

The County Exchanges

News of General Interest Selected from the Columns of Contemporaries

Louisville

From the Courier.

Born, to Mr. and Mrs. Henry Inhelder, Sunday, December 8, a boy.

Wm. Stohman went to Omaha Tuesday morning to meet his wife, who has been visiting in the western part of the state.

Mr. and Mrs. William Murdoch have announced the engagement of their daughter, Mabel Marie, to Mr. James Madison DeLezene, the marriage to take place at the family residence on Thursday, December 26.

The little five-year-old son of Mr. and Mrs. Chas. Ahl, while at play in the barnyard with his pet dog, fell and broke his left fore arm last Saturday. A local physician was called and set the broken member without difficulty and the little fellow is now getting along nicely.

Little Theodore Stander carried off the belt as being the first boy in town to meet with an accident while coasting this season. Wednesday morning he was coming down the hill in front of C. A. Richey's residence when the sled flew the track and landed him against a fence post. An ugly gash on his forehead which took several stitches by the family physician was the result.

J. A. Eilers, of Dunbar, took charge of the Speaker Hotel Monday. Mr. Eiler is an experienced hotel man and will have the interior of the hotel thoroughly renovated and put in first-class condition. He realizes that under the management of the former proprietor that the house was not a popular one and will change the name as well as the bill of fare. His advertisement will appear in the Courier with the first issue of the new year.

A Real Wonderland.

South Dakota, with its rich silver mines, bonanza farms, wide ranges and strange natural formations, is a veritable wonderland. At Mound City, in the home of Mrs. E. D. Clapp, a wonderful case of healing has lately occurred. Her son seemed near death with lung and throat trouble. "Exhausting coughing spells occurred every five minutes," writes Mrs. Clapp, "when I began giving Dr. King's New Discovery, the great medicine, that saved his life and completely cured him." Quarantined for coughs and colds, throat and lung troubles, sold by F. G. Fricke & Co., druggists. 50c and \$1.00. Trial bottle free.

Nehawka

(From the Register.)

Ray Denison from Plattsmouth was a guest of Mrs. Hanson this week.

Frank Trotter has returned from Burlington Junction Springs, and says that he feels completely cured of his rheumatism.

Dr. Slattery of Lincoln came in on Sunday morning's train, being called hither to see Mrs. Straub, mother of the Bitter boys, living southwest of town in Otoe county. He asked the price of land here, and seemed surprised when he was told \$100, but we imagine he changed his mind before he had driven far.

Ralph Opp, who went to be assistant at the depot while the regular helper was absent, followed the Missouri Pacific custom and had a wreck the first thing. Friday morning he had some express on the large truck and put on too much steam and it tipped over. Peter Opp lost three gallons of oysters and a broken truck was the damage done.

Mr. Bullock, of the Nehawka Stone company, has been threatening to get out an injunction against Cunningham Bros. from bringing over loaded "jags" to their boarding house. The boys are the lively business and when a man is a dollar to ride out they get his money. A better way would be to fire the "jags."

Monday morning it was reported in that one of the children of Mrs. Hansen was suffering from smallpox but this was not the case. They in town Saturday and from appearances it was thought the youngest was suffering from the dread disease. Dr. Wilcox went out Monday morning and found a pronounced case of chicken-pox and nothing worse. He hopes will put the matter right.

He Made Happy by Chamberlain's Cough Remedy.

Two months ago our baby girl was troubled with a severe attack of whooping cough. We had two doctors but no relief was obtained. Everybody said she would die. I went to eight stores to find a certain remedy which had been recommended to me. I got it, when one of the druggists insisted that I try Chamberlain's Cough Remedy. I did so and she was well today.—Geo. W. Smith, Burlington Junction Springs, N. C. For sale by F. G. Fricke & Co.

HAPPY WOMEN

Plenty of Them in Plattsmouth and Good Reason for It.

Wouldn't any woman be happy, after years of backache suffering, days of misery, nights of unrest. The distress of urinary troubles, she finds relief and cure? No reason why any Plattsmouth reader should suffer in the face of evidence like this:

Mrs. M. S. Burk, living at corner Third and Dyke streets, Plattsmouth, says: The quick relief from pain in my back which followed the use of Doan's Kidney Pills proved them to possess remarkable curative powers. For years I was subject to attacks of kidney complaint and some of them so severe that I would be confined to my bed. My condition was so bad that I could not even turn over while lying down without grasping hold of something for support. My husband procured Doan's Kidney Pills for me at Gering & Co.'s drug store and their use absolutely relieved me of all pain and inconvenience. I place great value in Doan's Kidney Pills.

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

James Stander Meets Rev. Jung.

While in Texas James Stander visited at the home of Rev. and Mrs. G. Jung, who live near Taylor, Texas, where they have a good church and a German school. He reports them well and getting along nicely, but not particularly pleased with the south and still have a warm place in their hearts for all their old friends in and around Louisville. They have a good home in a country where the soil is very productive, but in wet weather the mud interferes with all farm work, many of the farmers being unable to get into the fields to gather their corn, nor can they haul it to market for the condition of the roads, but better times are coming and the people have plenty, so there is no suffering. Many of Mr. Jung's neighbors went to Texas direct from Germany and Rev. Jung finds his hands full in instructing them in the ways of the United States, which he appears to be doing very acceptably. To all Rev. and Mrs. Jung send their best wishes, and especially to the people with whom they lived for so long.—Louisville Courier.

Badly Mixed Up.

Abraham Brown, of Winterton, N. Y., had a very remarkable experience; he says: "Doctors got badly mixed up over me; one said heart disease; two called it kidney trouble; the fourth, blood poison, and the fifth stomach and liver trouble; but none of them helped me; so my wife advised trying Electric Bitters, which are restoring me to perfect health. One bottle did me more good than all the five doctors prescribed." Guaranteed to cure blood poison, weakness and all stomach, liver and kidney complaints, sold by F. G. Fricke & Co., druggists, 50c.

Malt Extract Not an Intoxicant.

Just because beer which is made from malt is judiciously recognized as being an intoxicant is no ground for a judge assuming that malt extract contains the same enlivening properties. That is what the supreme court says in the case of John A. Luther, a Harlan county druggist, who was fined in the court below on the theory that the malt he was selling was intoxicating.

The trial judge instructed the jury that the fact that the man offered malt for sale was sufficient to justify a conviction. The supreme judges say that the defendant has a right to prove, if he can, that the fluid he was actually selling under the name of malt extract is harmless.

It is all a matter of emphasis anyway, says the supreme court. The law makes it an offense for anyone to sell "malt, spirituous and vinous liquors or any intoxicating drinks," without a license.

For any of the ordinary diseases of the skin Chamberlain's Slave is excellent. It not only allays the itching and smarting but effects a cure. For sale by F. G. Fricke & Co.

Greenwood Improving.

Our old friend, E. B. Craig, was down from Greenwood today to make settlement in the county court in the matter of Elmer Barnett, of whom he is guardian, the young man having attained the age of manhood. While here Mr. Craig gave the Journal a pleasant call, and stated that the pleasant village in which he makes his home has improved more in the past year than it has since he has been a resident, nearly twenty years. The Journal is pleased to learn of the prosperity of Greenwood, as we consider it one of the prettiest towns in eastern Nebraska.

A Bad Sign

J-23

BUSINESS MAN IS A SUICIDE

J. Frank Carpenter of Omaha Shoots Himself Fatally

OMAHA, Neb., Dec. 23.—J. Frank Carpenter, secretary of the Carpenter Paper company, in a fit of despondency over ill health, and following a period of seven weeks of acute insomnia, shot himself at his home after supper this evening and died in less than an hour. Mr. Carpenter was the third of four brothers who have in about twenty years built up a large wholesale paper business in the west. During the past summer and fall he devoted a large amount of time to superintending the construction of a large eight-story warehouse for the company and a beautiful residence for himself and wife. This entailed a large amount of extra work, and about seven weeks ago his physician ordered him to take a rest. He quit business for a time and in a very few days felt better. Then he went with his wife on a quail hunt in Oklahoma and more recently left on a trip to Wyoming.

He returned from Wyoming a week ago much fatigued from the long railroad journey and had been confined to his room since.

Farmer Pollard.

Ernest M. Pollard, representative of the First congressional district of Nebraska, is a member of the agricultural committee—a position which it is said he much coveted.

The Herald is glad. If this very important committee means anything, it means that men with essential qualifications should comprise it. Mr. Pollard is not regarded as the strongest member of the Nebraska delegation in congress, but there are few members of that body who know more thoroughly and scientifically what members of the agricultural committee should know than the gentleman from the First. It has been a life study with him.

Inasmuch therefore, as Nebraska is not very strong on committee places in the sixtieth congress, the particularly important position assigned to Mr. Pollard should gratify us all who want to see the best things come to Nebraska and Nebraskans.—Fremont Herald.

MARRIED AT AKRON COLORADO

And Arrive Home Last Evening Much to the Surprise of the Home Folks.

Last evening Newton Will, with his bride of one day, walked in on the folks at home, much to their surprise. The newly married couple were married at Akron, where the former Miss Lena Gilcrest, the milliner of the place, and Newton Will both made their home. Mr. Will, with his father and brother, have been interested in the western country for a number of years, and a short time since sold their ranch, and have been disposing of all their interests there, which they had in partnership, although Newton still held a very valuable interest, the one which he has just now claimed. The folks at home, when they saw the new couple coming, were like the father of the "Prodigal Son," they hustled up a sumptuous supper and made merry with them. Newton and wife will remain at Akron this winter, where Mrs. Will has a millinery store, and after that is disposed of they will decide as to what they will do for the future. The Journal extends the most sincere congratulations.

Will Attend Wedding.

Mrs. J. M. Young and daughter, Mrs. Ralph Godwin, departed this morning for Albia, Iowa, where they will be present tomorrow at the wedding of Mrs. Young's youngest sister, Miss Maude Ethel Eastlake and Wm. Petersen of that place. They will be absent for some three or four days.

Cuts His Thumb.

T. J. Bates who has just finished building a scenery dock at the Parmelee Theatre, which is a great convenience to those who have the matter in charge of unloading the scenery, has had the misfortune to cut his thumb very badly, which will keep him from work for some time.

Irregularity is bad in every department of life, in meals, in sleeping hours, but especially when it is a question of womanly habit. Not only is it a sign of female disease, but, unless cured, it will cause dangerous troubles, because of the poisons thus allowed to remain in the system.

If you suffer in this way, get a bottle of

Wine of Cardui

Mrs. Lucinda Johnson, of Fish Creek, Wis., writes: "I suffered for fourteen (14) years with irregularity, causing great pain. At last I tried Cardui, and now I am cured." At all druggists, in \$1 bottles.

MISSOURI PACIFIC WRECK FRIDAY

Twelve Freight Cars Were Ditched Near Auburn.

A special from Auburn, under date of December 21, gives the following particulars of the wreck that occurred at Howe on Friday afternoon last. "A bad wreck occurred on the Missouri Pacific railway about 2 o'clock yesterday afternoon near Howe, the first station south of this place. A special freight which left here shortly before the time the north bound passenger train was due to arrive, was running at a high rate of speed in order to get to the sidetrack at Howe and thereby not delay the passenger. When nearing Howe, a defective rail broke after the engine had passed over it. Twelve cars, eleven of which were loaded with company coal, piled up in the ditch. Fortunately the engine had passed over and the waycar remained on the track, consequently no one was hurt. The passenger pulled into Howe and was unable to get through and was forced to back down to Falls City and use the Burlington track to Nebraska City. A train of two waycars and an engine was fitted up here and conveyed the mail and passengers to Nebraska City, where they met the passenger."

Funeral of John A. Donelan.

The funeral of the late John A. Donelan was held from the residence of A. W. White at 2 o'clock this afternoon, Rev. Canon Burgess delivering the address. The funeral was made as quiet as possible on account of the condition of Mrs. Donelan, who is prostrated with grief over the loss of her husband. It is all that the heartbroken wife can do to bear up under the loss she has sustained, and it was feared that she would not stand the strain of a public funeral. A large number of friends came from Weeping Water on a special train to attend the funeral.

Among those present were H. D. Reed, F. A. Reed, J. W. Calvert, A. G. Wellenseil, S. D. Switzer and wife, Orlando Tefft, C. E. Tefft, C. W. Bish, W. D. Bish, H. J. Davis, Mrs. J. B. Hungate, E. T. Marshall and wife, V. S. Barnes, J. R. Sherman and wife, E. S. Rexford, J. W. Teegarden, Floyd Wolcott, H. B. Wolcott, J. W. Woodford, I. M. Woodford, C. E. Day and wife, J. H. Andrus, J. I. Corly and wife, S. F. Gerondit.

John A. Donelan was born in the fall of 1872, and was a few months past 35 years of age. He grew to manhood in this city, marrying Miss Edith White, and for a number of years resided at Weeping Water, where he was engaged in the banking business until this last fall, when he sold his interest and removed to Lincoln.

While in Weeping Water he was identified with the business interests of the city more than any one who has lived in the city. Since going to Lincoln his health, which has not been the most robust for a number of years, has troubled him considerably, having had repeated attacks of appendicitis, until he concluded to seek relief through an operation, with the results as chronicled by this paper.

The remains were laid to rest in Oak Hill cemetery.

Kicked By Horse.

This morning at the home of Charles Jean, three miles southwest of this city, Chas. Barnard had a horse fall on him and dislocate his left shoulder, and stepping on his head and face with the sharp calks, cutting great gashes in his forehead and face. Mr. Barnard is in the employ of Will Jean, who lives just south of where the accident happened, and they were butchering at the home of his father. There were engaged at the butchering three families—Chas. Jean, Frank Jean and Will Jean—and had finished the hogs and were just beginning on some cattle, and were ready for a steer, which was at the place of Will Jean. Mr. Barnard was sent after the animal, and straddling his own horse which he kept for driving and had been recently sharp shod. Starting down the road the horse, which over-reached, caught the shoe of its fore foot with its hinder one, locking them together and throwing the horse with Mr. Barnard under the animal, dislocating the left shoulder, and in arising stepping on the face of Charlie, as above stated. Dr. J. S. Livingston dressed the wounds and reduced the dislocation. While in a great deal of pain he feels thankful that the accident had no worse termination.

IMPROVED ORDER OF RED MEN

Making Active Canvass For Members and Having Great Success.

The Improved Order of Red Men have been making some great exertions for the past month for an increased membership, which has been meeting with great success, they have repeatedly taken in a large class of members, and have been having a steady growth. Last evening they had degrees, making them all "Big Indians." Those to take the degrees were Thomas Walling, Emil Walters, Adolph Wesch, A. G. Bach, Walter Gochenour, Perry Utterbach, W. Kruger, Chas. Richards, H. G. Batton, John Corey, Henry Grennill, A. P. Barnes, Ted Scarborough, John Hiber and Antone Koberck. The team and other members from South Omaha came down last evening and assisted in conferring the degrees. Those to assist from that place, and to break bread with them in the refreshments which were served, were F. H. Wheatworth, W. P. Williams, W. Turner, John Ivian, Chas. Ireland, Joseph Pryle, G. S. Winters, D. W. McClain, R. J. Barnett, Thomas Miller, Jean Larson, James Pivonka, Ed. and Elam Linstrom, Henry Lohler, Frank Zimmerle, O. W. Arnold, H. R. Marshall, A. Mangerson, John W. Lissan, Ed. Callom, John Wagner and Roy Mattox.

A lazy liver leads to chronic dyspepsia and constipation—weakens the whole system. Doan's Regulates (25c per box) correct the liver, tone the stomach, cure constipation.

Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliance vanish like the bloom from a flower which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. Few young women appreciate the shock of the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form at once witness to the fact in renewed comeliness. More than a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. It is made wholly of those native, American, medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

For nursing mothers, or for those broken-down in health by too frequent bearing of children, also for the expectant mothers, to prepare the system for the coming of baby and make its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nerve, nicely adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments.

Bad Symptoms. The woman who has periodical headaches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has gnawing distress or heavy full feeling in stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic catarrh, is suffering from weaknesses and derangements that should have early attention. Not all of above symptoms are likely to be present in any case at one time.

Neglected or badly treated and such cases often run into maladies which demand the surgeon's knife if they do not result fatally.

No medicine extant has such a long and numerous record of cures in such cases as Dr. Pierce's Favorite Prescription. No medicine has such a strong professional indorsement of each of its several ingredients—worth more than any number of ordinary non-professional testimonials. The very best ingredients known to medical science for the cure of woman's peculiar ailments enter into its composition. No alcohol, enter into its composition. No alcohol,

harmful, or habit-forming drug is to be found in the list of its ingredients printed on each bottle-wrapper and attested under oath as complete and correct.

In any condition of the female system Dr. Pierce's Favorite Prescription can do only good—never harm. Its whole effect is to strengthen, invigorate and regulate the whole female system and especially the pelvic organs. When these are deranged in function or affected by disease, the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened, and a long list of bad, unpleasant symptoms follow. Too much must not be expected of the "Favorite Prescription." It will not perform miracles; will not cure tumors—no medicine will. It will often prevent them, if taken in time, and thus the operating table and the surgeon's knife may be avoided.

Doctor's All Agree. The most eminent writers on *Materia Medica*, whose works are consulted as authorities by physicians of all the different schools of practice, extol, in the most positive terms, the curative virtues of each and every ingredient entering into Dr. Pierce's Golden Medical Discovery. In fact it is the only medicine, put up for sale through druggists for the cure of all diseases of the mucous surfaces, as nasal catarrh, throat, laryngeal, and bronchial affections attended by lingering, or hang-on-coughs that have any such professional endorsement—worth more than any amount of lay or non-professional testimonials.

Do not expect too much from the use of Dr. Pierce's Golden Medical Discovery. It will not work miracles. It will not cure consumption in its advanced stages. No medicine will. Nor is the "Discovery" so good for sudden attack of acute cough, but for the lingering, obstinate, hang-on-coughs accompanying catarrh, throat, laryngeal and bronchial affections, it is a most efficacious remedy. In cases accompanied with wasting of flesh, night sweats, weak stomach and poor digestion with faulty assimilation, and which, if neglected or badly treated are apt to lead to consumption, the "Discovery" has proven wonderfully successful in effecting cures.

The formula is printed on every wrapper of "Golden Medical Discovery," attested as to correctness under oath, and you can't afford to accept any substitute of unknown composition for this non-secret remedy no matter what selfish interests may prompt the dealer to urge such upon you. In fact it is an insult to your intelligence for him to do so. You know what you want and it is his place to supply that want.

Dr. Pierce's Pleasant Pellets are the original "Little Liver Pills" first put up by Dr. Pierce over 40 years ago. Much imitated, but never equaled. They cleanse, invigorate and regulate the stomach, liver and bowels, curing biliousness and constipation. Little sugar-coated granules—easy to take as candy.

Dr. Pierce may be consulted by letter free of charge. Address Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

Dr. Pierce's Medical Adviser (1000 pages) is sent free on receipt of 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy. Address Dr. Pierce as above.
