Did You Know It?

How many know that there are twenty four kinds of alcohol. To the average person alcohol is alcohol, although there is such a difference between them as between food and poison. The healthiest alcohol is that manufactured by nature and stored in grapes, because it does not irritate the stomach, and is a valuable and lasting tonic. For this reason, pure grape wine has been selected as the base of Triner's American Elixir of Bitter Wine. To this pure wine were added selected herbs known for their beneficial action on the digestive organs. Loss of appetite, nausea, heartburn, dull headache, offensive breath, coated tongue, unclear complexion and all other symptoms of poor digestion will be relieved by the use of this remedy, which is indicated in all diseases of the stomach and intestines. An occasional dose will do good to the healthiest stomach. At drugstores, Jos. Triner, 799 S. Ashland Ave., Chicago.

Threshers Finished.

On Monday of this week Wm. Kaufmann and his sons finished up their seasons threshing, and the machine was taken home for the winter. Cass engines and separators and have been kept busy the entire season.

MONEY FOR POSTOFFICE SITE.

Kearney Is to Have an \$75,000 Federal Building.

Kearney—A Washington dispatch states that a treasury warrant was mailed Saturday to J. G. Lowe of Kearney, Neb., in payment for the site for the new postoffice building in this city. The site which Mr. Lowe has sold to the government is located at the northeast corner of Central avenue and Twenty-fourth street. The history of the appropriation in brief is: Congressman Kinkaid secured an item of \$60,000 in the house omnibus bill; later Senator Millard introduced a bill in the senate appropriating \$100,000 which was reduced to \$90,000 by that body, and the bill went to conference and a compromise was accepted at \$85,000, for a building and site at which figure the bill was passed. Deducing the \$5,000 paid for the site there is to the credit of the Kearney public building \$48,000 to commence construction with \$27,000 yet to be appropriated so that Kearney will eventually have \$75,000 for the erection of its postoffice.

Better Train Service Promised.

Stromsburg—The towns on the Stromsburg branch of the Union Pacific seemed to move in unison with regard to the train service on the line and one of the most influential men from each town was selected to go to Omaha and interview General Manager Mohler. Dr. A. W. Post was selected from here, and the results are that the general manager assured this committee that a change would occur about November 15, giving this line a morning train for Omaha and Lincoln and returning in the evening.

Fellow Had Big Tooth.

Beatrice—While digging in the In-dlered sand pit near DeWitt, F. P. Baker unearthed a mastodon tooth in an excellent state of preservation. It is a grinder and measures 9x3 inches at the base and weighs seven pounds. Several years ago a knee bone was found and at different times since remains of these animals have been found in that locality. An extensive search will be made for fossils near where the tooth was found.

After Lower Coal Tariff.

Dr. Pierce's Golden Medical Discovery

The Great Restorative Non-Alcoholic Tonic

of the day, made entirely of native medicinal roots and without a drop of alcohol in its composition.

There are no secrets—all its ingredients being printed on the bottle-wrappers.

The "Golden Medical Discovery" not only builds up the strength of the feeble, debilitated, languid, nervous and easily fatigued, whether young or aged, but it enriches and purifies the blood, thus making the improvement lasting.

It corrects and overcomes indigestion, dyspepsia, biliousness, torpid liver, chronic diarrhea and kindred derangements of the stomach, liver and bowels.

Bronchial, throat and laryngeal affections, attended with hoarseness, persistent cough, and all manner of catarrhal affections are cured by the "Golden Medical Discovery."

In Chronic Nasal Catarrh, it is well to cleanse the nasal passages out freely with Dr. Sage's Catarrh Remedy fluid while taking the "Golden Medical Discovery" as a constitutional treatment. Old obstinate cases of catarrh yield to this thorough course of treatment.

Through enriching and purifying the blood, the "Discovery" cures scrofulous affections, also blotches, pimples, eruptions, and other ugly affections of the skin. Old, open, running sores, or ulcers, are healed by taking the "Golden Medical Discovery" internally and applying Dr. Pierce's All-Healing Salve as a local dressing. The Salve can be had of druggists, or will be sent

by return mail on receipt of 50 cents in stamps. Address Doctor Pierce as below for it.

In short "Golden Medical Discovery" regulates, purifies and invigorates the whole system and thus cures a very large range of diseases. The reason why it cures such a varied list of diseases is made clear in a little booklet of extracts from the leading medical authorities, compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and which he will be pleased to send post-paid and entirely free to any who send him their names and addresses.

You can't afford to accept a substitute of unknown composition for this non-secret medicine of known composition.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good." They are the original Little Liver Pills first put up by old Dr. Pierce over 40 years ago. Much imitated, but never equaled. They are tiny, sugar-coated granules—easy to take as candy.

Dr. Pierce's Medical Adviser (1000 pages) is sent free on receipt of 21 one-cent stamps (to cover cost of mailing) for paper-covered, or 31 stamps for cloth-bound copy. Address Dr. Pierce as above.

Chas. Burton of Nehawka, got too much corn juice election night, and had to be corralled, and was asked to appear before the court of his honor, Justice O'Day, who assessed him a fine and trimmings for his obstreperousness. This festive Charles refusing to pay, it became the duty of Justice O'Day to ask him to take a ride with Constable F. R. Cunningham to the county seat. So the two, in company with M. A. Melrose, as driver, came to the county seat last evening, where the man who imbibed too freely, will visit for a few weeks, a guest at that popular resort, the Hotel de Manspeaker.

Work Progressing on Masonic Home.

F. H. Hoye, of the firm of Bridges & Hoye, of Omaha, the firm having the contract for the building of the wing to the Masonic Home, was in the city this morning and on his departure for home this afternoon, said that the work at Home was progressing nicely, that the excavating would soon be completed, and the laying of brick would begin on next Monday. The matter of getting material ready has been pushed, while the work of excavating was in hand, and the present finds the contractors in fairly good shape to push the work from now on. The ones having the actual building in hand are very anxious to have the work rushed during all of the nice weather we are having.
