Heals

is the touch of Bucklin's Arnica Salve. It's the happiest combination of Arnica flowers and healing balsams ever compounded. No matter how old the sore or ulcer is, this Salve will cure it. For burns, scalds, cuts, wounds or piles, it's an absolute cure. Guaranteed by F. C. Fricke & Co., druggists. 25c.

### Married at Nebraska City.

William E. Niday and Miss Martha Pickering of this village gave their friends a pleasant surprise on last Friday by going to Nebraska City and assuming the happiness and responsibilities of wedded life. The ceremony was performed by Rev. J. W. Merrill, pastor of the Baptist church in that city, and in the evening they returned to this village, and will make their home on a farm a few miles from here. The bride is a daughter of William Pickering and wife and is a very popular young lady who has gained the highest esteem of all with whom she has associated during the years the family has resided near here. Mr. Niday is one of our energetic young farmers, and has grown from boyhood in this vicinity, where he has made friends of all his acquaintances. The many friends of both are glad to congratulate them and express Rip Van Winkle's sentiment, "may they live long and prosper."—Union Ledger.

### A Criminal Attack

on an inoffensive citizen is frequently made in that apparently useless little tube called the "appendix." It's generally the result of protracted constipation, following liver torpor. Dr. King's New Life Pills regulate the liver, prevent appendicitis, and establish regular habits of the bowels. 25c. at F. G. Fricke and Co. drug store.

### Can Carry Small Packages.

By order of the postoffice department the rural mail carriers are now permitted to carry packages over four pounds in weight, providing such packages do not interfere with the delivery of the mails, from the merchants to the patrons of their respective routes for whatever charge they see fit to make. They can also carry express, providing same is delivered to the carrier in person.

### Taken Home for Burial.

In speaking of the death of Roy Young, the Union Ledger says: "The remains of Roy Young, son of Frank Young, sr., of Rock Bluffs precinct, arrived here from Lincoln on the 10:15 train yesterday, being taken to Murray, where the funeral services will be held at 10 o'clock this forenoon. His death occurred at Lincoln on Wednesday at 1:30 p. m., after only a few days illness."

### How to Cure a Cold.

The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotten rid of, the less danger of pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and the all agree with me." For sale by F. G. Fricke & Co., and The Plattsmouth Drug Co.

# EDUCATORS MEET IN LINCOLN

## Improvement of Courses of Study in Nebraska

A special from Lincoln, under date of last night says: "The state university chapel was the scene this morning of an animated meeting of the Nebraska Superintendents and Principals' association, at which the main topic discussed was 'The Problem of Revision, Unification, Elimination and Enrichment of the Course of Study in the Public Schools of Nebraska.'" The three chief speakers on different phases of the theme were Deputy State Superintendent E. C. Bishop, Superintendent W. M. Davidson of Omaha and A. A. Reed of the state university. A number of general propositions were submitted by Mr. Bishop.

"A feature of the meeting tonight was a banquet at the Lindell hotel. Superintendent W. M. Davidson of Omaha was toastmaster.

"This morning at the state university memorial hall, Deputy State Superintendent Bishop, A. A. Reed and W. M. Davidson delivered addresses.

"The questions which are perhaps of most importance at this time will be taken up at the session tomorrow morning. They are stated as follows: "Proper Enforcement of Compulsory Attendance, Child Labor and Juvenile Court Laws in the Cities of Nebraska." The speakers on the topic are Superintendent W. L. Stephens of Lincoln, Superintendent C. A. Fulmer of Beatrice, Superintendent J. W. Gamble of Plattsmouth, Superintendent R. J. Barr of Grand Island and Superintendent D. W. Hayes of Alliance. The convention will close with the annual election of officers."

# STAND BY THE OLD SOLDIERS

## Enter Your Protest to the Scheme to Rob Them By State Officials.

Hon. W. H. Thompson, of Grand Island, has been retained by the old soldiers at the Soldiers' Home at Grand Island to defend them in the unjust attack and demands made upon them by the state board of lands and buildings for a portion of their pension while they are inmates of the Home. The demand of the old veterans, who are now receiving only a mere pittance, if from ten to thirty per cent of the amount of their pensions. Certainly the taxpayers of Nebraska are perfectly willing to stand the expense of maintaining these homes without taking a cent from the old soldiers, and the state officers who perpetrated this graft, are certainly not upheld in their game by the voters and taxpayers of this state. If this was a democratic administration taking part in this concocted scheme to rob the old soldier of his just belongings, nothing would be too mean for the republicans to say of them. What is the matter with you, brother republicans? Are you willing to stand up for the old soldiers? If so, enter your protest to this scheme of robbing on the part of the present republican state officials.

### Quinsy, Sprains and Swellings Cured

"In November, 1901, I caught cold and had the quinsy. My throat was swollen so I could hardly breathe. I applied Chamberlain's Pain Balm and it gave me relief in a short time. In two days I was all right," says Mrs. L. Cousins, Otterburn, Mich. Chamberlain's Pain Balm is a liniment and is especially valuable for sprains and swellings. For sale by F. G. Fricke & Co., and Plattsmouth Drug Co.

### Burlington's Crop Car.

Because of the unprecedented interest in the Burlington's car of exhibits of the products of Nebraska and Wyoming the officials have decided to extend the time for exhibiting the car. A section of northern Missouri will be covered until November 15, and the car will then be sent off the lines of the Burlington road to the lines of the Toledo, Peoria & Western railroad east of Peoria through a belt of country which has furnished more settlers for Nebraska than any other section of the United States and is still continuing so to do. The car will be exhibited along the line of that road until December 13. D. Clem Deaver, who has charge of the car and is at the head of the homeseeker's information bureau, has arranged for new products from this year's crops to freshen up the car from time to time.

### Will Resume Operation

The Lincoln Journal prints the following: "A recently opened quarry near Plattsmouth was stopped in its operation by an order from the United States government on the ground that its refuse was washed into the stream and the Missouri is, at least on paper, a navigable river. Yesterday notice was received by Senator Burkett that the quarry would be allowed to resume operations under the directions of Capt. E. H. Schultz of the engineering staff who will see that no more refuse rock is deposited in the Missouri to obstruct its fair navigation."

# TWO WRECKS ON THE BURLINGTON

## Requiring an All Night Job to Get One in Shape

The Burlington had two wrecks yesterday, one in the morning and one last evening. Yesterday morning about 2 o'clock while No. 77, the Denver freight was coming up the grade on the other side of the bridge, a draw timber broke in a car of coal, pulling a portion of it out. When it was known that it had broken, the front part of the train stopped and the rear string of cars bumped into the front, breaking a coal car in two, which delayed the train from 2 to 7 yesterday morning. Last evening after pushing a string of cars on the coal chutes, engine No. 1672, running down found a broken rail, which put it into the ditch. This last one required the work of a gang all night to get it in shape again.

# DID NOT LIKE THE MELON

## Several Plattsmouth Young Ladies Have Experience With Frozen Melons.

Four young ladies, whose names were not given to us for publication, but as a matter of good faith, having prepared all the paraphernalia that is required to make the borrowing and appropriating and muskmelons a very delicious escape, last Wednesday, with an abundance of salt, pepper, and the daintiest of spoons, the kind you eat with, not the other variety, proceeded to the county farm under the slanting rays of a moon about full, walking all the way, and accepting their own invitation to "help themselves," and did so. When they had very reluctantly appropriated about twenty-four of the choicest of the patch, they wended their way to a place where they could in the quiet and stillness of the evening, basking in the milder indulgence of the moon and stars, eat to their full of the fruit of the vine, only to find when the tiny silver shovels had delved deep into the heart of the melons, that a very sly and jolly old fellow by the name of "Jack Frost" had touched the melons a day or so previous to their coming. One fair damsel said, as her little spoon conveyed a supposedly dainty morsel direct from the heart of the melon to her ruby lips and which was immediately ejected with the exclamation, "I don't like this one, I think I will try another," only to find it the same. So they wended their way home wiser and no doubt hungrier than when they started.

### Duff's Making Many Changes

John Murray was a passenger to Louisville this morning, where he is working on the Duff elevator at that place. It was the intention of the Duff Elevator company to have moved the one from Cedar Creek to Louisville but not getting the trackage desired they thought they would repair the one at Louisville and let the one remain at Cedar Creek for the present. After the one at Louisville is placed in good condition the one at Gretna will be repaired, and then it is supposed that the one at this place will be torn down and removed out near the Doud place on an extension of the old stock yards spur.

### Prominent Traveling Man Dies.

James Reed, for many years a traveling man making this territory and carrying pharmaceutical goods, representing for many years Park Davis & Co. of Detroit, Mich., but lately with Warner & Co., of Philadelphia, died at Grand Island, yesterday morning of apoplexy. Mr. Reed was well known in this city and was a close friend of Henry R. Gering, selling him goods for years. Mr. Reed was 62 years old and has lived in Nebraska City since 1858, or nearly fifty years.

### Bought a Corn Husker

B. W. Livingston purchased a corn husker through the Gorder Implement house, here, and will receive it tomorrow, which will be put to work immediately on his farm south of the city. This will be the first husker to be brought into this neighborhood. Should it prove all that is claimed for it, and we think it will, there will be a number of them used in this vicinity.

**900 DROPS**

## CASTORIA

Vegetable Preparation for Assisting the Food and Regulating the Stomachs and Bowels of INFANTS CHILDREN

Promotes Digestion, Cheerfulness and Rest. Contains neither Opium, Morphine nor Mineral. NOT NARCOTIC.
