

PEOPLE WHO REALLY KNOW WHAT PE-RU-NA IS.

MRS. ALICE J. BORDNER.

Mrs. Emma F. Mumford, No. 1 Olsen's Court, Salt Lake City, Utah, writes:
 "Four months ago I became chilled through and through by getting my feet wet.
 "The next morning I was stiff and sore with a severe cold which had settled all over my body. The blood seemed to rush to my head, causing dizziness and blinding headaches.
 "As soon as Peruna was recommended to me I decided to give it a trial and am pleased to say that it cured me after I had used it only two months.
 "I think you have a splendid medicine and gladly endorse it."
 People preferring solid medicines should call for Peruna tablets. Each tablet is equivalent to one average dose of Peruna.

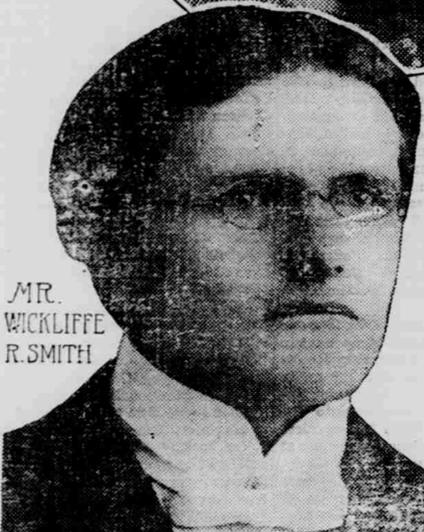

MRS. EMMA F. MUMFORD

Mr. George W. Amory, 337 West 19th St., New York City, New York, writes:
 "Somehow I have always had a prejudice against advertised medicine, but I want to make one decided exception in favor of Peruna.
 "I caught a cold last winter and it settled in throat and head, developing a most persistent catarrh, which seemed to defy all medicines until I tried Peruna. Before I had used two bottles I considered myself cured."

MR. GEO. W. AMORY

MR. WICKLIFFE R. SMITH

MRS. I. D. HAYES.

PERUNA A REAL MEDICINE
 Those Who Slander Peruna Know Nothing About It.

THE PEOPLE WHO USE IT ARE THE ONLY RELIABLE WITNESSES.

Read The Enthusiastic Testimonials on This Page.

These Testimonials Were Given Out of Pure Gratitude For The Benefit Received From Pe-ru-na.

be so used one trial will be sufficient to disabuse his mind.
 Peruna is a great and useful family medicine. It is used in multitudes of homes. It has become a standard remedy for various petty ailments in the home. It is especially useful for climatic diseases. It is an excellent remedy for colds. It is a well-tried remedy for catarrh in all forms.
 We have a multitude of testimonials recommending it for colds, for bronchitis, for various affections of the respiratory and alimentary organs.
 This is well known to all who know Peruna by actual experience.
"Cures All Catarrhal Diseases."
 Mr. I. W. Kightlinger, Cambridge, Neb., writes: "I don't have any more trouble in my throat, and have not had a headache for four weeks."
 "Peruna is the very medicine for catarrh. There is no medicine like it in the United States, for I have tried a good many before using Peruna."
 "I will keep it in my house to guard against catarrh, as it cures all catarrhal diseases."

Catarrh of Bronchial Tubes.
 Mr. Wickliffe R. Smith, editor of The Pottlatch Herald, formerly principal of the schools at Cameron, Idaho, writes:
 "For some time I suffered with catarrh of the throat and bronchial tubes. I tried many remedies, but could find nothing that would give me relief. Finally I tried Peruna. Three bottles cured me, sound and well. I believe it will do as much for others as it did for me."

Gained Thirty Pounds.
 Mrs. Alice J. Bordner, 1311 Maple Ave., Harrisburg, Pa., writes:
 "I have found a cure in Peruna. I cannot recommend Peruna enough, and I also thank you for your kind attention to me. I am as well as could be ever since I began taking Peruna, and will recommend it to others. I only weighed 95 pounds before taking Peruna; now I weigh 125."

Throat and Head.
 Mrs. I. D. Hayes, 1957 Druid Hill, Baltimore, Md., writes:
 "Peruna is one of the best remedies for grippe, cold in the head, sore throat, nervous headaches, and coughs that have ever been discovered. After the use of one bottle in my family I don't feel safe without Peruna in my house."
 In a later letter Mrs. Hayes says: "I am never without a bottle of Peruna in the house. I find it good for most every complaint. I give the children Peruna if they have a cold and it always relieves them. I don't think I could find a better remedy to give my children."

It is so easy to criticize things about which the critic knows nothing.
 Take, for instance, Peruna. There are plenty of people who are willing to say Peruna is this and that, who never have tasted Peruna, and have never known anything about its effects upon the human system.
 There are people who say, and probably believe, that Peruna is used as a beverage by some people. It would be the easiest thing in the world to show the falsity of such a belief.
 Let any one who reads this go to the drug store and purchase a bottle of Peruna. If, after attempting to use it

as a beverage or to take it in doses sufficient to produce anything like intoxication, if after putting it to this test such a person is still of the opinion that Peruna is a disguised alcoholic drink, he will be warranted in making such a statement. Practically, Peruna cannot be so used. Any one who knows anything about Peruna by personal use knows that Peruna is a medicine. The very label on the bottle, giving the principal active ingredients, furnishes indisputable proof that Peruna is a medicinal compound. We will be willing to guarantee that no normal person can or will use Peruna as a beverage. If any one thinks this remedy can

The Plattsmouth Journal

PUBLISHED WEEKLY AT PLATTSMOUTH, NEBRASKA
 R. A. BATES, PUBLISHER.

Entered at the postoffice at Plattsmouth, Nebraska, as second-class matter.
 "My work to the end of my life shall be devoted to the returning of this government to the people from whom it has been despoiled."—William J. Bryan.

SOUTH OMAHA business has organized a protective association, the object of which is to protect themselves against people who make a practice of neglecting bills. That would be the proper car in some other towns we know of.

It is with pleasure that the Journal notes that the democratic precinct committeemen are exercising their duties in the way of getting democrats out to the primaries Thursday, February 20. Are the ward committeemen doing their duty as well?

When those who fought Mr. Bryan so bitterly in his two campaigns for the presidency praise him so highly now, it looks very cheering for the noble Nebraskan. Every day new recruits are flocking to the side of Bryan and the common people.

Do you want the flood of last year repeated the coming season? If not, attend the meeting of the city council tonight, and show by your presence that you are interested in lowering the streets for the protection of property from the ravages of high waters.

The citizens of Lincoln are making an effort to purchase a forty-acre tract of timber land near that city for a park. If they succeed, which they no doubt will, it will be named "Bryan Park," and in the center of which will be erected a large statue of the greatest man of the present age. The movement is a laudable one, and money to purchase the land is being raised by private subscriptions. When the time comes to dedicate "Bryan Park" the people at the capital will have the satisfaction of seeing the largest crowd that ever visited that city.

WITH the proper sewerage as a preventing against floods, Plattsmouth can just as well as not increase its population to 7,000 mark in the next two or three years.

SENATOR BURKETT and Congressman Pollard do not seem to exhibit a friendly disposition toward one another over the collectorship. Have a care, Mr. Pollard. Burkett is a bigger man than you—not only in averdopolis, but politically speaking, as well.

THE State Journal says: "For two years we have contended that John A. Johnson, of Minnesota, is a great man." Of course he is, but the Journal would be the last paper on earth to say so much if it thought there was any possibility of Governor Johnson becoming the democratic candidate for the presidency.

THE citizens of Plattsmouth generally seem to be agitating the sewerage problem. That's just what they should do, and keep on doing, until the matter is fully settled and the work commenced. If one way costs more than another and the most expensive way is the best, let that method be adopted. Let the work be done right at all hazards.

AT the reception tendered Willie Taft at Kansas City Monday night, Willie Hayward, of Nebraska City was allowed an opportunity to shake hands and say a word of encouragement to the robust gentleman from Ohio. Just think of Willie Hayward boasting of shaking hands with Willie Taft, and Willie Hayward chairman of the great republican party of Nebraska!

THE Otoe county delegates to the democratic state convention have been selected, and they are instructed for H. H. Hanks for one the district delegates. The Cass county convention will meet on Saturday, February 22, and the delegates then selected will be instructed to use every effort to have Henry R. Gering elected as a delegate from the First district.

THE president seems to be treading the pathway between the "devil and the deep blue sea." No sooner does one of his former republican friends get

through firing it into him, than another pops up to take a whack at him. This time it is Senator Foraker, and the way he shoots direct from the shoulder, the dictator of his successor at the White certainly keeps very busy explaining why these attacks occur.

MR. CARNEGIE speaks as one with authority when he says that "no man succeeds simply by doing his duty." Duty had mighty little to do with the success achieved by Mr. Carnegie, whose fortune is monumental evidence of the power of a trust fortified by the protective tariff.

THE Lincoln papers eagerly refer to the factional fight of the democrats in Omaha as "a democratic feud." How about a republican feud at the state capital? From the tone of Senator Burkett's letter to Judge Field, it looks like one was brewing.

THE president denies that he is using the appointing power to further the candidacy of Willie Taft. He may deny it all he wants to, but the people will always look at it in the light that "actions speak louder than words." Everybody knows that Willie is Roosevelt's favorite for the republican nomination for president.

THE Jacksonian and Dahlgren factions of the democratic party of Omaha, seem to be at loggerheads over the selection of delegates to state convention. Shame on you, gentlemen. This is no time for democrats to row among themselves. Remember you live in Bryan's state, and that there should be no factional fights among the democrats of Nebraska, this year, especially.

THE Lincoln Star raps the State Journal pretty severely every once in a while. The Star says that the Journal opposes a state printery. Of course. When the figures show that the Journal company has collected over \$1,000,000 the state in thirteen years, and over \$100,000 from Lancaster county in the same length of time, is it any wonder that the managers of that paper is opposed to a state printery? Any newspaper with that kind of a graft would be foolish if they didn't.

THE next move on the part of President Roosevelt to save this country from disruption should be to advocate the election of Bryan to the presidency and a congress that will back him up in his reforms. The republican party is split, and the reform element of that party should throw their support to the man who advocates reform and principles in behalf of the people, regardless of party affiliation. The reform element of the republican party can never expect reform through support of candidates who are backed up by the special interests of this country.

A NUMBER of prominent democrats, among whom is Henry Watterson, who has opposed Mr. Bryan's candidacy until recently, tried awful hard to get up a boom for Governor Johnson, of Minnesota, but Mr. Watterson has resigned to the inevitable—the nomination of William Jennings Bryan. With the great commoner out the way, there is but little doubt that the democrats of the west would rally to the support of Governor Johnson. Way down deep in the hearts of the American people there is a feeling for Mr. Bryan that will wear off, and no other man can change that feeling—in the west, in the east, north or south.

THE Journal is pleased to note that there was a splendid attendance at the at the council chamber last night to give expression as to the best method of protection against future floods. The opinions of the citizens varied somewhat as to manner of the work, and it was finally referred to the proper committee, which will report at the next meeting of council. The council had just as well take the matter in hand first as last. They will have it to do. If they wait for a united voice of the citizens regarding the matter, the streets will never be lowered or anything else done in the way of protection against the destruction of property by future floods. The council has power to act in the matter, and there is no use of dilly-dallying about it. The work must be done, and commenced as soon as possible. Let the council unite on the matter, whether lowering the streets or

more extensive sewerage, and then act according to the dictates of their own consciences. To attempt to unite the citizens on either proposition, is futile.

Married in Otoe County.
 A special from Nebraska City, under date of February 11, says: "Charles Fleischmann, a prominent young farmer of Cass county, who lives near Nehawka, was married this noon to Miss Pearl May Pentimen, at the home of the bride's parents, Mr. and Mrs. Daniel Pentimen, in the northern part of this county. The wedding was a very elaborate one and a large number of guests were present."

In County Court.
 Today was set for the hearing of the appointment of an administrator for the estate of J. W. Thomas, and as an agreement could not be reached, the matter was continued until March 3.

Will Make South Omaha Their Home
 Philip Sauter was a visitor in the city this morning, looking around the city and renewing acquaintances. In the city of Los Angeles, in the far west Mrs. Sauter did not have good health, there being something about the climate which did not agree with here. So sometime since they removed to South Omaha, where they will make their home for the present. It is understood that Mr. Sauter has engaged in the Phonograph business in the metropolis.

Fire Department Meeting.
 Last evening being the regular meeting of the fire department, a goodly number of the laddies were present when the meeting was called to order by the president, John G. Claus, and the minutes were read by Secretary George B. Mann. The business of the meeting consisted mostly of routine matters, looking after the making of reports, and taking steps toward the betterment of the service. The matter of checking up the number of keys to the various fire houses was begun, but as a number of the members were not present, it could not be completed, but will be looked after by those having the matter in hand during the interval between this and the next meeting.

Chamberlain's Cough Remedy a Favorite
 "We prefer Chamberlain's Cough Remedy to any other for our children," says L. J. Woodbury of Twining, Mich. "It has also done the work for us in hard colds and croup, and we take pleasure in recommending it." For sale by F. G. Fricke & Co.

Mrs. Dalzell Still Very Sick.
 Mrs. Bertie C. Dalzell, who has been sick for some time with a complication of the grippe and neuralgia, is still no better. Her mother, Mrs. Della G. Cox came this morning from Watson, Mo., to see her and will stay during the remainder of the week and help care for her daughter.

Most people know that if they have been sick they need *Scott's Emulsion* to bring back health and strength.

But the strongest point about *Scott's Emulsion* is that you don't have to be sick to get results from it.

It keeps up the athlete's strength, puts fat on thin people, makes a fretful baby happy, brings color to a pale girl's cheeks, and prevents coughs, colds and consumption.

Food in concentrated form for sick and well, young and old, rich and poor.

And it contains no drugs and no alcohol.

ALL DRUGGISTS; 50c. AND \$1.00.
