Badly Mixed Up.

Abraham Brown, of Winterton, N. Y., had a very remarkable experience; he says: "Doctors got badly mixed up over me; one said heart disease; two called it kidney trouble; the fourth, blood poison; and the fifth stomach and liver trouble; but none of them helped me; so my wife advised trying Electric Bitters, which are restoring me to perfect health. One bottle did me more good than all the five doctors prescribed." Guaranteed to cure blood poison, weakness and all stomach, liver and kidney complaints, sold by F. G. Fricke & Co., druggists, 50c.

Nehawka

From the Register.

J. M. Stone left for Cherokee, Oklahoma, Tuesday morning, going down to visit Lester, and see how things look since she became a full-fledged state.

Mrs. J. M. Stone, who has been in Nebraska City for some time taking treatment there, came home for Thanksgiving, and returned again Tuesday. She is improving in health considerably.

In playing black-man with the children Sunday evening, Miss Nannie Warden ran against a limb of a tree and severely injured her eye. It was thought for a while that her eye was ruined, but on investigation it was found to be only badly bruised.

Forest Cunningham has qualified and is now a full-fledged constable. Some one slipped the office on him when he did not know that he was a candidate, but as he had been deputized so many times he thought that he might as well be a sure-enough officer.

F. G. Egenberger of the Plattsmouth Bottling Works, was in town Monday, calling on the soda water trade. Mr.

Egenberger is one of the substantial business men of Plattsmouth, and manufactures a full line of mineral and soda waters. Maurice Melrose handles his goods.

Robert Willis came to town with his little daughter, who has been having trouble with her eyes. He reports that on Friday he removed a wheat beard from her eye about five-eighths of an inch long. It was supposed that she was suffering from an ulcer of the cornea.

L. C. Todd is experiencing the old adage, that "trouble never comes singly." One day last week he fell and broke a rib, and Tuesday morning he started to build a fire in his furnace and in throwing a large stick of wood into it, a knot caught one of his fingers with the result that he has a broken rib on one side and broken finger on the other.

A Real Wonderland.

South Dakota, with its rich silver mines, bonanza farms, wide ranges and strange natural formations, is a veritable wonderland. At Mound City, in the home of Mrs. E. D. Clapp, a wonderful case of healing has lately occurred. Her son seemed near death with lung and throat trouble. "Exhausting coughing spells occurred every five minutes," writes Mrs. Clapp, "when I began giving Dr. King's New Discovery, the great medicine, that saved his life and completely cured him." Quarantined for coughs and colds, throat and lung troubles, sold by F. G. Fricke & Co., druggists. 50c and \$1.00. Trial bottle free.

From the Leader-Echo.

A. A. Wallinger and family and A. H. Weichell and family enjoyed the hospitality of Mr. and Mrs. Wm. Cook, at their palatial country residence northwest of town, Sunday last.

Mrs. Bird Critchfield came down from Lincoln Wednesday evening for a visit with her sister, Mrs. J. H. Hart. The latter has been considerably under the weather of late.

John Cook returned to his home at Beaver City Sunday evening, after an enjoyable visit at the home of his brother, Will Cook, one of our prosperous farmers. Mr. Cook was at Omaha last week, where he purchased a fine piano.

We hear that D. S. Loring was taken suddenly ill with pneumonia soon after leaving Elmwood and was compelled to leave the train. Doan has his share of trouble. We sincerely hope that he will rapidly recover and be on his feet again ere this is printed.

There must be something good in southern Texas. About thirty-eight men and eight women left Cass county last Tuesday to investigate the merits of the southern climate—good, bad or indifferent. Some of them will likely purchase.

Word from Porto Rico is to the effect that Dr. W. A. Alton and family landed safely on the island and were hailed with great joy by the natives, with whom they have successfully labored for the past four years. Mr. and Mrs. Alton are a little the worse for the voyage, while their little daughter, Grace, stood the trip fine.

Henry Huntman, living seven miles southeast of Elmwood, met with a painful accident while sawing wood with a circular saw Friday of last week. Mr. Huntman was just ready to lay one end of a large timber on the block when he fell backward toward the saw, strik-

ing his right hand on the sharp teeth. The saw is run by steam power and the accident would have been more severe had it not been for a large heavy coat, worn by Mr. Huntman, the sleeve of which choked the saw down. He was brought to the Mungler hospital, where it was found necessary to take fifteen stitches to close the wounds inflicted.

A Home Made Happy by Chamberlain's Cough Remedy

About two months ago our baby girl had measles which settled on her lungs and at last resulted in a severe attack of bronchitis. We had two doctors but no relief was obtained. Everybody thought she would die. I went to eight different stores to find a certain remedy which had been recommended to me and failed to get it, when one of the storekeepers insisted that I try Chamberlain's Cough Remedy. I did so and our baby is alive and well today.—Geo. W. Spence, Holly Springs, N. C. For sale by F. G. Fricke & Co.

Union

From the Ledger.

James Gruber, the Union telephone operator, has been raising a crop of whiskers so rank that they get tangled in the "buzz wheel" when he rings a call.

J. D. Graves of Peru, brother of the Ledger editor, made us a short visit Wednesday evening and went from here to Rock Bluffs for a few days visit with Mother Graves.

Mrs. George Midkiff of Homer, made a visit last week with her parents and other relatives a few miles northeast of town, and returned home Saturday.

Mrs. Louise Mickle, teacher in the intermediate department of our schools, has been on the sick list the past few days, and Miss Carrie Banning was called upon to take charge temporarily of that room.

Elmer Frans had many things to be thankful for on Thanksgiving day, but his accident was not one of them. He fell and broke a bone of his right wrist, and the result will be a few weeks rest for his lame arm until it gets good.

Wm. F. McCarroll and wife departed Monday for Hartington to attend the wedding of their nephew, Ray Rose, who on Wednesday was united in marriage with Miss Ethel Wilcox. The groom is a son of G. A. Rose, who for many years was our best citizen and leading business man until they moved to Cedar county a few years ago, and it seems but a short time since Ray was a "little tad" playing with the kids here and wearing knee pants. The Ledger herewith transmits its hearty congratulations.

John Robbins at Rest

This morning Mr. and Mrs. Will Renner and Mrs. W. T. Richardson, who went to Chicago to receive the remains of their brother, John Robbins, returned bringing the body with them. The funeral was held from the Christian church, the Rev. A. L. Zink delivering the address which marked the last sad rites which the friends of this former citizen of Plattsmouth could pay to his memory. Mr. Robbins met death by falling into a cinder pit and being smothered. The accident occurred in Chicago one week ago tomorrow, while working for the Fairbanks company of that city, instead of at Passaic, New Jersey, as reported last week. Only the two sisters of the deceased were present, B. W. Robbins of Grand Junction, Colorado not being able to come on account of the illness his wife, who was so sick that he could not leave. Mrs. James Patterson of Los Angeles was so far distant that she could not have arrived in time for the funeral.

The remains were laid at rest in Oak Hill cemetery.

Seek Health In the West.

Henry Kreager, and sister, Miss Mary Kreager, of South west of My-nard departed this afternoon for the west in search of health. They have neither, been strong or well for some time past, and they go to the mountains in hopes that they may find some place which will make an improvement in the condition. Miss Mary will stop for the present in Denver, while Henry will go to Colorado Springs. We trust they may both be benefitted by the change.

The Love of Life.

We all love to live and to enjoy life. There are but few persons who lost that love and who shun society and all pleasure, who are despondent and irritable. Such persons are sick and cannot be blamed. Their blood is not pure, the circulation is slow, the nerves are weak. They need a good vegetable tonic, to bring the digestive organs to their natural activity. Such a tonic is Triner's American Elixir of Bitter Wine, made of pure California wine and imported herbs. It has a double action; the herbs heal the inflamed mucous lining of the stomach and the intestines and wine strengthens these organs and makes them fit to perform their duty. You will be surprised at the result; the person will begin to eat and to digest regularly; his nerves and muscles will become strong, his blood pure, his mind clear and you will have before you a new man, ambitious, energetic and full of love of life. Use this remedy in every indisposition. At drug stores, Jos. Triner, 799 So. Ashland ave., Chicago, Ill.

The wise man therefore will open an account there and thus put his money where it is beyond the reach of burglars. The less you have the less you can afford to lose it.

Will Try Suit For Damages.

Mathew Gering departed yesterday, for Lincoln where he had some matters to look after, after which he goes to Topeka, Kansas. At this place Mr. Gering will try a very important suit in which Mr. and Mrs. Frank James, are bringing suit for damages received, by Mrs. James, from a lion while she was employed with the Parker Carnival Co. which played at this place. The outcome of the suit is awaited with a great deal of interest by the many friends of the James, a number of whom are of this community.
