A Home Made Happy by Chamberlain's Cough Remedy

About two months ago our baby girl had measles which settled on her lungs and at last resulted in a severe attack of bronchitis. We had two doctors but no relief was obtained. Everybody thought she would die. I went to eight different stores to find a certain remedy which had been recommended to me and failed to get it, when one of the storekeepers insisted that I try Chamberlain's Cough Remedy. I did so and our baby is alive and well today.—Geo. W. Spence, Holly Springs, N. C. For sale by F. G. Fricke & Co.

A large delegation of Masons and K. of P's, from our neighboring towns attended the funeral services of G. S. Garnahan Wednesday afternoon. Badly Mixed Up.

Abraham Brown, of Winterton, N. Y., had a very remarkable experience; he says: "Doctors got badly mixed up over me; one said heart disease; two called it kidney trouble; the fourth, blood poison, and the fifth stomach and liver trouble; but none of them helped me; so my wife advised trying Electric Bitters, which are restoring me to perfect health. What is medicine for? To cure you, if sick, you say. But one medicine will not cure every kind of sickness, because different medicines act on different parts of the body. One medicine goes to the liver, another to the spine, Wine of Cardui to the womanly organs. So that is why

Wine of Cardui

has proven so efficacious in most cases of womanly disease. Try it.

Mrs. Wm. Turner, of Bartonville, Ill., writes: "I suffered for years with female diseases, and doctored without relief. My back and head would hurt me, and I suffered agony with bearing-down pains. At last I took Wine of Cardui and now I am in good health." Sold everywhere, in \$1.00 bottles.

LOST THE END OF HER THUMB.

While Trying to Assist in the Family Washing Gets Nail Pinched Off.

Yesterday afternoon while the family washing was being done at the home of Jay Herring, his little three-year-old daughter, Beatrice, thinking she was as large as anyone endeavored to assist in doing the wash, and while endeavoring to feed the wringer, which Jay was turning, and unbeknown to him, the little tot slipped her right thumb into the wringer, cutting off the end of it just back of the nail. The little girl was immediately taken to the doctor's office, where the injured member was dressed, and she rested as well as could be expected, this morning when the thumb was dressed it was doing as well as under the circumstances one would expect, but is very sore and painful.

WERE MARRIED AT NOON

Two of Plattsmouth's Young People Plight Vows at Mid-day

This morning Louie Meisinger, aged 38 years, and Miss Katie Hild, aged 23 years, having obtained a license, were joined in holy matrimony at the home of Rev. J. F. Longhster, in the presence of a brother and sister of the bride, William Hild and Miss Anna Hild. They preferred this quiet wedding to a more ostentatious affair. The young people will make their home at the farm of the groom, about seven miles west of this city.

These young people were born and grew to manhood and womanhood in this community, and are loved and respected by all who know them. The Journal joins with their hosts of friends here in wishing them all the joy, prosperity and happiness which they can expect to obtain from this life, and that their lives may be as free from those unpleasant features of life in any of its phases, as possible.

How Diphtheria is Contracted.

One often hears the expression, "My child caught a severe cold which developed into diphtheria," when the truth was that the cold had simply left the little one particularly susceptible to the wandering diphtheria germ. When Chamberlain's Cough Remedy is given it quickly cures the cold and lessens the danger of diphtheria or any other germ disease being contracted. For sale by F. G. Fricke & Co.

She Played a Very Clever Part.

The entertainment given by the scholars of Miss Fitch's class was of such a character that one had much to do to get the points of all the players. The writer not being an adept at chronicling such productions as easily as he might those of another character of which we know more about. However, we missed many a fine play—and among those who rendered well their part, we omitted to mention, not intentionally, that of Miss Judkin, as rendered by Miss Anna Snyder, which was one of hard rendition, and better played the neutral. It would seem Miss Snyder seemed surely at home with her part, showing she had the ability and has given the matter much careful work.

Addresses the High School.

Superintendent I. N. Clarke of the Weeping Water schools, was a visitor in the city this morning, a guest at the home of Superintendent J. W. Gamble, of the city schools, and while here was induced to address the students of the High School. His subject was the "Game of Life," and was listened to throughout with the closest attention. Many good points were made in the talk which Mr. Clark gave the scholars.

LIFE'S JOURNEY

Is Burdensome to Many in Plattsmouth

Life's journey is a heavy burden with a constantly aching back, with urinary disorders, diabetes, with any kidney ailment. Doan's Kidney Pills relieve and cure. Here is Plattsmouth proof that this is so.

Mrs. L. A. Newcomer, of 600 1/2 Gold street, Plattsmouth, says: "As soon as I would lie down my back would commence to ache and I could hardly lie still. I would try one position, then another and another and was all the time changing to find some way in which I could lie and find relief. This was my condition every now and then for three years or longer. During the day or when on my feet the trouble was not noticeable. The trouble would come when I was trying to get some rest. Friends told me that my kidneys were undoubtedly affected. Seeing Doan's Kidney Pills so highly recommended I got a box at Gering & Co.'s drug store. I used about one-half of them and my back ceased to ache and I have not been bothered scarcely at all since. My experience with Doan's Kidney Pills warrants me in saying they were true to their representations."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

TRAIN WRECKS FARM WAGON

Mrs. John H. Thomas Escapes a Frightful Death by a Very Narrow Margin.

Mr. and Mrs. Thomas, living east of town, drove to the Burlington station and Mr. Thomas hitched his team to a telegraph anchor post while he went into the depot, leaving Mrs. Thomas in the wagon. An extra fast bound freight came along and frightened the team causing them to break down the post to which they were hitched. They started across the track just in time to allow the engine to hit the wagon. The team was jerked free from the wagon and a part of the wagon and Mrs. Thomas were thrown upon the pilot of the engine and carried for a hundred yards, or until the train was brought to a stop. Mrs. Thomas escaped without a scratch, but was severely bruised and fears are entertained that she has received internal injuries.

The breaking of the anchor post permitted the telegraph wires to drop low enough to strike the engine and were torn down. Engineer Folk was struck by a wire and received a bad cut under the right eye.—Louisville Courier.

AS HE TURNED A THIRD OF CENTURY

His Many Friends Mark the Event With Merriment and Good Cheer.

On last Saturday evening Phillip Tritsch, having covered about one third of the ground, which is to make him a centurion, a large number of his neighbors and friends gathered at the home to surprise him, and make merry the closing hours of the day on which he was thirty three years of age. Games which delight all the young folks the youth and those of more mature ages, were enjoyed, interspersed with music, and social conversation, made up the evenings' entertainment, and at a late hour, when the day begun to depart to take place for the day to come, they had magnificent refreshments, which they termed their Mid-night supper, a bounteous feast, which all enjoyed. Many beautiful and useful presents were given as a remembrance of the occasion and as a token of the friendship in which he was held, were given. Those who were a portion of the good time enjoyed were Phillip Born and family, Louis Born and family, Frank Blotz and family, A. F. Seybert and wife, George Born and family, Ova Keil, Chas. Keil and Elsie Inhelder, Fred Gardner, Julius Hilfficker and family, and Will J. Keil and family.

Z. W. Shrader purchased of the Sheldon estate on Monday eighty-five head of Galloway calves, for which he paid the sum of \$1,275.00. He will ship them to his ranch in Harlan county and feed them some of the big alfalfa hay crop that he raised this year. This is a big price to pay for calves, but Zach is a cattle man and knows a good thing when he sees it.—Nehawka Register.
